Reform and Reformation--England, 1509-1558 Geoffrey Rudolph Elton, 1977 **Social Reform and the Reformation** Jacob Salwyn Shapiro, 2009-02-05 Reform and reformation G. R. Elton, 1975 **Humanism, Reform, and Reformation in England** Arthur Joseph Slavin, 1969 *Reforming Reformation* Thomas F. Mayer, 2016-12-05

The Reformation used to be singular a unique event that happened within a tidily circumscribed period of time in a tightly constrained area and largely because of a single individual Few students of early modern Europe would now accept this view Offering a broad overview of current scholarly thinking this collection undertakes a fundamental rethinking of the many and varied meanings of the term concept and label reformation particularly with regard to the Catholic Church Accepting the idea of the Reformation as a process or set of processes that cropped up just about anywhere Europeans might be found the volume explores the consequences of this through an interdisciplinary approach with contributions from literature art history theology and history By examining a single topic from multiple interdisciplinary perspectives the volume avoids inadvertently reinforcing disciplinary logic a common result of the way knowledge has been institutionalized and compartmentalized in research universities over the last century The result of this is a much more nuanced view of Catholic Reformation and once that extends consideration much further both chronologically geographically and politically than is often accepted As such the volume will prove essential reading to anyone interested in early modern religious history **Catholic Perspectives on Reform** Seewald, Michael, 2022 The Catholic Church is under great pressure to change The list of debated topics is long women s rights same sex partnerships the involvement of the laity etc Michael Seewald makes it clear the Church could be more flexible than it is currently Discussions about reform move within a narrow dogmatic framework but this is only one of many possibilities Here Michael Seewald shows how it is possible for the Catholic Church to undergo fundamental reform while at the same time remaining itself **Reform and Renewal in the Middle Ages and the Renaissance** , 2022-04-19

Reform is one of the most significant themes spiritual and intellectual of the Middle Ages and it has both institutional and individual dimensions The Reformation crisis led to further variations on this crucial theme This volume examines the theme of Reform from a variety of viewpoints while covering more than four centuries Some contributions look at Apocalyptic dimensions in writings on reform Another focuses on the influence of Gerhart Ladner on the study of reforming themes and reform movements These articles will be useful for the study of intellectual history ecclesiastical history the history of spirituality and the study of Apocalypticism Contributors include Gregory S Beirich Christopher M Bellitto Gerald Christianson Thomas C Giangreco William V Hudon Lawrence F Hundersmarck Thomas M Izbicki Daniel Marcel La Corte Thomas E Morrissey Francis Oakley Joseph F O Callaghan Gilbert Ouy Robert Somerville Phillip H Stump and Morimichi Watanabe Publications by Louis B Pascoe S J Jean Gerson Principles of Church Reform ISBN 978 90 04 03645 1 Out of print Church and Reform Bishops Theologians and Canon Lawyers in the Thought of Pierre d Ailly 1351 1420 ISBN 978 90 04

14062 2 **Reformations** Carlos M. N. Eire, 2016-06-28 This fast paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg's printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind Reformations is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history **Reforming Priesthood in Reformation Zurich** Jon D. Wood, 2018-11-12 The dramatic task of reimagining clerical identity proved crucial to the Renaissance and Reformation Jon Wood brings new light to ways in which that discussion animated reconfigurations of church state and early modern populace End Times considerations of Christian religion had played a part in upheavals throughout the medieval period but the Reformation era mobilized that tradition with some new possibilities for understanding institutional leadership Perceiving dangers of an overweening institution on the one hand and anarchic priesthood of all believers on the other hand early Protestants defended legitimacy of ordained ministry in careful coordination with the state The early Reformation in Zurich emphatically disestablished traditional priesthood in favour of a state supported prophethood of exegetical linguistic expertise The author shows that Heinrich Bullinger's End Times worldview led him to reclaim for Protestant Zurich a notion of specifically clerical priesthood albeit neither in terms of statist bureaucracy nor in terms of the traditional sacramental character that his precursor Huldrych Zwingli had dismantled Clerical priesthood was an extraordinarily fraught subject in the sixteenth century especially in the Swiss Confederation Heinrich Bullinger's private manuscripts helpfully supplement his more circumscribed published works on this subject The argument about reclaiming a modified institutional priesthood of Protestantism also prompts re assessment of broader Reformation history in areas of church state coordination and in major theological concepts of covenant and justification that defined religious confessional distinctions of that era [English Synonymes Explained](#) George Crabb, 1816
