certifying that everything Jesus did was the work of God and everything Jesus taught and promised is absolutely true The disciples were not expecting Jesus to come back from the dead even though He had told them beforehand that He would They had to be convinced of the resurrection What was some of the evidence they encountered that convinced them that Jesus was alive and drove them to face persecution and death as they proclaimed that message This book portrays some of that evidence so that the reader can judge for himself or herself whether the claims of the disciples were based on wishful thinking or on solid evidence and sound reasoning Archdeacon Paley's View of the Evidences of Christianity ... Flew, 2010-04-16 The Resurrection of Jesus of Nazareth is the central tenet of the Christian faith St Paul put it succinctly if Christ did not rise from the dead our faith is in vain This remarkable dialogue between the leading Christian scholar of the Resurrection and the world's best known philosophical atheist resulted from a three hour discussion on a popular religious television talk show moderated by John Ankerberg The dialogue began with both participants agreeing to 12 separate historical facts that occurred when Jesus died and shortly afterward Habermas and Flew then explored how each of their perspectives could account for what happened Flew offered a psychological thesis interpreting the biblical accounts in natural terms Habermas supported the historicity of the Resurrection by using contemporary critical methods The discussion goes on to examine subjects such as medical details regarding crucifixion extra biblical sources for Jesus the Jesus Seminar St Paul's conversion experience and his contribution to the early Christian testimony The interchange is marked by mutual respect and exceptional clarity of thought and expression This is a book that will appeal to a wide audience of believers seekers and non believers.
