**Eighteenth-Century Britain and America** Mark Fortier,2016-03-16 Drawing on politics religion law literature and philosophy this interdisciplinary study is a sequel to Mark Fortier s bookThe Culture of Equity in Early Modern England Ashgate 2006 The earlier volume traced the meanings and usage of equity in broad cultural terms including but not limited to law to position equity as a keyword of valuation persuasion and understanding the present volume carries that work through the Restoration and eighteenth century in Britain and America Fortier argues that equity continued to be a keyword used and contested in many of the major social and political events of the period Further he argues that equity needs to be seen in this period largely outside the Aristotelian parameters that have generally been assumed in scholarship on equity

**Law and the Restoration** Nathan B. Oman,2024-08-20 Law and the Restoration Law and Latter day Saint Thought and Scripture is a comprehensive exploration of the intricate relationship between legal principles and the doctrines of The Church of Jesus Christ of Latter day Saints Author Nathan B Oman delves into the profound ways in which Mormon theology intersects with legal concepts offering readers a detailed analysis of church doctrines their authority and their implications for members daily lives In doing so Oman addresses foundational questions about the nature of church authority the role of personal judgment and the dynamic interplay between divine law and secular legal systems The book is not just an academic treatise but a thoughtful discourse aimed at elucidating how Mormons navigate complex moral and legal landscapes in their quest to reconcile faith with modern societal norms Each chapter in Law and Latter day Saint Thought and Scripture serves as a deep dive into specific aspects of Mormon doctrine and its legal ramifications From the examination of Nephi s actions in the Book of Mormon to the contemporary debates surrounding same sex marriage and civil disobedience Oman provides a balanced and respectful analysis that seeks to understand rather than critique This book is an invaluable resource for

Goeglein,Craig Osten,2019-07-02 THIS IS NO TIME TO RUN AND HIDE America seems to be crumbling from within Having abandoned the Judeo Christian values that are the foundation of its culture our nation in the eyes of many is going the way of the great civilizations of the past If our 250 year experiment in ordered liberty has really run its course is it time to recognize the inevitable pack up our families and head for the hills hunkering down through the dark days to come Or is there hope for an American restoration Tim Goeglein and Craig Osten battle hardened veterans of the culture wars know as well as anyone that the decadence is undeniable But they make the case that an American restoration is not only possible but probable if we act now The key is for Christians to engage with the culture not flee from it to be the salt and light that will renew it from within That engagement must take place especially at the local level where real spiritual and cultural transformation occurs If America returns to its spiritual foundations the tumultuous times we live in will be nothing more than a bumpy detour in our nation s history This book is a roadmap for the way back In this clear eyed but hopeful guide to restoration Goeglein and Osten explain how patriotic Americans with God s help can renew fifteen critical components of our culture Government will not provide the solutions we desperately need The solutions lie in our churches our communities and our homes The light for our path is faith As that light pierces the darkness America will experience a reawakening regeneration and renewal      *Protecting and Restoring America's Great Waters: The Long Island Sound* United States.
