## **Rethinking Pastoral Care:**

**Rethinking Pastoral Care** Una M. Collins, Jean McNiff, 1999 This book looks at how teachers can attempt to give good quality pastoral care whether as a form tutor in the first instance or in a managerial role further along in their development

**Rethinking Pastoral Care** Charles Martin, Sr., 2020-09-30 Rethinking Pastoral Care ushers the reader into consideration of the pastoral care ministry in the context of the African American church The racial context of the African American church is experiencing a change that affects the method and development of ministry in the church The issue of concern involves the mass of individuals in the African American church who are involved in biracial relationships or are themselves of biracial heterogeneity Does the African American church offer a ministry of pastoral care designed to meet the needs of a racially diverse group of people What is the design of an approach to pastoral care suitable for a racially diverse family or individual in the church These questions and others guide the discussion on this vital ministry in the African American and multi cultural church The reader will find helpful information for ministry in any racially diverse context This book examines the racially changing context in the American church and community This book guides the reader in thoughtful reflection of the traditional approach of pastoral care a reevaluation of its methods challenge the reader to rethink his or her approach to pastoral care in the midst of the racially changing context *Listening Ministry* Susan K. Hedahl, This book presents a unique blend of theological reflection on listening new and tested research on listening as it relates to church leadership and suggested forms of listening education and skills assessment in a continual effort to locate and understand listening as the heart of effective and faithful ministry **Rethinking Pastoral Care with African Americans** Charles C. Martin, 2000 *Prophetic Witness in World Christianities* Annemie Dillen, Anne Vandenhoeck, 2011 Prophets have a reputation of changing for the better the relationship between people and God Christianity has a long history of prophets who have directed the faithful towards more justice and righteousness What can Christians learn from prophets for daily life for contemporary theology and for pastoral care This book looks at prophetic action from a biblical pastoral and ethical perspective The contributions from both pastoral theologians and pastors from around the globe make this study a unique exercise in maintaining the prophetic perspective in theological reflection and pastoral practice Series International Practical Theology Vol 13 **When All Else Fails** Wayne L. Menking, 2013-09-05 The condition of stuck is a condition well known by pastoral caregivers and leaders In *When All Else Fails* Wayne Menking argues that the way out of stuckness is not through the acquisition of faddish techniques but through a deep rethinking of our pastoral vocation and what our pastoral work is to be about Pastoral care and leadership are not indistinguishable just as priestly work can never be separated from prophetic work They are always one and the same Pastoral care and leadership then are not about helping people relieve their anxiety through the offering of palliative comfort but rather helping people to engage the powers that have hold of their life so as to leave what is old for what is new In this engagement the caregiver will always encounter powers against which niceness and

unconditional love will not work Using biblical images and narratives that depict God as a deeply empathic and compassionate God yet one who is never adaptively sympathetic Menking asserts that pastoral caregivers and leaders must shed their niceness and adaptivity so as to employ their God given power if they are to help people effectively leave what is old for what is new *Pastoral Care in Context* John Patton,2005-01-01 An expert in the field of pastoral care John Patton demonstrates that pastoral care is a ministry of the church He focuses on the community of faith as an authorizer and source of care and upon the relationship between the pastor and a caring community Patton identifies and compares three paradigms of pastoral care the classical the clinical pastoral and the communal contextual This third paradigm emphasizes the caring community and the various contexts for care rather than focusing on pastoral care as the work of the ordained pastor **Rethinking Childhood** Peter B. Pufall,Richard P. Unsworth,2004 Being a child in American society can be problematic In *Rethinking Childhood* 20 contributors from such disciplines as anthropology government education and religion provide a multidisciplinary view of childhood by listening and understanding the ways children shape their own futures The Chaplain's Presence and Medical Power Richard Coble,2017-12-20 Why is loss present but rarely spoken of in the hospital system How does such silence carry over to the practices of chaplains who accompany dying patients and grieving families Richard Coble critically examines his experiences as a hospital chaplain to analyze the place of spiritual care in wider trends vexing healthcare today including its persistent disparities and its related inability to reckon with human decline Simultaneously he offers routes for chaplains to be a force of change Boys Don't Try? Rethinking Masculinity in Schools Matt Pinkett,Mark Roberts,2019-04-05 There is a significant problem in our schools too many boys are struggling The list of things to concern teachers is long Disappointing academic results a lack of interest in studying higher exclusion rates increasing mental health issues sexist attitudes an inability to express emotions Traditional ideas about masculinity are having a negative impact not only on males but females too In this ground breaking book Matt Pinkett and Mark Roberts argue that schools must rethink their efforts to get boys back on track *Boys Don't Try* examines the research around key topics such as anxiety and achievement behaviour and bullying schoolwork and self esteem It encourages the reader to reflect on how they define masculinity and consider what we want for boys in our schools Offering practical quick wins as well as long term strategies to help boys become happier and achieve greater academic success the book offers ways to avoid problematic behaviour by boys and tips to help teachers address poor behaviour when it happens highlights key areas of pastoral care that need to be recognised by schools exposes how popular approaches to engaging boys are actually misguided and damaging details how issues like disadvantage relationships violence peer pressure and pornography affect boys perceptions of masculinity and how teachers can challenge these With an easy to navigate three part structure for each chapter setting out the stories key research and practical solutions this is essential reading for all classroom teachers and school leaders who are keen to ensure male students enjoy the same success as girls Rethinking Middle Years Victoria

