The Reformation of the Dead C. Koslofsky,1999-10-21 Koslofsky examines the human encounter with death in Germany from the eve of the Reformation to the rise of Pietism The Protestant Reformation transformed the funeral more profoundly than any other ritual of the traditional church Luther s doctrine of salvation by faith alone made the foundation of the traditional funeral intercession for the dead in Purgatory obsolete By drawing on anthropological interpretations of death ritual this study explores the changing relationships between the body the soul the living and the dead in the daily life of early modern Germany

The Reformation of the Dead C. Koslofsky,2000-01-28 Koslofsky examines the human encounter with death in Germany from the eve of the Reformation to the rise of Pietism The Protestant Reformation transformed the funeral more profoundly than any other ritual of the traditional church Luther s doctrine of salvation by faith alone made the foundation of the traditional funeral intercession for the dead in Purgatory obsolete By drawing on anthropological interpretations of death ritual this study explores the changing relationships between the body the soul the living and the dead in the daily life of early modern Germany

The Oxford Handbook of the Protestant Reformations Ulinka Rublack,2017 This Handbook takes a broad overview of the Protestant Reformations seeing them as movements which stretched far beyond their European beginnings Written by a team of international scholars of history and theology the contributions offer up to date perspectives on Reformation ideas and the lasting historical impact of Protestantism

Reforming the Art of Dying Austra Reinis,2016-12-05 The Reformation led those who embraced Martin Luther s teachings to revise virtually every aspect of their faith and to reorder their daily lives in view of their new beliefs Nowhere was this more true than with death By the beginning of the sixteenth century the Medieval Church had established a sophisticated mechanism for dealing with death and its consequences The Protestant reformers rejected this new mechanism To fill the resulting gap and to offer comfort to the dying they produced new liturgies new church orders and new handbooks on dying This study focuses on the earliest of the Protestant handbooks beginning with Luther s Sermon on Preparing to Die in 1519 and ending with Jakob Otter s Christlich leben vnd sterben in 1528 It explores how Luther and his colleagues adopted traditional themes and motifs even as they transformed them to accord with their conviction that Christians could be certain of their salvation It further shows how Luther s colleagues drew not only on his teaching on dying but also on other writings including his sermons on the sacraments The study concludes that the assurance of salvation offered in the Protestant handbooks represented a significant departure from traditional teaching on death By examining the ways in which the themes and teachings of the reformers differed from the late medieval ars moriendi the book highlights both breaks with tradition and continuities that marked the early Reformation

Jewish Identity in Early Modern Germany Dean Phillip Bell,2016-05-06 Although Jews in early modern Germany produced little in the way of formal historiography Jews nevertheless engaged the past for many reasons and in various and surprising ways They narrated the past in order to

enforce order empower authority and record the traditions of their communities In this way Jews created community structure and projected that structure into the future But Jews also used the past as a means to contest the marginalization threatened by broader developments in the Christian society in which they lived As the Reformation threw into relief serious questions about authority and tradition and as Jews continued to suffer from anti Jewish mentality and politics narration of the past allowed Jews to re inscribe themselves in history and contemporary society Drawing on a wide range of sources including chronicles liturgical works books of customs memorybooks biblical commentaries rabbinic responsa and community ledgers this study offers a timely reassessment of Jewish community and identity during a frequently turbulent era It engages but then redirects important discussions by historians regarding the nature of time and the construction and role of history and memory in pre modern Europe and pre modern Jewish civilization This book will be of significant value not only to scholars of Jewish history but anyone with an interest in the social and cultural aspects of religious history **Dying,**

