Reflections on World Civilization:

Reflection on Civilization Denny JA,2020-11-01 Civilization has many faces

One of its looks is the presence of Sophia in our midst It is a smart robot armed with artificial intelligence Its job is to help humans with the technological sophistication they have Furthermore civilization does not only present Sophia There is another thing that civilization shows Syria In Syria there is an endless civil war that has cost thousands of lives Of course there is a lot more to civilization During the last 17 Years 2002 2019 I ve crossed five continents from Australia to North Korea from Beijing to Prague then from Russia to Denmark I witnessed various civilizations ranging from the most ancient civilizations in Egypt to the most advanced civilizations in the United States France Norway and Great Britain starting from Mecca to Venice So many things that I saw So many encounters I had with the geniuses and the dead giants So deep and high are the achievements of art economics science and human s spirituality that I have observed There is also a great example the warriors advised me through their sacrifices Now I have put those entire encounters in this little book Civilizations are indeed very varied There s Sophia on the left and there s Syria On the right Hopefully Indonesia will not choose the wrong choice
