**Rethinking "Gnosticism"** Michael Allen Williams, 1999-04-12 Most anyone interested in such topics as creation mythology Jungian theory or the idea of secret teachings in ancient Judaism and Christianity has found gnosticism compelling Yet the term gnosticism which often connotes a single rebellious movement against the prevailing religions of late antiquity gives the false impression of a monolithic religious phenomenon Here Michael Williams challenges the validity of the widely invoked category of ancient gnosticism and the ways it has been described Presenting such famous writings and movements as the Apocryphon of John and Valentinian Christianity Williams uncovers the similarities and differences among some major traditions widely categorized as gnostic He provides an eloquent systematic argument for a more accurate way to discuss these interpretive approaches The modern construct gnosticism is not justified by any ancient self definition and many of the most commonly cited religious features that supposedly define gnosticism phenomenologically turn out to be questionable Exploring the sample sets of gnostic teachings Williams refutes generalizations concerning asceticism and libertinism attitudes toward the body and the created world and alleged features of protest parasitism and elitism He sketches a fresh model for understanding ancient innovations on more mainstream Judaism and Christianity a model that is informed by modern research on dynamics in new religious movements and is freed from the false stereotypes from which the category gnosticism has been constructed

**The Valentinian Temple** Matthew Twigg, 2022-04-11 Is the Nag Hammadi Apocalypse of Paul a Valentinian text Many would say no few would say yes The Valentinian Temple brings together all the available evidence to produce a systematic argument in favour of the Apocalypse of Paul s Valentinian origins From Valentinus himself to the Gospel of Truth and the Gospel of Philip this book traces one of the most neglected trajectories in Valentinian Christianity namely the pursuit of mystical experiences oriented around a heavenly temple Starting with the divine Name in the fragments of Valentinus the development of a high priestly Christology is uncovered across a range of primary sources culminating in the Gospel of Philip s temple based rituals of initiation The Valentinian Temple argues that it is against this intellectual background that the Apocalypse of Paul ought to be understood This book will be of interest to experts and students in Gnosticism Valentinianism early Christianity Coptic and biblical literature and Pauline studies

**Specters of Paul** Benjamin H. Dunning, 2011-02-07 The first Christians operated with a hierarchical model of sexual difference common to the ancient Mediterranean with women considered to be lesser versions of men Yet sexual difference was not completely stable as a conceptual category across the spectrum of formative Christian thinking Rather early Christians found ways to exercise theological creativity and to think differently from one another as they probed the enigma of sexually differentiated bodies In Specters of Paul Benjamin H Dunning explores this variety in second and third century Christian thought with particular attention to the ways the legacy of the apostle Paul fueled shaped and also constrained approaches to the issue Paul articulates his vision of what it means to be human primarily by situating human beings between two poles creation

Adam and resurrection Christ But within this framework where does one place the figure of Eve and the difference that her female body represents Dunning demonstrates that this dilemma impacted a range of Christian thinkers in the centuries immediately following the apostle including Clement of Alexandria Irenaeus of Lyons Tertullian of Carthage and authors from the Nag Hammadi corpus While each of these thinkers attempts to give the difference of the feminine a coherent place within a Pauline typological framework Dunning shows that they all fail to deliver fully on the coherence that they promise Instead sexual difference haunts the Pauline discourse of identity and sameness as the difference that can be neither fully assimilated nor fully ejected a conclusion with important implications not only for early Christian history but also for feminist and queer philosophy and theology

**The Reception of Philo of Alexandria** Courtney J. P. Friesen, David Lincicum, David T. Runia, 2025-01-12 Philo of Alexandria was a Jewish statesman philosopher and religious thinker A significant amount of his literary corpus was preserved by Christian hands and thereby came to resource numerous theologians in the Christian tradition After passing into obscurity in Jewish circles in antiquity Philo was rediscovered in the Italian Renaissance and came to feature in Jewish tradition once again Philo's works straddle an interest in exegesis and philosophy and the multifaceted contents of his thought ensured a long history of reception among readers with their own agendas This authoritative and systematic collection of essays by an international team of experts surveys Philo's reception from the time of his immediate contemporaries to the present day The book unfolds over six sections the first centuries late antiquity the middle ages the renaissance and early modern period from the eighteenth to the twentieth centuries and contemporary perspectives