Death, Burial and Commemoration in Reformation Europe Elizabeth C. Tingle, Jonathan Willis, 2016-03-09 In recent years the rituals and beliefs associated with the end of life and the commemoration of the dead have increasingly been identified as of critical importance in understanding the social and cultural impact of the Reformation The associated processes of dying death and burial inevitably generated heightened emotion and a strong concern for religious propriety the ways in which funerary customs were accepted rejected modified and contested can therefore grant us a powerful insight into the religious and social mindset of individuals communities Churches and even nation states in the post reformation period This collection provides an historiographical overview of recent work on dying death and burial in Reformation and Counter Reformation Europe and draws together ten essays from historians literary scholars musicologists and others working at the cutting edge of research in this area As well as an interdisciplinary perspective it also offers a broad geographical and confessional context ranging across Catholic and Protestant Europe from Scotland England and the Holy Roman Empire to France Spain and Ireland The essays update and augment the body of literature on dying death and disposal with recent case studies pointing to future directions in the field The volume is organised so that its contents move dynamically across the rites of passage from dying to death burial and the afterlife The importance of spiritual care and preparation of the dying is one theme that emerges from this work extending our knowledge of Catholic ars moriendi into Protestant Britain Mourning and commemoration the fate of the soul and its post mortem management the political uses of the dead and their resting places emerge as further prominent themes in this new research Providing contrasts and comparisons across different European regions and across Catholic and Protestant regions the collection contributes to and extends the existing literature on this important historiographical theme Bach and the Meanings of Counterpoint David Yearsley, 2002-11-14 In Bach s Germany musical counterpoint was an art involving much more than the sophisticated use of advanced compositional techniques A range of theological cultural social and political meanings attached themselves to the

use of complex procedures such as canon and double counterpoint This book explores the significance of Bach's counterpoint in a range of interrelated contexts its use as a means of reflecting on death its parallels to alchemy its vexed status in the galant music culture of the first half of the eighteenth century its value as a representation of political power and its central importance in the creation of Bach's image in the nineteenth and twentieth centuries Touching on a wide array of contemporary literary philosophical critical and musical texts the book includes new readings of many of Bach's late works in order to re-evaluate the status and meaning of counterpoint in Bach's work and legacy

The Sacralization of Space and Behavior in the Early Modern World Jennifer Mara DeSilva, 2016-03-09 In the Early Modern period as both reformed and Catholic churches strove to articulate orthodox belief and conduct through texts sermons rituals and images communities grappled frequently with the connection between sacred space and behavior The Sacralization of Space and Behavior in the Early Modern World explores individual and community involvement in the approbation reconfiguration and regulation of sacred spaces and the behavior both animal and human within them The individual's understanding of sacred space and consequently the behavior appropriate within it depended on local need group dynamics and the dissemination of normative expectations While these expectations were defined in a growing body of confessionalizing literature locally and internationally traditional clerical authorities found their decisions contested circumvented or elaborated in order to make room for other stakeholders activities and needs To clearly reveal the efforts of early modern groups to negotiate authority and the transformation of behavior with sacred space this collection presents examples that allow the deconstruction of these tensions and the exploration of the resulting campaigns within sacred space Based on new archival research the eleven chapters in this collection examine diverse aspects of the campaigns to transform Christian behavior within a variety of types of sacred space and through a spectrum of media These essays give voice to the arguments exhortations and accusations that surrounded the activities taking place in early modern sacred space and reveal much about how people made sense of these transformations

Teaching the Reformation Amy Nelson Burnett, 2006-10-12 Though the Reformation was sparked by the actions of Martin Luther it was not a decisive break from the Church in Rome but rather a gradual process of religious and social change As the men responsible for religious instruction and moral oversight at the village level parish pastors played a key role in the implementation of the Reformation and the gradual development of a Protestant religious culture but their ministry has seldom been examined in the light of how they were prepared for the pastorate Teaching the Reformation examines the four generations of Reformed pastors who served the church of Basel in the century after the Reformation focusing on the evolution of pastoral training and Reformed theology the theory and practice of preaching and the performance of pastoral care in both urban and rural parishes It looks at how these pastors were educated and what they learned examining not only the study of theology but also the general education in languages rhetoric and dialectic that future pastors received at the city's Latin school and in the arts faculty of the university It points to significant changes over

time in the content of that education which in turn separated Basels pastors into distinct generations The study also looks more specifically at preaching in Basel demonstrating how the evolution of dialectic and rhetoric instruction and particularly the spread of Ramism led to changes in both exegetical method and homiletics These developments combined with the gradual elaboration of Reformed theology resulted in a distinctive style of Reformed Orthodox preaching in Basel The development of pastoral education also had a direct impact on how Basels clergy carried out their other duties catechization administering the sacraments counseling the dying and consoling the bereaved and overseeing the moral conduct of their parishioners The growing professionalization of the clergy the result of more intensive education and more stringent supervision contributed to the gradual implantation of a Reformed religious culture in Basel
