Results Oriented Management :

Results-oriented Management United States. General Accounting Office,2002 *Results-Oriented Management* Elizabeth H. Curda,2003-08 Mission fragmentation and program overlap are widespread in the Fed gov t Implementation of Fed crosscutting programs is often characterized by numerous individual agency efforts that are implemented with little apparent regard for the presence and efforts of related activities There have been many possible approaches recommended for managing crosscutting programs The Gov t Performance and Results Act could provide a framework for addressing crosscutting efforts This report examines the actions and plans agencies reported in addressing the crosscutting issues of border control flood mitigation and insur wetlands and wildland fire mgmt Reviews the FY 2001 performance reports and FY 2003 performance plans for the major agencies involved *A Description of a Results-oriented Management Program* Donald Nels Swenson,1966 Results-oriented Government United States. General Accounting Office,2004 **Total Quality Management** Charantimath,2003-09 Total Quality Management Tqm Is An Approach To Business That Looks Critically Not Only At The Products And Services A Company Provides In Relation To The Process It Employs To Create Them But Also At The Work Force To Ensure That Outputs Fully Satisfy Customer Requirements Resultsoriented cultures insights for U.S. agencies from other countries' performance management initiatives. ,2002 Strategic human capital management is a high risk area that threatens the federal government s ability to effectively serve Americans An essential element to developing and managing the human capital needed to achieve organizational results is the link between individual performance and organizational goals Performance management systems provide one way to make this link Governments and agencies in Australia Canada New Zealand and the United Kingdom have used their performance management systems to connect employee performance with organizational success to help foster a results oriented organizational culture Creating such a culture is one cornerstone identified in GAO s model of strategic human capital management GAO initiated this study to identify how selected agencies are strategically using their performance management systems GAO talked with key human capital decision makers from each country including national audit offices central management and human capital agencies and line agencies as well as representatives of employee associations

Foundations of Program Evaluation William R. Shadish,Thomas D. Cook,Laura C. Leviton,1991 This book looks back at the origins of program evaluation By summarizing comparing and contrasting the work of seven major theorists of program evaluation it provides an important perspective on the current state of evaluation theory and provides suggestions for improving its practice **Perfomance management in government** ,1994 Outcome-Oriented Public Management Kuno Schedler,Isabella Proeller,2010-11-01 After the New Public Management had evolved in English speaking countries it became a role model for the reform of public administration all throughout the world Although there were obvious similarities in terminology used in different countries the model was usually adapted to the cultural and political context in

which it had to be embedded This also resulted in significant conceptual differences so that nowadays there is no one single NPM in the world In contrast to the original NPM model this version puts emphasis on responsibility rather than accountability of public managers it is strictly focused on the outcomes of public services rather than the output level and it is grounded on the Rechtsstaat tradition of Continental European countries Thus the label that has been used in German ever since Wirkungsorientierte Verwaltungsführung is consequently translated into outcome oriented public management OPM This book is an English version of a German classic teaching book In its original form it was first published in 2000 and constantly revised according to latest developments in practice Currently it s 4th edition is selling in German speaking countries Written for students and practitioners in public administration the book describes the OPM model and its roots and it discusses benefits and drawbacks of this model in practice It is a perfect introduction into the new thinking of outcome orientation in the public sector

Ten Steps to a Results-based Monitoring and Evaluation System Jody Zall Kusek, Ray C. Rist, 2004 An effective state is essential to achieving socio economic and sustainable development With the advent of globalization there are growing pressures on governments and organizations around the world to be more responsive to the demands of internal and external stakeholders for good governance accountability and transparency greater development effectiveness and delivery of tangible results Governments parliaments citizens the private sector NGOs civil society international organizations and donors are among the stakeholders interested in better performance As demands for greater accountability and real results have increased there is an attendant need for enhanced results based monitoring and evaluation of policies programs and projects This Handbook provides a comprehensive ten step model that will help guide development practitioners through the process of designing and building a results based monitoring and evaluation system These steps begin with a OC Readiness Assessment OCO and take the practitioner through the design management and importantly the sustainability of such systems The Handbook describes each step in detail the tasks needed to complete each one and the tools available to help along the way

Results oriented government GPRA has established a solid foundation for achieving greater results : report to Congressional requesters , The Nurse as Executive Barbara Stevens Barnum, Karlene M. Kerfoot, 1995 This new edition of Aspen s bestselling book The Nurse as Executive has been thoroughly revised and updated to reflect the significant changes in nursing management The nurse executive s role as a member of the executive team is examined as well as the nurse executive s role in health care issues such as quality outcomes team building and cost containment Organizing the book around the new resource driven management model rather than the goal driven management model makes this book unique and distinguishes it from other management texts

Result-oriented Management Jan Schouten, Wilhelmus Josephus Petrus Alphonsus Beers, 2010 Obtaining maximum results by ensuring clear agreements between managers and employees This is what result oriented management ROM is about It is a management style that is particularly successful ROM is based on the fact that people get more enjoyment from their work

and obtain better results if they know clearly what is expected of them if they are involved in defining targets have sufficient room to decide how they can meet them and are given feedback about their performance Managers define the goals and set priorities and make the resources available that are needed time money and capacity The employees give their time knowledge and skills and define the conditions needed for producing the targeted results They then take personal responsibility for achieving these results Fascinating theory and practical assignments will help you adopt this contemporary management for yourself Wim van Beers is organisational consultant mediator and director of Executive Coaching He is also responsible for Quality and Skills Management within Schouten Nelissen Jan Schouten is a psychotherapist organisational consultant and writer In 1977 he introduced the concept of Assertive Training to the Netherlands to a large group of people 1981 via a television channel all within a short space of time Assertiveness is now part of everyday life in the Netherlands Jan Schouten is also founder of the Schouten Nelissen Group Bron Flaptekst uitgeversinformatie Fiscal Management World Bank,2005 Accountability of government to citizens is the foundation for good governance Unfortunately many developing countries suffer the results of dysfunctional governance systems that fail to provide even minimal levels of vital public services The key message of the New Institutional Economics is that incentives matter In the public sphere the countries accountability frameworks rewards sanctions and measurement of performance shape public sector performance This book applies this fundamental insight to fiscal budgetary analysis and public service delivery giving the reader tools and around the globe examples of institutional arrangements that help citizens hold government accountable for their performance
