Vesperi, 1995-08-30 This is the only collection of its kind to offer an inside view of life and work in contemporary nursing homes with the purpose of developing a theory of the culture of long term care The anthropological research in nursing homes presented here produces a seldom seen native view of patients staff and the day to day workings of American nursing homes The use of ethnographic methods penetrates the reality barriers found in industry descriptions muck raking discourse and general societal aversion toward nursing homes The tensions found between and within staff culture and patient culture are explored in terms of adaptations to institutional life in the context of current policy and the larger American ageist culture Elder Abuse and Neglect in Residential Settings Frank Glendennina, Paul Kingston, 2014-06-03 Elder Abuse and Neglect in Residential Settings Different National Backgrounds and Similar Responses contains insights and examples from other countries where elder abuse and neglect have been recognized as an issue requiring social policy attention Nursing home employees as well as professionals and policymakers will explore the physical as well as the psychological aspects of neglect in nursing homes Elder Abuse and Neglect in Residential Settings discusses deliberate physical abuse and more common forms of neglect and abuse such as bedsores poor nutrition improper medication and vermin infestation Let this informative guide help you recognize the causes of elder abuse and neglect in order to prevent the same problems in your nursing home Examining nursing home settings in America Canada England Sweden the United Kingdom and South Africa to bring you firsthand accounts of the problems of elder abuse on a multicultural level It also examines reasons for abuse and neglect such as poor wages long hours low job prestige of nurses aides and high exhaustion levels that have led to abuse and neglect by even the most caring individual Through Elder Abuse and Neglect in Residential Settings you will discover what factors directly correlate to the abuse and neglect of patients by examining the high turnover rates of the lower paid nurses aides understanding that well qualified staff do not choose to work in nursing homes and that often abuse and neglect are committed by nurses aides gaining insight into the risks of physical assault and verbal abuse by patients that nurses aides may endure everyday exploring the psychological aspects of neglect in nursing homes such as uncleanness the lack of attractiveness in the physical environment inadequate diet infantilization and passive neglect and what can be done to prevent these behaviors Elder Abuse and Neglect in Residential Settings discusses the elements that are significant to the future and quality of residential care From this book you will

understand the importance of considering the characteristics of the patients and staff as well as the importance of developing gender integrated and multicultural services Elder Abuse and Neglect in Residential Settings will prove to be essential in your understanding of the worldwide problem of elder abuse and neglect in residential care and help you alleviate it

Regulating Aged Care John Braithwaite, Toni Makkai, Valerie A. Braithwaite, 2007-01-01 Regulating Aged Care is a significant achievement and addresses areas of personal caring which do not usually receive attention It is an important book which draws attention to the central problems of providing care for large numbers of vulnerable people it should be required reading on undergraduate and postgraduate courses relating to applied social science health and medical sociology Alison M Ball Sociology This book provides an impressive evidence base for both theory development and reassessment of policy and practitioner responses in the field International Social Security Review They have given us a fascinating case study here rich in detail and masterfully interpreted against the backdrop of evolving regulatory strategy It is rare indeed to find this depth of analysis made accessible laced throughout with humanity compassion and humor Malcolm Sparrow Harvard University US This book offers an intelligent and insightful account of the development of nursing home regulation in three countries England the USA and Australia But more than that it intertwines theory and more than a decade of empirical work to provide a telling and sophisticated explanation of why and how good regulatory intentions often go awry and what can be done to create systems of regulation which really work to produce improvement Kieran Walshe University of Manchester UK This book is a major contribution to regulatory theory from three members of the world class regulatory research group based in Australia It marks a new development in responsive regulatory theory in which a strengths based pyramid complements the regulatory pyramid The authors compare the accomplishments of nursing home regulation in the US the UK and Australia during the last 20 years and in a longer historical perspective They find that gaming and ritualism rather than defiance of regulators are the greatest challenges for improving safety and quality of life for the elderly in care homes Regulating Aged Care shows how good regulation and caring professionalism can transcend ritualism Better regulation is found to be as much about encouragement to expand strengths as incentives to fix problems The book is underpinned by one of the most ambitious sustained qualitative and quantitative data collections in both the regulatory literature and the aged care literature This study provides an impressive evidence base for both theory development and reassessment of policy and practitioner responses in the field The book will find its readership amongst regulatory scholars in political science law socio legal studies sociology economics and public policy Gerontology and health care scholars and professionals will also find much to reflect upon in the book **Developments in Aging** United States.
