The Plight of Jewish Deserted Wives, 1851-1900 Dr Haim Sperber, 2022-10-01 Agunot Agunah sing meaning anchored in Hebrew is a Jewish term describing women who cannot remarry because their husband has disappeared According to Jewish law Halacha a woman can get out of the marriage only if the husband releases her by granting a divorce writ Get if he dies or if his whereabouts is not known Women whose

husbands cannot be located and who have not been granted a Get are considered Agunot The Agunah phenomenon was of major concern in East European Jewry and much referred to in Hebrew and Yiddish media and fiction Most nineteenth century Agunot cases came from Eastern Europe where most Jews resided twentieth century Agunot were primarily in North America and will be the subject of a forthcoming book Seven variations of Agunot have been identified Deserted wives women who refused to receive or were not granted a Get widowed women whose brothers in law refused to grant them permission to marry someone else Halitza women whose husbands remains were not found improperly or incorrectly written Gets women whose husbands became mentally ill and were not competent to grant a Get women refused a Get by husbands who had converted to Christianity or Islam The book explores the reasons for desertion and the plight of the left alone wife Key is the change from a legal issue to a social one with changing attitudes to philanthropy and public opinion at the fore of explanation A statistical database of circa 5000 identified Agunot is to be published simultaneously in a separate companion volume 978 1 78976 167 2      **The Emergence of Contemporary Judaism, Volume 3** Phillip Sigal, 1986-01-01 Pittsburgh Theological Monograph New Series General Editor Dikran Y Hadidian      **Covenant and the Jewish Conversion Question** Benji Levy, 2021-09-24 Covenant and the Jewish Conversion Question reevaluates conversion and Jewish identity through the lens of Rabbi Joseph B Soloveitchik's dual conception of the Covenants of Fate and Destiny By studying an array of key rabbinic texts through this lens the book explores the boundaries and interplay between these biblical covenants through apostasy holiness and the key elements relating to conversion law This understanding provides a relevant framing device to deal with the conversion and Jewish identity crises faced in the State of Israel and beyond      *U-vacharta Ba-chayim* David Birnbaum, Martin S. Cohen, In one of his most famous poems Robert Frost imagines himself standing at a crossroads in a yellow wood and having to decide which path forward to choose The poem turns on the fact that neither path clearly recommends itself as the better one to choose both are covered in yellow autumnal leaves one is just as fair as the other and both lead to destinations that Frost cannot see 1 In just twenty lines the poet thus suggests the plight of moderns who must make decisions in life that may eventually be perceived as matters of great importance but that feel hardly even to matter much when they are actually being made That is surely a challenge we all face but how exactly to deal with it is challenging to say It surely seems exaggerated to conclude from the poet's reverie that our decisions in life don't really matter at all simply because we cannot say at the outset where they may ultimately lead us much less that they have no real importance because we will end up in the same place anyway Those conclusions both feel just a bit irrational but neither should we read the poem's famous conclusion that the poet's decision to travel the path less taken has ended up making all the difference in his life as suggesting that the wisest choices in life are invariably those spurned by the majority Surely for all the oylem may be a goylem it can't always be unwise to make some specific decision in life merely because many others have previously chosen to make it 2 Martin S Cohen The Yiddish aphorism one of my own father's favorites conveys the same