The Body of the Cross Travis E. Ables, 2021-12-07 The Body of the Cross is a study of holy victims in Western Christian history and how the uses of their bodies in Christian thought led to the idea of the cross as a substitutionary sacrifice Since its first centuries Christianity has traded on the suffering of victims martyrs mystics and heretics as substitutes for the Christian social body These victims secured holiness either by their own sacred power or by their reprobation and rejection Just as their bodies were mediated in eucharistic social and Christological ways so too did the flesh of Jesus Christ become one of those holy substitutes But it was only late in Western history that he took on the function of the exemplary victim In tracing the story of this embodied development The Body of the Cross gives special attention to popular spirituality religious dissent and the writing of women throughout Christian history It examines the symbol of the cross as it functions in key moments throughout this history including the parting of the ways of Judaism and Christianity the gnostic debates martyr traditions and medieval affective devotion and heresy Finally in a Reformation era haunted by divine wrath these themes concentrated in the unique concept that Jesus Christ died on the cross to absorb divine punishment for sin a holy body and a rejected body in one

**Constructions of Gender in Religious Traditions of Late Antiquity** Kathy Ehrensperger, Juni Hoppe, Shayna Sheinfeld, 2024-03-26 This volume examines questions concerning the construction of gender and identity in the earliest days of what is now Judaism Christianity and Islam Methodologically explicit the contributions analyze textual

and material sources related to these religious traditions in their cultural contexts The sources examined are predominantly products of patriarchal elite discourses requiring innovative approaches to unveil aspects of gender otherwise hidden This volume extends the discussion represented in the volume *Gender and Second Temple Judaism* 2020 and highlights the fruitfulness of interdisciplinary research beyond anachronistic discipline distinctions

**They Went Out from Us** Daniel R. Streett, 2011 Most interpreters of 1 2 3 John believe that the author's opponents called antichrists deceivers and false prophets advocated gnostic or progressive doctrines that denied or downplayed the humanity of Jesus Christ and the importance of ethical behaviour and eventually split the Johannine community Against this consensus Streett argues that the opponents are former Jewish Christians who have left the community to return to the synagogue after renouncing their belief that Jesus is the Jewish Messiah

**The Apocryphal Gospels: A Very Short Introduction** Paul Foster, 2009-02-26 biblical studies Book Jacket

*Origen's References to Heracleon* Carl Johan Berglund, 2020-11-19 The origins of Christian exegesis are obscured by ancient authors lack of differentiation between verbatim quotations summaries explanatory paraphrases and mere assertions Carl Johan Berglund discerns what we can know of Heracleon's literary critical Gospel commentary from Origen's presuppositions of Gnostic heresies

**The Migration of Metaphysics into the Realm of the Profane** Ansgar Martins, 2020-07-20 Ansgar Martins's *The Migration of Metaphysics into the Realm of the Profane* is the first book length study focusing on Adorno's idiosyncratic appropriation of Jewish mysticism in the light of his relationship to Gershom Scholem and their shared intellectual contexts Rather than merely posit vague associative connections as previous authors have often done Martins's close reading of specific references in published and private texts alike allows him to highlight both commonalities and differences between Adorno's and Scholem's understanding of Kabbalistic tropes and the issue of metaphysics in the modern world and to demonstrate the extent to which similarities resulted from mutual and or third party influences especially Benjamin Martins throws the specifics of their respective idiosyncratic appropriations of Jewish tradition into sharp relief

