Responsibility To Awe:

A Responsibility to Awe Rebecca Elson, 2018-09-27 Rebecca Elson's *A Responsibility to Awe* reissued as a Carcanet Classic. *A Responsibility to Awe* is a contemporary classic, a book of poems and reflections by a scientist for whom poetry was a necessary aspect of research crucial to understanding the world and her place in it, even as having contracted terminal cancer she confronted her early death. Rebecca Elson was an astronomer; her work took her to the boundary of the visible and measurable. Facts are only as interesting as the possibilities they open up to the imagination. She wrote her poems like her researches build imaginative inferences and speculations setting out from observation undeterred by knowing how little we can know.

Extraordinary Responsibility Shalini Satkunanandan, 2015-09-29 This book explores how an impoverished understanding of responsibility as quantifiable and dischargeable sustains moralistic politics. *Why Theatre?* NTGent, Kaatje de Geest, Carmen Hornbostel, Milo Rau, 2020-10-30 For two years now the Belgian theatre NTGent and the Berlin based Verbrecher Verlag have been publishing the series *The Golden Books*. Books on the theory and practice of contemporary performance art on individual plays and general social questions. For the 5th volume after months of cultural lockdown when live arts were in a state of emergency and the whole institution rethought their priorities NTGent asked more than 100 of the most influential artists and intellectuals in the world the question *Why theatre?* Why is this art form so unique so beautiful so indispensable. From classical theatre to performance art and dance from activism to political theatre and the performativity of everyday life authors of all continents and generations delivered short essays, memories, manifestos, letters. Moments of aesthetic epiphany meet strong emotion, critical insights into the problems of representation and populism compete with utopian texts about the theatre of the future. More than 100 voices about the state of performing arts. 2020. graduate students and junior scholars who came of the age in the field Doll helped create one crafted by postmodernism and more recently complexity theory Being in Time to the Music David Ross,2008-12-18 Being in time to the music from the ground up is a work in phenomenology where this term is broadly defined comprehending Plato Heidegger Hegel and Marx The most direct referent is Hegel together with the theoretical revolution that he initiated with Phenomenology of Mind This text s more general purpose is to set the tone for a 21st communism based upon the idea of dancing with death assuming full responsibility for one s mortality and abandoning the self to love as the meaning of existence This dance is choreographed through my conversations with the above mentioned writers In conversing with them I aim to displace if not usurp them from the throne of honour which is nothing more than the authority borrowed from me By this I do not intend to deny completely their other to me character However they exist or even figure for me both in the sense of of count having importance as those that I read and by which I read myself They have borrowed my authority namely my own potential to be an author So reading them is to re assume that borrowed authority The life of the reader to paraphrase Barthes begins with the death of the author

Beyond Environmentalism Jeffrey E. Foss,2009-02-04 This one of a kind book provides thoughtful insight into the current relationship between humankind and the environment Beyond Environmentalism is the first book of its kind to present a timely and relevant analysis of environmentalism The author s decades of experience as a philosopher of science allow him to critically comprehend scientific issues and to develop and explain sound ethical policies in response to them The result is a volume that builds a philosophy of nature and helps the reader assess humankind s relationship with and impact on the world around us This innovative book discusses the inconsistencies both scientific and philosophical of popular environmentalism and sheds new perspectives on the issues causes and debates that embrace society today The goal is not to settle environmental issues once and for all but rather to provide the basis for more reasoned scientific and productive debates The need for a new philosophy of nature is explored through methodological discussion of several topics including The rise and fall of scientific proof Nature in religion romance and human values Humankind s responsibility to the environment The value of freedom Kinship among species Numerous case studies throughout the book delve into global warming the sixth extinction the precautionary principle pollution and other popular issues within environmentalism Feature boxes guide the reader through complex topics such as eco sabotage the Gaia hypothesis and the urban heat island effect while vivid illustrations demonstrate scientific data theories and philosophical arguments in a reader friendly manner With its balanced approach to provocative issues Beyond Environmentalism serves as an excellent thought provoking supplement for courses on environmental studies at the undergraduate and graduate levels It is also an interesting and accessible read for anyone with a general interest in environmental issues **The Voice of the Seven Thunders** George Kevyn Weber,2014-07-21 There is no time for the people of the world to waste to decide to change their ways and their ways of living The world is in a crisis that it has not been in before Actually the world has been in countless crises in the past before disaster calamity or

catastrophe struck the people of the earth We are not talking of crises of natural disasters calamities or catastrophes that have hit the earth we are talking about man made man engineered and man designed disasters calamities and catastrophes that have hit the world from time to time History is full of them and apart from those natural disasters caused by God or the Devil themselves the rest were caused by man themselves Now this revelation is not about the natural but about the spiritual Power mad dictators rulers and potentates the world over are normally the cause of these disasters calamities and catastrophes and nature has little to do with them although they did affect nature in some way or another Small and great Wars were started by whosoever caused them without any due regard of mens lives and the resultant horrors hardships and horrendous pain lived on in the hearts and lives of the people that survived No one can add these things up nor can they count the cost in human suffering misery and pain nor the cost of mens souls lost all for the sake of mans vanity The current synopsis is catchy and intriguing This synopsis is well written and it will entice readers into picking this book up and reading it Cynthia Sherman Writers Literary Publishing Services Critique Division Peaceful Revolution Paul K.
