Restructuring South Asian Security:

Perspectives on South Asian Security Shanthie Mariet D'Souza, 2013 This book is a collection of speeches and lectures delivered by political luminaries practitioners and noted scholars on South Asian security at the Institute of South Asian Studies National University of Singapore It offers interesting insights on the emerging security dynamics of South Asia The issues covered are highly topical and include analyses of the conflict in Afghanistan counter terrorism in Pakistan conflict management in Kashmir post conflict restructuring in Nepal and militarization in Asia Some of the chapters provide in depth analyses of the regional power politics and competing foreign policy priorities with particular emphasis on India the major regional power India's foreign policy and defense relations with Southeast Asia China and Russia are covered in detail in individual chapters The book brings together insights from experts who have served at the highest levels of government as well as scholars and experts with firsthand experience in the field It highlights some of the significant security issues that have a vital bearing on the future of South Asia and will be of interest to policy makers students and observers of the South Asian security scene

Restructuring South Asian Security Vinod Saigal, 2000 In his path breaking commentary the author has given a fascinating account of not only the Indian subcontinent but China South East Asia Central Asian Republics and a host of other regions as well Many of the proposals have commanded international respect The range of subjects dealt with cover an equally vast spectrum from demography ecology revitalisation of democracy good governance to trauma and critical care The proposal relating to the Demilitarisation of the Himalayas as an Ecological Imperative is being actively considered by several world bodies NGOs and international agencies

South Asian Security Sagarika Dutt, Alok Bansal, 2013-06-17 The South Asian security complex refers to security interdependencies between the states in the region and also includes the effect that powerful external actors such as China the US and Russia and geopolitical interests have on regional dynamics This book focuses on the national securities of a number of South Asian countries in order to discuss a range of issues related to South Asian security The book makes a distinction between traditional and non traditional security While state centric approaches such as bilateral relations between India and Pakistan are considered to be traditional realist approaches to security the promotion of economic environmental and human security reflect global concerns liberal theories and cosmopolitan values The book goes beyond traditional security issues to reflect the changing security agenda in South Asia in the twenty first century and is a useful contribution to studies on South Asian Politics and Security Studies

South Asia Security Trends Rahul K. Bhonsle, 2007 The Year 2006 Was A Year Of Paradox Of Promise And Tribulations For South Asia Thus Stock Exchanges Across The Region Soared Except Karachi And India's Booming Economy Demonstrated A Steady Northward Trajectory Pulling With It Other Markets As Bangladesh And Sri Lanka Which Had Integrated Under The Safta In Other Spheres However South Asian States Were Oscillating From Crisis To Crisis Be It Sri Lanka Pakistan Afghanistan Bangladesh Or India Security Continued To Be One Of The Prime Considerations For The People And Governments In All

These States Capturing The Entire Security Flavour Of South Asia This Book Is An Attempt To Place The National Regional And Global Events In Perspective The Aim Is Not To Provide Instant History But To See Beyond The Media Driven Hyphenated Short Term View Of Happenings In The Subcontinent And Portend The Path Ahead Trend Spotting Especially Of Lurking Dangers Will Hopefully Provide The Necessary Motivation For Adorning A Sage Path Of Cooperation Compromise And Mutual Assistance For That Is The Way Ahead For The Multitudes In South Asia And Not Reliving Memories Of The Past Feels The Author Conceptualizing Security for India in the 21st Century National Centre of International Security and Defence Analysis (Pune, India). Conference, Gautam Sen, 2007 The Present Volume Is An Anthology Of Papers Presented In The First Nisda Security Conference In 2005 With Interdisciplinary Contributions From A Variety Of Professionals From Government Organization Academics And Researchers On The Common Theme Of Conceptualizing The Notion Of Security In The 21st Century It Entails A Multi Pronged Input From Organizational Bureaucratic And Academic Perspectives To Look At In A Focused Way The Indo Centric View Towards The National And International Security Matters It Is Hoped That The Volume Will Be Useful To The Policymakers As Well As The Students Of International Relations And International Security

Integrated Maritime Security Dr. Prabhakaran Paleri, 2014-05-01 This book is unique in the way that it looks at the much talked about maritime security through the perspective of national security without disconnect in the terrain specific mode of the ocean The uniqueness is not in the treatment of the concept of maritime security but that of national security in a manner that is different from the beaten notion of physical security of a nation and its people from external and internal threats National security according to the author is more than just military security or the conditions of what is often termed as internal security It is complex according to his studied findings The book provides a warning to governments that any approach to national governance without integrated maritime security can be defeating in the overall objective of maximising national security even for landlocked countries in the modern world The book provides a comprehensive review and analysis of integrated maritime security providing ample scope for further research on many of the concepts and terminologies inculcated as findings of research The interesting aspect is that the author views maritime security as a ghost protocol to hammer his ideas into the earnest listener **Security Sector Reform in Southeast Asia** F. Heiduk, 2014-03-07

