Restoration Comedies:

Three Restoration Comedies George Etherege, William Congreve, William Wycherley, 2005-11-24 After the restoration of King Charles II to the British throne in 1660 dramatists experienced new freedom in an age that broke from the strict morality of puritan rule and in which elegance and wit became the chief virtues Irreverent licentious and cynical the three plays collected here hold up a mirror to this dazzling era and satirize the gulf between appearances and reality In Etherege's *The Man of Mode* 1676 the womanizing Dorimant meets his match when he falls in love with the unpretentious Harriet while Wycherley's *The Country Wife* c 1675 depicts the rakish Horner who fakes impotence to fool trusting husbands into giving him easy access to their wives And in Congreve's *Love for Love* 1695 the extravagant Valentine can only win his beloved Angelica if he loses his inheritance

Wordplay and Translation Dirk Delabastita,2016-04-29 Popular and multimodal forms of cultural products are becoming increasingly visible within translation studies research Interest in translation and music however has so far been relatively limited mainly because

translation of musical material has been considered somewhat outside the limits of translation studies as traditionally conceived. Difficulties associated with issues such as the musicality of lyrics, the fuzzy boundaries between translation, adaptation, and rewriting, and the pervasiveness of covert or unacknowledged translations of musical elements in a variety of settings have generally limited the research in this area to overt and canonized translations such as those done for the opera. Yet the intersection of translation and music can be a fascinating field to explore and one which can enrich our understanding of what translation is and how it relates to other forms of expression. This special issue is an attempt to open up the field of translation and music to a wider audience within translation studies and to an extent within musicology and cultural studies. The volume includes contributions from a wide range of musical genres and languages from those that investigate translation and code switching in North African rap and rai and the intertextual and intersemiotic translations revolving around Mahler's lieder in Chinese to the appropriation and after life of Kurdish folk songs in Turkish and the emergence of rock n roll in Russian. Other papers examine the reception of Anglo American stage musicals and musical films in Italy and Spain, the concept of singability with examples from Scandinavian languages and the French dubbing of musical episodes of TV series. The volume also offers an annotated bibliography on opera translation and a general bibliography on translation and music.

Oscar Wilde's Society Plays Michael Y. Bennett, 2016-01-12 As the first collection of essays about Oscar Wilde's comedies, the contributors re-evaluate Oscar Wilde's society plays as comedies of manners to see whether this is actually an apt way to read Wilde's most emblematic plays. Focusing on both the context and the texts, the collection locates Wilde both in his social and literary contexts.