message as the one attributed possibly spuriously to Alexander Hamilton according to which the masses are asses The Torah offers a different take on the decision to choose one path forward in life over another Speaking from the edge of his own life Moses begins by imagining two paths stretching forth before the Israelites as they contemplate their future And he knows their names too they are the paths of blessing and of curse a blessing if you obey all the commandments of the Eternal your God that I am commanding you this day and a curse if you do not obey the commandments of the Eternal your God and swerve off the path that I am commanding you today Deuteronomy 11:26-28 Later in his speech Moses returns to that same trope and describes that same choice in far greater detail Behold by commanding you today to love the Eternal your God and to walk in God's ways and to keep God's commandments and statutes and laws I am placing before you today on the one hand life and goodness and on the other death and evil And so shall you live and flourish as the Eternal your God blesses you in the land that you are now entering to possess If however your heart should turn away and you stop obeying such that you actually turn to apostasy and prostrate yourself before alien gods and worship them then I am telling you clearly today that you shall surely perish that you will not live for long on the land that you are about to cross the Jordan to enter and possess I call heaven and earth on this day as my witnesses that I am placing before you life and death blessing and curse Choose life so that you live you and your progeny And love the Eternal your God by obeying God's voice and by cleaving unto God for it is God who grants you your life and who determines how long shall last the days you dwell on the land that the Eternal<sup>3</sup> Prefaces swore to grant to your ancestors Abraham Isaac and Jacob Deuteronomy 30:15-20 The title of the volume you are holding is taken from the end of this very passage where the Torah presents Moses instructing the people how to deal with the choice that lies before them U va artaba ayyim choose life he commands and his meaning feels clear and unambiguous to secure a long life for yourself and your progeny choose to live in God's service choose to devote yourself to obeying God's voice and choose to cleave unto God all the days of your life And the aggregate result of all that wise choosing will lead to the greatest choice of all the choice to embrace life at its fullest and richest both as individuals linked personally to the Almighty in covenantal intimacy and as citizens of a nation linked to the Almighty in exactly the same way There are countless ways to respond to the injunction to choose life and each of the authors in this volume has chosen one to explore in his or her essay Some are theoretical in nature and deal with the larger notion of how choice and obligation interact in the context of religion Others are more practical and treat of the specific ways in which individuals might respond to the biblical obligation to choose life in the context of the consequential decisions that we find ourselves faced with in life Still others are rooted in history and present the way the injunction to choose life was understood by different thinkers at different moments in Jewish history And some have used the scriptural injunction to choose life as a jumping off point for considering the notion of free will itself and pondering how the theological notion that God is all knowing can be reconciled with the sense people have of being able freely to make real meaningful choices in life The authors who have contributed essays to this volume address<sup>4</sup> Martin S. Cohen all of

these questions Our authors come from a wide range of backgrounds many are congregational rabbis while others are teachers and academics and still others work in the Jewish world in different capacities They are a disparate group our authors men and women older and younger staunchly traditionalist and more liberally oriented Israelis and Diaspora based Yet for all they are different they are also united by the common belief that the written word and particularly in the form of the essay is a useful and satisfying medium in which to explore Judaism and Jewishness itself in a deep and meaningful way This is not a book solely for Jews of any particular spiritual orientation nor for that matter is it a book solely for Jewish readers Rather we hope that this anthology may open a door for all who possess the kind of curiosity about Jewish religion and culture that cannot be dealt with effectively by platitudes or even heartfelt oped pieces but rather by thoughtful text based studies intended to inform to persuade and to inspire I feel privileged to present the work of these authors to the reading public and I hope our readers will likewise feel that this is a remarkable collection Unless otherwise indicated all translations here are the authors own work Biblical citations of the NJPS refer to the complete translation of Scripture first published under the title Tanakh The Holy Scriptures by the Jewish Publication Society in 1985 The four letter Hebrew name of God is rendered in this volume almost always as the Eternal or Eternal God although authors have sometimes departed from this convention as dictated by the constraints of their own writing I would like to take this opportunity to acknowledge the other senior editors of the Mesorah Matrix series David Birnbaum and Benjamin Blech as well as Saul J Berman our associate editor They and our able staff have all supported me as I've labored to bring this 5 Preface volume together and I am grateful to them all As always I must also express my gratitude to the men and women and particularly to the lay leadership of the synagogue I serve as rabbi the Shelter Rock Jewish Center in Roslyn New York Possessed of the unwavering conviction that their rabbi's book projects are part and parcel of his service to them and through them to the larger community of those interested in learning about Judaism through the medium of the well written word they are remarkably supportive of my literary efforts as author and editor I am in their debt and I am pleased to acknowledge that debt formally here and whenever I publish my own work or the work of others

**Kinship and Consent** Daniel L. Elazar, 2020-03-09 A major dimension of modern Jewish life has been the revival of conscious political activity on the part of the Jewish people whether through reestablishment of the State of Israel new forms of diaspora community organization or the common Jewish fight against anti-Semitism Precisely because contemporary Jewry has moved increasingly toward self

On Memory Doron Mendels, 2007 The book consists of 16 case studies on issues relating to memory the majority of which stem from a conference in April 2005 at the Institute of Advanced Studies at the Hebrew University of Jerusalem Public memory is tackled from a variety of angles and various disciplines ranging across the humanities the social sciences and the exact sciences First and foremost the reader will obtain a comprehensive overview of the results of scholarship published in recent years about public memory Second the book provides a profound insight into how public memory works within societies of different nature and at different junctures of

their histories The volume begins by offering a glimpse into individual memory and then goes on to discuss religious societies ethnic groups secular groups institutions and larger segments of society ultimately reaching the nation state The authors each in his or her own discipline have addressed the complexities involved in the creation of public memory the media that promote and preserve it within groups and societies and finally the nature of memory and how it behaves during changing circumstances and changing regimes
