**Summary of The Pegan Diet** Alexander Cooper, 2021-05-17 Summary of The Pegan Diet Another diet book Aren't we all fed up with diet books already and all the contention and confusion Yes indeed We definitely are So what's the purpose of another diet book Well the Pegan Diet is nothing but user centered that is it focuses attention on you as an individual It doesn't set strict limits and restrictions of do's and don'ts but only offers the best way to apply to your body type It takes the best from both the Paleo and Vegan worlds to reconcile the best principles applicable to anyone who wants to eat healthily Hyman divides the book into 21 easy principles that anyone can follow He explains the principles without using challenging scientific jargon but uses a welcoming approach Healthy living should be accessible to everyone What's more his wholesome strategy also offers tips on how to eat healthy on a budget Whoever said only the wealthy could eat good and live long He concludes the final chapter Cook the Pegan Way by detailing easy recipes throughout the day for anyone getting started on a Pegan Diet After years of feuds and diet wars it's about time to address humanity and food's primary concerns The focus should be on shifting people's attention from the number one killer today our modern industrial diet We should focus on a radical shift from an obesogenic disease causing nutrient depleted diet to one rich in whole foods and protective nutrients that promote weight loss health and well being That's the sole intent of the Pegan Diet not to market and sell another diet regime but to find the best in all meal plans and maximize that Perhaps this would help us minimize the more than 11 million people worldwide who lose their lives annually on our modern diet It's about time we took a stand to change how we grow produce distribute and consume food globally if we desire a more productive society It's about time we reconfigured and restructured our food philosophy and understood the immense power
