His and Hers Ann Messenger, 2021-10-21 Exploring territory seldom visited by feminist scholars Ann Messenger in this new book presents eight studies of literary relationships between men and women writers ranging from the Restoration to the end of the eighteenth century The essays show men and women working together praising and criticizing each other's work borrowing and changing each other's plots and characters recording their different perceptions of their common world From Dryden's praise of Anne Killigrew through Gay's and Lady Mary Wortley Montagu's collaboration on a town eclogue Thomas Southerne's dramatizations of novels by Aphra Behn and Eliza Haywood's version of the Spectator to Cornelia Knight's sequel to Rasselas these relationships demonstrate that men and women writers inhabited the same literary world shared the traditions of the mainstream of English literature Most of the women have since faded from view But Messenger suggests the time has come to rediscover them to reassess their work and to revise the commonly accepted canon of literature accordingly Although most of the studies deal with the way women's writing responds to writing by men the Afterword combats the charge that the women's work is derivative Free of critical jargon and ideological straitjacketing His and Hers makes some little known writers available and interesting to specialists and nonspecialists feminists and traditionalists alike while it sheds new light on some of the most familiar figures of the period The Appendix reprints some of the shorter works which have been analyzed in detail and summaries in the text help to compensate for the unavailability of some of the women's books The comparative approach suggests a wide and rich field for further research

Restoration and Eighteenth-century Literature : Essays in Honour of Alan Dugald Mc Killop C. Camden, 1969 *The Eighteenth-Century Novel and the Secularization of Ethics* Dr Carol Stewart, 2013-04-28 Linking the decline in Church authority in the late seventeenth and early eighteenth centuries with the increasing respectability of fiction Carol Stewart provides a new perspective on the rise of the novel The resulting readings of novels by authors such as Samuel Richardson Sarah Fielding Frances Sheridan Charlotte Lennox Tobias Smollett Laurence Sterne William Godwin and Jane Austen trace the translation of ethical debate into secular and gendered terms Stewart argues that the seventeenth century debate about ethics that divided Latitudinarians and Calvinists found its way into novels of the eighteenth century Her book explores the growing belief that novels could do the work of moral reform more effectively than the Anglican Church with attention to related developments including the promulgation of Anglican ethics in novels as a response to challenges to Anglican practice and authority An increasingly legitimate genre she argues offered a forum both for investigating the situation of women and challenging patriarchal authority and for challenging the dominant political ideology *Modern Essays on Eighteenth-century Literature* Leopold Damrosch, 1988 Discusses Swift Pope Defoe Richardson Fielding Smollett Sterne Johnson Boswell and poems and plays of the period

**Cultural Readings of Restoration and Eighteenth-Century English Theater**

Deborah Payne Fisk,J. Douglas Canfield,2010-12-01 Ranging in approach from feminist to historicist the eleven essays in this collection share the culturalist premise that the drama of late Stuart and early Georgian England helped to constitute the dominant ideology of the period The contributors varied approaches allow for the reconsideration of libertinism the politics of sexual desire and other classic issues as well as such newer concerns as the social construction of the first English actresses empiricism as an emergent epistemological discourse cultural anxiety about novelty and repetition and shifting tropes of inherent worth By reading well known works in unexpected ways and focusing on less frequently studied dramatists from Sedley Motteux Pix and Behn to Manley Trotter and Shadwell the contributors also test the limits of the canon In addition they suggest that earlier critical perceptions perhaps even more than the innate worth of the plays determined the shape of the canon These essays present a different image of Restoration and eighteenth century theater one that reveals how the drama was a site as important for the negotiation of cultural meaning as were novels and verse satires

*The Cambridge History of Literary Criticism: Volume 4, The Eighteenth Century* H. B. Nisbet,Claude Rawson,2005-12-08 This is a comprehensive 1997 account of the history of literary criticism in Britain and Europe between 1660 and 1800 Unlike previous histories it is not just a chronological survey of critical writing but a multidisciplinary investigation of how the understanding of literature and its various genres was transformed at the start of the modern era by developments in philosophy psychology the natural sciences linguistics and other disciplines as well as in society at large In the process modern literary theory at first often implicit in literary texts themselves emancipated itself from classical poetics and rhetoric and literary criticism emerged as a full time professional activity catering for an expanding literate public The volume is international both in coverage and in authorship Extensive bibliographies provide guidance for further specialised study

The New Cambridge Bibliography of

English Literature: Volume 2, 1660-1800 George Watson, Ian R. Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

**Studies in the Eighteenth Century** R.F. Brissenden, 1968-12-15 The papers brought together in this volume bear witness to the growing vigour and diversity of eighteenth century studies The seminar at which they were presented was held to honour the memory of a literary scholar David Nichol Smith It is therefore understandable and fitting that the majority of the contributions should be concerned primarily with literature History art and philosophy however are also dealt with and the collection as a whole offers a widely ranging and illuminating survey of the period

Refiguring Revolutions Kevin Sharpe, Steven N. Zwicker, 2023-11-15 Refiguring Revolutions presents an original and interdisciplinary reassessment of the cultural and political history of England from 1649 to 1789 Bypassing conventional chronologies and traditional notions of disciplinary divides editors Kevin Sharpe and Steven Zwicker frame a set of new agendas for and suggest new approaches to the study of seventeenth and eighteenth century England Customary periodization by dynasty and century obscures the aesthetic and cultural histories that were enacted between and even by the English Civil Wars and the French Revolution The authors of the essays in this volume set about returning aesthetics to the center of the master narrative of politics They focus on topics and moments that illuminate the connection between aesthetic issues of a private or public nature and political culture Politics between the Puritan Revolution and the Romantic Revolution these authors argue was a set of social and aesthetic practices a narrative of presentations exchanges and performances as much as it was a story of monarchies and ministries This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998
