Reflections on American Foreign Policy Since 1945 Christopher Coker,1989-01-01 **Reflections on American Foreign Policy Since 1945** John Sparkman,1975 Chauvinism of the West Shadia B. Drury,2024-09-27 This book is a critical exploration of the intellectual foundations of American foreign policy on the left and the right The left is inspired by Immanuel Kant s idea that spreading democracy is the key to universal peace The right is inspired by the realism of Thucydides Leo Strauss and Carl Schmitt The emphasis is on military power as a sign of superiority and a means to survival For the right spreading democracy is merely a ploy for building a global commercial empire to rival the British Drury gives reasons for rejecting both as manifestations of the chauvinism of the West **Books in Print** ,1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers *Public Library Catalog* Juliette Yaakov,2004 More than 8 000 books in the main volume More than 2 400 new titles in annual paperbound supplements More than 2 000 analytic entries for items in collections and anthologies The Cultural Cold War in Western Europe, 1945-1960 Giles Scott-Smith,Hans Krabbendam,2003 This book provides a cross section of case studies that highlight the connections between overt covert activities and cultural political agendas during the early Cold War **Diffidence And Ambition** Carlo Maria Santoro,2019-04-11 This book argues that the period of U S neutrality at the beginning of World War II was crucial in developing the concepts of interdependence and national security that remain integral to U S foreign policy today **The Cultural Cold War in Western Europe, 1945-60** Hans Krabbendam,Giles Scott-Smith,2004-03-01 The idea of the Cold War as a propaganda contest as opposed to a military conflict is being increasingly accepted This has led to a re evaluation of the relationship between economic policies political agendas and cultural activities in Western Europe post 1945 This book provides an important cross section of case studies that highlight the connections between overt covert activities and cultural political agendas during the early Cold War It therefore provides a valuable bridge between diplomatic and intelligence research and represents an important contribution towards our understanding of the significance and consequences of this linkage for the shaping of post war democratic societies **British Foreign Policy Since Versailles, 1919-1963** William Norton Medlicott,1968 **International Books in Print** ,1997
