

Resistance to Reconstruction

Many white Southerners who held power before the Civil War, known as **conservatives**, wanted the South to change as little as possible. They were willing to let Africans vote and hold a few offices. Other Southerners took a harsher view. They spread terror to African Americans and anybody who supported them.

They formed secret societies to try to help the South regain its power. The most dangerous group was the **Ku Klux Klan**, or KKK. Dressed in white robes and hoods to cover their heads. They used violence to murder and scare African Americans and their allies. In 1870, Congress acted to stop the KKK's violence. Congress made it a crime to use force to keep people from voting.

Resistance And Reconstruction:

Massive Resistance Clive Webb, 2005-07-21 On May 17 1954 in *Brown v Board of Education* the United States Supreme Court ruled that racial segregation in public schools was unconstitutional When the court failed to specify a clear deadline for implementation of the ruling southern segregationists seized the opportunity to launch a campaign of massive resistance against the federal government What were the tactics the ideology the strategies of segregationists This collection of original essays reveals how the political center in the South collapsed during the 1950s as opposition to the Supreme Court decision intensified It tracks the ingenious legal and often extralegal means by which white southerners rebelled against the ruling how white men fell back on masculine pride by ostensibly protecting their wives and daughters from the black menace how ideals of motherhood were enlisted in the struggle for white purity and how the words of the Bible were invoked to legitimize white supremacy Together these essays demonstrate that segregationist ideology far from a simple assertion of supremacist doctrine was advanced in ways far more imaginative and nuanced than has previously been assumed **Resistance and**
