docente las decisiones sobre el currículum y las prácticas de enseñanza que sostienen los documentos elaborados por el Consejo Federal de Educación. Se trata de una sistematización de un corpus de más de un centenar de documentos que son analizados a partir de las relaciones de su contenido con el contexto sociopolítico y las categorías del campo de la Didáctica. La autora invita de este modo a transitar continuidades y rupturas en varios contextos que ponen en diálogo formación docente, enseñanza y currículum e insiste como afirma Adela Coria en el prólogo en que enseñar es político y que siempre la palabra emerge no como destino inexorable vuelve renovada para hablar de lo que se trata en cada momento histórico.
