Anecdotal Modernity James Dorson,Florian Sedlmeier,MaryAnn Snyder-Körber,Birte Wege,2020-12-16 Modernity is made and unmade by the anecdotal Conceived as a literary genre a narrative element of criticism and most crucially a mode of historiography the anecdote illuminates the convergences as well as the fault lines cutting across modern practices of knowledge production The volume explores uses of the anecdotal in exemplary case studies from the threshold of the early modern to the present *The Poetics of Information Overload* Paul Stephens,2015-07-30 Information overload is a subject of

vital ubiquitous concern in our time The Poetics of Information Overload reveals a fascinating genealogy of information saturation through the literary lens of American modernism Although technology has typically been viewed as hostile or foreign to poetry Paul Stephens outlines a countertradition within twentieth and twenty first century literature in which avant garde poets are centrally involved with technologies of communication data storage and bureaucratic control Beginning with Gertrude Stein and Bob Brown Stephens explores how writers have been preoccupied with the effects of new media since the advent of modernism He continues with the postwar writing of Charles Olson John Cage Bern Porter Hannah Weiner Bernadette Mayer Lyn Hejinian and Bruce Andrews and concludes with a discussion of conceptual writing produced in the past decade By reading these works in the context of information systems Stephens shows how the poetry of the past century has had as a primary focus the role of data in human life

John Updike and the Cold War Daniel Quentin Miller, 2001 One of the most enduring and prolific American authors of the latter half of the twentieth century John Updike has long been recognized by critics for his importance as a social commentator Yet John Updike and the Cold War is the first work to examine how Updike s views grew out of the defining context of American culture in his time the Cold War Quentin Miller argues that because Updike s career began as the Cold War was taking shape in the mid 1950s the world he creates in his entire literary oeuvre fiction poetry and nonfiction prose reflects the optimism and the anxiety of that decade
