history and specifically black American history *Literary Celebrity and Public Life in the Nineteenth-Century United States* Bonnie Carr O'Neill, 2017-10-15 Through extended readings of the works of P T Barnum Walt Whitman Ralph Waldo Emerson Frederick Douglass and Fanny Fern Bonnie Carr O'Neill shows how celebrity culture authorizes audiences to evaluate public figures on personal terms and in so doing reallocates moral intellectual and affective authority and widens the public sphere O'Neill examines how celebrity culture creates a context in which citizens regard one another as public figures while elevating individual public figures to an unprecedented personal fame Although this new publicity fosters nationalism it also imbues public life with personal feeling and transforms the public sphere into a site of divisive emotionally intense debate Further O'Neill analyzes how celebrity culture's scrutiny of the lives and personalities of public figures collapses distinctions between the public and private spheres and as a consequence challenges assumptions about the self and personhood Celebrity culture intensifies the complex emotions and debates surrounding already fraught questions of national belonging and democratic participation even as for some it provides a means of redefining personhood and cultural identity O'Neill offers a new critical approach within the growing scholarship on celebrity studies by exploring the relationship between the emergence of celebrity culture and civic discourse Her careful readings unravel the complexities of a form of publicity that fosters both mass consumption and cultural criticism **A Companion to African American Literature** Gene Andrew Jarrett, 2013-02-25 Through a series of essays that explore the forms themes genres historical contexts major authors and latest critical approaches *A Companion to African American Literature* presents a comprehensive chronological overview of African American literature from the eighteenth century to the modern day Examines African American literature from its earliest origins through the rise of antislavery literature in the decades leading into the Civil War to the modern development of contemporary African American cultural media literary aesthetics and political ideologies Addresses the latest critical and scholarly approaches to African American literature Features essays by leading established literary scholars as well as newer voices Race Mixture in Nineteenth-Century U.S. and Spanish American Fictions Debra J. Rosenthal, 2005-10-12 Race mixture has played a formative role in the history of the Americas from the western expansion of the United States to the political consolidation of emerging nations in Latin America Debra J Rosenthal examines nineteenth century authors in the United States and Spanish America who struggled to give voice to these contemporary dilemmas about interracial sexual and cultural mixing Rosenthal argues that many literary representations of intimacy or sex took on political dimensions whether advocating assimilation or miscegenation or defending the status quo She also examines the degree to which novelists reacted to beliefs about skin differences blood taboos incest desire or inheritance laws Rosenthal discusses U S authors such as James Fenimore Cooper Catharine Maria Sedgwick Walt Whitman William Dean Howells and Lydia Maria Child as well as contemporary novelists from Cuba Peru and Ecuador such as Gertrudis Gomez de Avellaneda Clorinda Matto de Turner and Juan Leon Mera With her multinational approach Rosenthal explores the significance of racial hybridity to national and

literary identity and participates in the wider scholarly effort to broaden critical discussions about America to include the Americas

White Scholars/African American Texts Lisa Long, 2005-09-02 What makes someone an authority What makes one person's knowledge more credible than another's In the ongoing debates over racial authenticity some attest that we can know each other's experiences simply because we are all human while others assume a more skeptical stance insisting that racial differences create unbridgeable gaps in knowledge Bringing new perspectives to these perennial debates the essays in this collection explore the many difficulties created by the fact that white scholars greatly outnumber black scholars in the study and teaching of African American literature Contributors including some of the most prominent theorists in the field as well as younger scholars examine who is speaking what is being spoken and what is not and why framing African American literature in terms of an exclusive black white racial divide is problematic and limiting In highlighting the whiteness of some African Americanists the collection does not imply that the teaching or understanding of black literature by white scholars is definitively impossible Indeed such work is not only possible but imperative Instead the essays aim to open a much needed public conversation about the real and pressing challenges that white scholars face in this type of work as well as the implications of how these challenges are met