Valentinus Ophites Bardesanes Saturninus Basilides Marcion Pseudo Clementines Following transitional sections on the criticism of and reaction to gnosis in church history the book ends with modern religious philosophy Boehme Schelling Schleiermacher and Hegel Baur s first discussion of these major thinkers This book was written over a hundred years before the manuscript discovery at Nag Hammadi which awakened a lively interest in Gnosticism that continues to the present day

*Assembling Early Christianity* Cavan W. Concannon, 2017-09-07 The story of a forgotten early Christian bishop and his emergent network of churches along ancient Mediterranean trade routes

**A Story of the Soul's Journey in the Nag Hammadi Library** Ulla Tervahauta, 2015-08-19 Authentikos Logos NHC VI 3 also known as Authoritative Teaching is a little studied story of a soul s descent and ascent in the Nag Hammadi library With her book Ulla Tervahauta fills a gap in the scholarship and provide the first monograph length study that has this writing as its primary focus The aim is to find a place and context for Authentikos Logos within early Christianity but Tervahauta also adds new insight into the scholarship of the Nag Hammadi Library and study of early Christianity Contrary to the usual discussion of the Nag Hammadi writings from the viewpoint of Gnostic studies she argues that Authentikos Logos is best approached from the context of Christian traditions of late ancient Egypt between the third and the fifth centuries Tervahauta discusses the story of the soul s journey in light of various Christian and Platonic writings Also she analyses the relationship of Authentikos Logos with the Valentinian Wisdom myth and suggests that no firm evidence connects the writing closely with Valentinian traditions And although a Platonic mind set can be assumed the writing combines motifs in a unique manner For example the four epithets used in the writing the invisible soul the pneumatic soul the material soul and the rational soul are not found thus combined elsewhere Discussion of matter hyle is connected with Christian scriptural allusions and the focus is on ethics and the evilness of matter The body on the other hand is the soul s place of contest and progress The Pauline term pneumatic body 1 Cor 15 44 is used allusively and from a Platonic perspective With this book Ulla Tervahauta makes an important contribution to the study of early Christianity in late ancient Egypt by discussing a writing that shows knowledge and creative combination of literary traditions that circulated in late ancient Egypt

**Acts of Paul** Glenn E. Snyder, 2013 Acts of Paul is a collection of early Christian traditions that were not included in the canonized Acts the Acts of Paul and Thekla 3 Corinthians the Martyrdom of Paul and other fabulous stories such as Paul baptizing a lion By the end of the second century there was a rumor in North Africa that Acts of Paul had been fabricated by a presbyter in Asia Minor Tertullian De baptismo 17 5 and to this day it is alleged that Acts of Paul is later than and inferior to the traditions preserved in Acts historically theologically and otherwise But what evidence is there for the composition and reception of Acts of Paul In this study Glenn E Snyder critically examines Greek Latin and Coptic witnesses to Acts of Paul from the second to sixth centuries with chapters on the independently circulating acts extant collections and other evidence for the formation of Acts of Paul

Treasure Hidden in a Field David W. Jorgensen, 2016-09-26 This reception history of the Gospel of Matthew utilizes theoretical frameworks and literary sources from two typically distinct disciplines patristic studies and Valentinian/Gnostic studies The author shows how in the second and third centuries the Valentinians were important contributors to a shared culture of early Christian exegesis By examining the use of the same Matthean pericopes by both Valentinian and patristic exegetes the author demonstrates that certain Valentinian exegetical innovations were influential upon and

ultimately adopted by patristic authors Chief among Valentinian contributions include the allegorical interpretation of texts that would become part of the New Testament a sophisticated theory of the historical and theological relationship between Christians and Jews and indeed the very conceptualization of the Gospel of Matthew as sacred scripture This study demonstrates that what would eventually emerge from this period as the ecclesiological and theological center cannot be adequately understood without attending to some groups and individuals that have often been depicted both by subsequent ecclesiastical leaders and modern scholars as marginal and heretical
