## **Researching Language:**

Projects in Linguistics Alison Wray, Aileen Bloomer, 2006 Projects in Linguistics is a unique and essential guide for anyone doing a research project in language and linguistics With orientation overviews of the main areas of enquiry typically targeted by students it offers practical help in identifying a topic finding background reading planning and designing a study collecting and analysing data and writing a convincing account With over 300 practical ideas for projects that can be used directly or adapted to suit different contexts and interests and with chapters on how to reference and how to avoid plagiarism Projects in Linguistics belongs on the bookshelf of every student studying language and linguistics Aimed at undergraduates it will also be invaluable to both pre university and postgraduate students *Teaching & Researching: Language Learning Strategies* Rebecca L. Oxford, 2013-11-26 New to the regarded Applied Linguistics in Action series this accessible and informative book redraws the language learning strategy landscape In this book Rebecca Oxford offers practical innovative suggestions for assessing teaching and researching language learning strategies she provides examples of strategies and tactics from all levels from beginners to distinguished level learners as well as a new taxonomy of strategies for language learning

**Researching Language and Social Media** Ruth Page, David Barton, Carmen Lee, Johann Wolfgang Unger, Michele Zappavigna, 2022-02-27 Researching Language and Social Media A Student Guide introduces the linguistic frameworks currently used to analyse language found in social media contexts This highly accessible guidebook outlines the practical steps and ethical guidelines entailed when gathering linguistic data from social media sites and platforms In this new edition the authors update the range of social media interactions used as examples and draw attention to important developments such as fake news and new areas of debate such as hate speech Expanding the geographical and multilingual aspects this edition also includes examples from Asia and the Arabic speaking world With updated methods that help students study the language of social media from a multimodal perspective the recent uptake in image sharing video chat and graphicons will also be addressed Each chapter begins with a clear summary of the topics covered and also suggests sources for further reading to supplement the initial discussion and case studies This timely book is an essential guide for students of English language and linguistics media and communication studies

**Researching Language in Superdiverse Urban Contexts** Clare Mar-Molinero, 2020-09-22 This book contributes to understanding research approaches for studying multilingualism in the context of contemporary superdiversity in environments that are being dramatically transformed by transnational migration and movement of peoples It explores language in urban contexts the city as a site for experimentation and creativity in language practices This involves considering theoretical frameworks in which to examine these practices but above all it focuses on how we do or could do research into these language practices and their users What methodologies are we using to understand urban linguistic contexts What do we want to learn The chapters explore complex and challenging situations capturing the evolution of new forms of language practice and changing attitudes

to language in the city

**Routledge Handbook of Technological Advances in Researching Language Learning**

Karim Sadeghi, 2024-11-29 The Routledge Handbook of Technological Advances in Researching Language Learning is the first volume to bring together the extant scholarship on the nature and role of digital technology in conducting second language research The Handbook showcases technological advances including issues and considerations affecting research conduction in second language education The contributions focus on the role of digital technology in researching second language education second language acquisition and applied linguistics Contributions by both seasoned and junior scholars feature empirical studies and methodological and or theoretical discussions of technological tools used or tools that can be used for conducting research into various aspects of second language learning and acquisition This book will primarily appeal to academic specialists practitioners and professionals in the field of applied linguistics and second language education The book will also be informative for scholars and professionals in disciplines such as educational technology and TESOL

**Researching Language Teacher Cognition and Practice**

Roger Barnard, Anne Burns, 2012-09-03 This book presents a wide range of methodological perspectives on researching what teachers think and do in language teaching It contains chapters by the editors and a leading teacher cognition researcher that highlight key themes as well as eight case studies by new researchers recounting their experience of designing and using data collection tools

**Researching Language, Text and Technology in Translation** Tengku Sepora Tengku Mahadi, 2022-11-03 With the intention to show to the world the rigor of translation research Researching Language Text and Technology in Translation came forward with a collection of recent translation studies focusing on the aspects of language text and technology in relation to translation There is a total of seven studies with the first chapter presenting the validity of translation research while the rest portraying many different topics such as the difference between human and machine translation when translating the memoir of Tun Dr Mahathir Mohamad the translation of cultural humor for animated comedies a look into the colonial perspective when it comes to translating literature from the east and various other topics that are both interesting and bring many different cultures around the world into view This book can benefit academics students particularly research and graduate students translators and those who are interested in language and translation It is hoped that its casual yet educational content can open minds and stimulate ideas among its readers especially in the terms of translation and of how it connects the world together

**Researching Language Learning Motivation**

Ali H. Al-Hoorie, Fruzsina Szabó, 2022-01-27 One of the most active areas in the field of second language acquisition language learning motivation is a burgeoning area of research Yet the plethora of new ideas and research directions can be confusing for newcomers to the discipline to navigate Offering concise bite size overviews of key contemporary research concepts and directions this book provides an invaluable guide to the contemporary state of the field Making the discussion of key topics accessible to a wider audience each chapter is written by a leading expert and reflects on cutting edge research issues From well established concepts such as engagement and

learning goals to emerging ideas including contagion and plurilingualism this book provides easy to understand overviews and analysis of key contemporary themes Helping readers understand a field which can appear highly technical and overwhelming Researching Language Learning Motivation provides valuable insights perspectives and practical applications

Researching Language Deborah Cameron, Kay Richardson, 2020-03-10 Originally published in 1992 This book discusses the possibilities of developing the research process in social science so that it benefits the subjects as well as the researcher The authors distinguish between ethical advocate and empowering approaches to the relationship between researcher and researched linking these to different ideas about the nature of knowledge action language and social relations They then use a series of empirical case studies to explore the possibilities for empowering research The book is the product of dialogue between researchers from a range of disciplines anthropology cultural studies sociology and linguistics and is for those working across the social sciences Through combination of philosophical discussion methodological recommendation and case study illustration it provides guidance that is practical without being simplistic Research Methods in Applied Linguistics Brian Paltridge, Aek Phakiti, 2015-08-27 Research Methods in Applied Linguistics is designed to be the essential one volume resource for students The book includes qualitative quantitative and mixed methods research techniques and approaches ethical considerations sample studies a glossary of key terms resources for students As well as covering a range of methodological issues it looks at numerous areas in depth including language learning strategies motivation teacher beliefs language and identity pragmatics vocabulary and grammar Comprehensive and accessible this is the essential guide to research methods for undergraduate and postgraduate students in applied linguistics and language studies
