Reflections on Violence Georges Sorel,2015-12-31 Reflections on Violence from Georges Sorel French syndicalist philosopher 1847 1922 **Sorel: Reflections on Violence** Georges Sorel,1999-11-04 Georges Sorel s Reflections on Violence 1908 remains a controversial text to this day It unashamedly advocates the use of violence as a means of putting an end to the corrupt politics of bourgeois democracy and of bringing down capitalism It is both dangerous and fascinating of enduring importance and interest to all those concerned about the nature of modern politics This new student edition of Sorel s classic text is accompanied by notes chronology and bibliography as well as a concise introduction to the context and content of this work *Reflections on Violence* Georges Sorel,2022-06-30 Reflections on Violence was an explosive and controversial book in 1906 and it remains so today In it Georges Sorel rejects the decadence of bourgeois democracy and calls for a heroic vitalism of the working class to be brought about by any means necessary including violence Sorel chastises the republicanism and parliamentary socialism of his day but his insights apply to any vanguardist movement making him of interest beyond the left and a precursor to fascism Drawing on Bergson Renan Vico and others Sorel underlines myth as the driving force behind political action and offers the myth of the general strike as the way forward for the syndicalist movement Sorel s insistence on the myth of the general strike can easily be transposed on to any group s quest for self determination and so his critiques of politicians of utopians and of moderates are as relevant today as they were a century ago In the Imperium Press edition the original translator s preface which defends Sorel s purging of democracy from socialism has been restored along with two of Sorel s essays not included in the original Hulme translation This edition also includes a foreword by Thomas777 and an essay on the historical context in which Sorel was writing Reflections on Violence (Classic Reprint) Georges Sorel,2015-07-11 Excerpt from Reflections on Violence Reflections on Violence was written by Georges Sorel in 1915 This is a 311 page book containing 102306 words Search Inside is enabled for this title About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Reflections on Violence* Georges Sorel,1915 In this classic text the author develops the ideas of violence myth and the general strike as the heroic actions of the proletariat His ideas would later be cited by Marxists and Fascists to support their non compliant and violent methods to strike at bourgeois culture **REFLECTIONS ON VIOLENCE** GEORGES. SOREL,2018 **Reflections on Violence** Georges Sorel,2017-07-25 For to M Sorel violence is

good both as an end and as a means violence is at once the condition and the essence of the higher morality or the sublime in ethics This sublimation of violence as a kind of moral tonic and renewer of lost energies raises questions which would carry us rather far afield into the domains of psychology and ethics of religion and philosophy and this is hardly the occasion for such an attractive excursion What is peculiar to M Sorel is the new or at any rate rather unfamiliar setting which he gives to the idea of violence the spiritual affinities for instance which he finds between proletarian violence and the philosophy both of Proudhon and of Bergson But M Sorel is equally notable for the violence he himself does to analogies It may be said indeed of him what he himself says in a particular context of Renan to such an extent indeed that an element of truth becomes distorted into an untruth into a falsity of extremes On the other hand the discerning reader will be able to sift the grain from the chaff and may then that M Sorel s polemic against moderation and compromise arbitration and opportunism has more than a negative value that his argument stripped of the extravagance of its trappings has a really arresting and illuminating quality and that in any case it has the rare and supreme merit of forcing the reader to think and to think furiously His book is at once original and thought provoking Sidney Ball The Economic Journal Vol 26 No 103 Sep 1916 pp 337 341 **Giorgio**

Agamben Tom Frost,2013-11-20 This book collects new contributions from an international group of leading scholars including many who have worked closely with Agamben to consider the impact of Agamben s thought on research in the humanities and social sciences Giorgio Agamben Legal Political and Philosophical Perspectives addresses the potential of Agamben s thought by re focusing attention away from his critiques of Western politics and towards his scheme for a political future Part I of the book draws upon a wide range of issues such as legal oaths legal reasoning and Christian conceptions of love in order to examine the potential for Agamben s work to impact upon future legal scholarship Part II focuses on political perspectives that include references to Marx Rousseau and Agamben s conception of the messianic Theology biology and the thought of Gilles Deleuze Walter Benjamin and Antonin Artaud are all drawn upon in Part III to explore philosophical perspectives in Agamben s thought This book demonstrates the importance and originality of Giorgio Agamben who has articulated a vision of politics that must be recognised as an influential contribution to modern philosophical and political thinking It is a book that will be of considerable interest to many working across the humanities and social sciences
