Domestic Reforms Chris Clarkson, 2011-11-01 Domestic Reforms tells a complicated story of family and welfare law reform within the context of British Columbia's transformation from a British colonial enclave to a white settler Canadian province It inherited a British legal system that granted married men control over most family property and imposed few obligations on them toward their wives and children Yet from the 1860s onward lawmakers throughout the Anglo American world including legislators on the Pacific Coast began to grant women and children new rights Feminist scholars have long debated the reasons for these reforms Why did male legislators choose to depart from patriarchal norms enacting laws that eroded husbands control over property and increased their obligations More important what were the legal and social consequences Chris Clarkson examines three waves of property inheritance and maintenance law reform arguing that each was related to a broader political vision intended to precipitate vast social and economic effects He analyzes the impact of the legislation with emphasis on the ambitions of regulated populations the influence of the judiciary and the social and fiscal concerns of generations of legislators and bureaucrats

At the Bridge Wendy Wickwire, 2019-06-01 At the Bridge chronicles the little known story of James Teit a prolific ethnographer who from 1884 to 1922 worked with and advocated for the Indigenous peoples of British Columbia and the northwestern United States From his base at Spences Bridge BC Teit forged a participant based anthropology that was far ahead of its time Whereas his contemporaries including famed anthropologist Franz Boas studied Indigenous peoples as members of dying cultures Teit worked with them as members of living cultures resisting colonial influence over their lives and lands Whether recording stories mapping place names or