Clotel William Wells Brown, 2016-05-02 As nearly all of its reviewers pointed out *Clotel* was an audience minded performance an effort to capitalize on the post Uncle Tom's Cabin mania for abolitionist fiction in Great Britain where William Wells Brown lived between 1849 and 1854 The novel tells the story of Clotel and Althesa the fictional daughters of Thomas Jefferson and his mixed race slave Like the popular and entertaining public lectures that Brown gave in England and America *Clotel* is a series of startling attention grabbing narrative attractions Brown creates in this novel a delivery system for these attractions in an effort to draw as many readers as possible toward anti slavery and anti racist causes Rough studded with caricatures and intimate with the racism it ironizes *Clotel* is still capable of creating a potent mix of discomfort and delight This edition aims to make it possible to read *Clotel* in something like its original cultural context Geoffrey Sanborn's Introduction discusses Brown's extensive plagiarism of other authors in composing *Clotel* as well as his narrative strategies within the novel itself Appendices include material on slave auctions contemporary attractions and amusements and the topic of plagiarism more broadly

Early African American Print Culture Lara Langer Cohen, Jordan Alexander Stein, 2012-09-06 The eighteenth and nineteenth centuries saw both the consolidation of American print culture and the establishment of an African American literary tradition yet the two are too rarely considered in tandem In this landmark volume a stellar group of established and emerging scholars ranges over periods locations and media to explore African Americans diverse contributions to early American print culture both on the page and off The book's chapters consider domestic novels and gallows narratives Francophone poetry and engravings of Liberia transatlantic lyrics and San Francisco newspapers Together they consider how close attention to the archive can expand the study of African American literature well beyond matters of authorship to include issues of editing illustration

circulation and reading and how this expansion can enrich and transform the study of print culture more generally

Frances E. W. Harper Utz McKnight, 2020-10-22 Free Black woman poet novelist essayist speaker and activist Frances Watkins Harper was one of the nineteenth century's most important advocates of Abolitionism and female suffrage and her pioneering work still has profound lessons for us today In this new book Utz McKnight shows how Harper's life and work inspired her contemporaries to imagine a better America He seeks to recover her importance by examining not only her vision of the possibilities of Emancipation but also her subsequent role in challenging Jim Crow He argues that engaging with her ideas and writings is vital in understanding not only our historical inheritance but also contemporary issues ranging from racial violence to the role of Christianity This lucid book is essential reading not only for students of African American history but also for all progressives interested in issues of race politics and society **Slavery, Capitalism, and Women's**

Literature Kristin Allukian, 2023-08 With *Slavery Capitalism and Women's Literature* Kristin Allukian makes an important contribution to slavery and capitalism scholarship by including the voices of some of the best known nineteenth century American women writers Women's literature offers crucial and previously unconsidered economic insights into the relationship between slavery and capitalism different from those we typically find in economics and economic histories Allukian demonstrates that because women's imaginative and creative texts take the material historical connection of slavery and capitalism as their starting point they can be read for the more speculative extensions of that connection extensions not possible to discover on a material historical level Indeed Allukian contends these authors and texts disclose unique economic insights critiques and theories in ways that are only possible through literary writing The writers featured in this study Harriet Beecher Stowe Lucy Larcom Harriet Jacobs and Frances Ellen Watkins Harper published written accounts of the continuities between slavery and capitalism including between language and activism accounting and sentimentalism labor and technology race and property and inheritance and reparations Their essays novels poems and autobiographies provided forums to document data stimulate debate generate resistance and imagine alternatives to the United States developing capitalist economy engined and engineered by slavery Without their unique economic insights the national narrative we tell about the relationship between slavery and capitalism is incomplete *The Cambridge History of the American Novel*

Nelson, 2000-01-30 There has been a dramatic resurgence of interest in early African American writing Since the accidental rediscovery and republication of Harriet Wilson s *Our Nig* in 1983 the works of dozens of 19th and early 20th century black writers have been recovered and reprinted There is now a significant revival of interest in the Harlem Renaissance of the 1920s and in the last decade alone several major assessments of 18th and 19th century African American literature have been published Early African American literature builds on a strong oral tradition of songs folktales and sermons Slave narratives began to appear during the late 18th and early 19th century and later writers began to engage a variety of themes in diverse genres A central objective of this reference book is to provide a wide ranging introduction to the first 200 years of African American literature Included are alphabetically arranged entries for 78 black writers active between 1745 and 1945 Among these writers are essayists novelists short story writers poets playwrights and autobiographers Each entry is written by an expert contributor and provides a biography a discussion of major works and themes an overview of the author s critical reception and primary and secondary bibliographies The volume concludes with a selected general bibliography
