Davies,Pat Hardy,2004-03 Explains how to start a bed and breakfast inn covers site selection financing renovation marketing insurance and staff selection and describes an inn's daily operation **Restaurants and Dining Rooms** Franziska Bollerey,Christoph Grafe,2019-03-26 According to urban academic myth the first restaurants emerged in the wake of the French Revolution From the very beginning in the elegant salons of the latter days of the Ancien Régime the design of restaurants has been closely related to ideas of how food should be presented and how it may be consumed in public The appearance and atmosphere created by restaurant owners reflects culturally embedded ideals of comfort sociability and the good life As a product of the modern metropolis the restaurant encapsulates and illustrates the profound change in how its patrons viewed themselves as individuals how they used their cities and how they met friends or business partners over a meal The architectural design of environments for the consumption of food necessarily involves an exploration and a manipulation of the human experience of space It reflects ideas about public and private behaviour for which the restaurant offers a stage Famous architects were commissioned to provide designs for restaurants in order to lure in an ever more demanding urban clientele The interior designs of restaurants were often employed to present this particular aspect in consciously evoking an imagery of sophisticated modernity This book presents the restaurant its cultural and typological history as it evolved over time In this unique combination it provides valuable knowledge for designers and students of design and for everyone interested in the cultural history of the modern metropolis **Early Professional Women in Northern Europe, c. 1650-1850** Johanna Ilmakunnas,Marjatta Rahikainen,Kirsi Vainio-Korhonen,2017-07-06 This book focuses on early examples of women who may be said to have anticipated in one way or another modern professional and or career oriented women The contributors to the book discuss women who may at least in some respect be seen as professionally ambitious unlike the great majority of working women in the past In order to improve their positions or to find better business opportunities the women discussed in this book invested in developing their qualifications and professional skills took economic or other kinds of risks or moved to other countries Socially they range from elite women to women of middle class and lower middle class origin In terms of theory the book brings fresh insights into issues that have been long discussed in the field of women's history and are also debated today However despite its focus on women the book is conceptually not so much focused on gender as it is on profession business career qualifications skills and work By applying such concepts to analyzing women's endeavours the book aims at challenging the conventional ideas about them **The Yale Law Journal** ,1913