Successful reform of the security sector has been regarded as pivotal for a successful transition from authoritarianism to democracy by Western donors A global cast of contributors examines SSR in a variety of policy fields in Southeast Asia paying specific attention to the adaption of Western reform concepts by local actors **Environmental Security and India** Satabdi Das, 2022-08-26 This book examines environmental issues through the lens of security studies and presents a comprehensive analysis of Indian policy in dealing with threats posed by climate change This book Puts forward theoretical base for securitization of environmental issues incorporating different schools of thought Presents a survey of global environmental politics in general and the effects of climate change and its consequences for India s national security in

particular Examines the politics involved in India's environmental policy at both the domestic and international levels
 Outlines key policy takeaways and possibilities for action that can help contain the threat of environmental change A
 comprehensive guide to a new and emerging dimension in Indian security policy this book will be essential reading for
 students and researchers of international relations security studies especially non traditional security public policy especially
 environmental policy and area studies **Revisiting National Security** Prabhakaran Paleri, 2022-05-10 This book examines
 the evolving concept of national security and how human systems could be governed in an ever turbulent and dynamic world
 It takes a revised look at the concept of national security previously researched and identified by the author based on the
 present context but with a futuristic appreciation of governance primarily national but extended to global perspectives in the
 modern and dynamically shifting world The book emphasises the need for governments to maximise national security for the
 well being of their people The concept of national security is taken as the key subject of national governance which is
 extendable to global governance wherein national security is not only the physical or military security alone but also the
 overall well being of the people of a nation This book explores how national security can be achieved by balancing its various
 elements in different terrains where the game of governance is played in national as well as global perspective It also
 presents additional findings and observations to show that the approach is transformative redefining the key knowledge
 paradigms This book is relevant for policy makers students researchers and academics who wish to explore and rethink their
 approach towards governing the human systems whose well being is the responsibility of governments **East Asian
 Security in the Post-Cold War Era** Sheldon W. Simon, 2016-06-16 This edition adds chapters on Burma and Vietnam and
 updated material throughout reflects the current economic crisis in the region *Achieving Energy Security In Asia:
 Diversification, Integration And Policy Implications* Farhad Taghizadeh-hesary, Naoyuki Yoshino, Youngho Chang, Aladdin
 Rillo, 2019-09-24 This book presents a critical review of the status of energy security in Asia and suggests how a country or a
 region collectively can achieve energy security in two broad aspects First it analyzes how regional cooperation and energy
 trade can enhance energy security in the region Second it reviews how energy security can be ensured in national and
 regional general contexts From the reviews and analyses this book asserts that diversification and integration are key to
 ensuring energy security It presents policy implications for enhancing energy security especially in resource rich as well as
 resource poor developing countries in Asia **The Security of South Asia** Stephen P. Cohen, 1987 The relationship
 between India and Pakistan and the involvement of the United States in South Asia is examined by strategic experts from the
 three countries Part I looks at the perceptual and issue related problems from the standpoints of India Pakistan and the
 United States The contributors cover the bilateral security problems of India and Pakistan and American policy in the region
 The essays in Part II speculate on the future of the region and on the prospects for peace The appendixes provide data on
 regional arms level and military balance and a glimpse into the future via Rashid Niam's analysis of the possible

consequences of nuclear war in South Asia ISBN 0 252 01394 8 **South Asia Security** Manan Dwivedi, 2009 The academic work titled as South Asia Security is a honest striving to delve into the notion of security in the South Asian Region which is under the arc of the Indian subcontinent The Book objectifies the differentiation between the traditional and convention notions of security which is avowedly power centric with the new tenet of Comprehensive Human security which entails the concerns of sustainable development Human Rights Gender Empowerment along with the notions of Globalization and all pervading tenet of Interdependence with the advent of neo liberal institutionalism The book aims to posit the traditional bilaterals in the South Asian firmament in the larger than life matrix of new age convergence and Interdependence

Indian Foreign and Security Policy in South Asia Sandra Destradi, 2012-02-27 This book examines Indian foreign policy and security relations in its eastern regional neighbourhood Indian Foreign and Security Policy in South Asia conducts an in depth analysis into India s foreign policy towards the three main countries in India s Eastern neighbourhood Sri Lanka Nepal and Bangladesh In particular it deals with India s role in the final years of the civil war in Sri Lanka its approach to the peace and democratisation process in Nepal and Indian foreign policy towards Bangladesh on a range of issues including Islamist militancy migration border security and insurgency Set within an analytical framework centred on the notions of empire hegemony and leadership the study reveals that India pursued predominantly hegemonic strategies and was not able to generate genuine followership among its smaller neighbours The South Asian case therefore shows the discrepancy that may exist between the possession of power capabilities and the ability to exercise actual influence a conclusion which lifts the study from geographical specifics and extends its relevance to other cases and cross regional comparisons This text will be of much interest to students of Indian foreign policy Asian security foreign policy analysis strategic studies and IR in general

Maritime Security between China and Southeast Asia Liselotte Odgaard, 2017-03-02 Arguing that security relations between China and Southeast Asia are profoundly affected by disputes over maritime space and territory in the South China Sea the author demonstrates that the primacy of strategic competition over strategic partnerships promotes the emergence of a structure of deterrence encouraging South East Asia to side with the United States to balance the military power of China Combining the concepts of international disputes and order the book establishes a framework designed to focus on periods of transition where international regulatory mechanisms are out of step with developments in the security environments of states Features include Substantial evidence that strategic competition between the United States China and South East Asia promotes stability A comprehensive account of military diplomatic economic historical and

legal aspects of security environments of states Suitable for scholars and graduate students of international relations
international law security studies conflict management and regionalism it will also be invaluable supplementary reading for
undergraduate courses
