

Christ said, "Resist not evil", and we do not understand it until we discover that it is not only moral but actually the best policy, for anger is loss of energy to the man who displays it. You should not allow your minds to come into those brain-combinations of anger and hatred.

Christian Non-resistance Adin Ballou, 1846 Discover the Truth About Jesus and the Secrets of Bible M. M.
Mangasarian, 2020-12-17 Discover the Truth About Jesus and the Secrets of Bible offers a series of studies on the question of
the historicity of Jesus presented before the Independent Religious Society in Orchestra Hall In The Bible Unveiled
Mangasarian presents numerous evidences which prove that the Bible is not an authentic book but a compilation of older
myths and legends *Religion from Tolstoy to Camus* Dr. Walter Kaufmann, 2017-07-31 First published in 1961 this volume
brings together basic writings and religious truths and morals from a wide range of sources Tolstoy Dostoevsky Plus II Leo

XIII Nietzsche James Royce Wilde Freud Niem ller Barth Maritain Tillich Schweitzer Buber Camus and others all have sought the religious truth about man and have in the last three quarters of our century made great contributions to religious thought critical often of the accepted and fashionable religion of their day but greatly concerned to purify religion as they understood it Dr Waller Kaufman of Princeton University who has already written extensively on philosophy and religion supplies an editorial and critical note for each of his subject thus providing valuable continuity and evaluation Such a book as this deserves a place in all libraries public and private so that it will be possible to quote these men from knowledge rather than hearsay many times removed from the original The point is not to win friends for religion or enemies but to provoke greater thoughtfulness Here are texts that deserve to be pondered and discussed Some of them I have criticized in other volumes in such cases the references are given But in the present book nothing is included merely to be disparaged nor is anything offered only to be praised The hope is that those who read this book will gain a deeper understanding of religion Walter Kaufmann Preface

Extremist for Love Rufus Burrow Jr. ,2014-01-01 In spite of extensive research and publishing on King insufficient attention has been given to the convergence of ideas and action in his life In an era where people are often sorted into the categories of thinker and doer King stands out a rare mix of the deeply profound thinker and intellect who put the fruit of that reflection into the service of direct social action *Christian non-resistance, in all its important bearings, illustrated and defended* Adin Ballou,1848

The Bible Unveiled M. M. Mangasarian,2022-11-13 In The Bible Unveiled M M Mangasarian offers a critical examination of biblical texts employing a rationalist perspective that challenges traditional interpretations This thought provoking work critiques the foundations of religious belief by dissecting the historical and social contexts that shaped the scriptures Mangasarian s incisive prose and rigorous analysis position the work within the broader discourse of religious skepticism prevalent in the early 20th century echoing the sentiments of contemporaneous thinkers questioning dogma and advocating for a more empirical understanding of spirituality M M Mangasarian was an Armenian American rationalist and a vocal proponent of free thought His diverse background and personal experiences within a religious framework informed his philosophical journey leading him to explore the intersection of faith reason and morality The tensions between his upbringing and the burgeoning secular ideologies of his time enabled Mangasarian to craft an argument that resonates with those seeking to reconcile belief with rational inquiry The Bible Unveiled is essential reading for anyone intrigued by religious critique or the search for truth beyond dogma Mangasarian s eloquent and fearless exploration encourages readers to engage thoughtfully with sacred texts while navigating the complexities of faith in an increasingly rational world *Christianity and Resistance in the 20th Century* Soren von Dosenrode,Sören Zibrandt von Dosenrode-Lynge,2009 How is the Christian supposed to act when his or her government misbehaves Should one suffer and obey the authority or should one render resistance and if so should it be passive or active and if active should it be violent or not This book will not provide the answer to this question but it will describe and analyse important persons of the 20th

century who were placed in a situation where they did not merely turn the other cheek but felt that they had to resist a regime a decision which had consequences for them all Thus the book provides insight to a central and current question of Christian and indeed religious thinking Rediscovering Faithfulness Kenneth W. M. Wozniak,2024-07-09 What does faithfulness mean for modern Christians who find themselves immersed in a social and moral context two millennia removed from that of Jesus As a notion endorsed by Christians universally irrespective of church tradition geographic location economic and political milieu or spiritual experience faithfulness is essential to mature Christian living Yet many in the modern church have lost or perhaps forgotten the true nature of faithfulness and thus have wandered from that which God envisages for believers Rediscovering what faithfulness entails however is altogether possible Theological ethicist Kenneth W M Wozniak takes the reader on a journey of encounter looking to the earliest Christians and their understanding of fidelity to the way of Jesus as a model for believers today and as the means by which the essence of faithfulness rooted not in adherence to a performance standard but rather in personal cultivation of the divine character the Jesus way not only can be discovered but also embraced and enjoyed by the one who aspires to align with the very being of God **Theosophy** ,1912