Carrington,2020-08-04 This is a unique and exciting book that challenges traditional conceptions of middle years provision It should be read by policy makers educators and researchers alike Jackie Marsh University of Sheffield Carrington s analysis of contemporary youth and the lives that they bring to school is significant This stage of education is fundamental to understanding how we might engage learners and her sensitive and insightful analysis makes a major contribution to our understandings about how these years resonate with their needs and interests Professor Nicola Yelland Victoria University Despite two decades of research and reform schools across the Western world still struggle to engage their students in the middle years But does this mean there is a youth crisis And what do technology and risk have to do with it Victoria Carrington argues for the need to move beyond developmentally based models to see middle years pedagogy in historical social economic and political contexts Setting research from Australia alongside international experience she emphasises the importance of understanding the risk society and young peoples immersion in digital technologies and consumer culture She shows how teachers and schools can use this understanding to work more effectively with early adolescents and how policy makers and education leaders could reshape the middle years reform agenda to improve professional practice and student outcomes

*Building Your Digital Sanctuary* Brandan J. Robertson,2023-03-01 The COVID 19 pandemic accelerated the digital revolution faster than anyone expected In a few weeks faith communities around the world were thrust into developing fully digital ministries some doing it well and others struggling along the way However this moment of crisis opened the opportunity for all faith communities to reach unprecedented numbers of people and truly become ministries without walls Yet many churches have failed to fully incorporate a digital vision into their long term plan for ministry and have largely reverted to in person programs and services because of a lack of direction on how to build high quality and sustainable digital ministries *Building Your Digital Sanctuary* is an introductory guide for pastors and communications teams on how to lay the foundation of an impactful and sustainable digital sanctuary alongside your in person ministries Drawing on the wisdom of some of digital ministry experts this practical guide will provide the inspiration and insight churches need to minister in the emerging digital age

*Soft Shepherd or Almighty Pastor* Annemie Dillen,2015-03-26 In *Soft Shepherd or Almighty Pastor* contributors seek to go beyond the taboo on power within pastoral contexts They not only discuss fundamental theological and philosophical questions about power but also develop

ways to prevent power abuse in pastoral context Power is considered as omnipresent and is analyzed in its positive and negative aspects Not only the classical associations of power over or domination are discussed in relation to ecclesial and pastoral situations but also forms of power linked to Rethinking Outdoor, Experiential and Informal Education Tony Jeffs, Jon Ord, 2017-09-14 This book seeks to bring together the two disciplines of informal and outdoor education and challenges readers to think differently about outdoor and adventure education It develops core ideas and thinking about informal education within outdoor settings and explores how its principles and practice can enhance outdoor education A wide range of contributors look in detail at the concept of change in the outdoors whilst also considering the ways in which this expanding field might exploit opportunities offered to young people and adults to engage in reflective informal education It encourages outdoor educators to experience their immediate surroundings in new and innovative ways and grasp the challenge of promoting a sustainable lifestyle Offering a fresh perspective on shifting the outdoor education agenda from that of skills acquisition and narrow learning to the social and political as well as aesthetic and philosophical opportunities embodied within the outdoor experience this book will be valuable reading for those studying or working in the field of outdoor education **Leading improvement in school community wellbeing** Donna Cross, Leanne Lester, 2023-12-01

*Youth Ministry After the Pandemic* Kevin Muriithi Ndereba, 2025-07-25 Youth faith formation usually takes the form of a narrow privatized or spiritualized perspective Since young people are a critical demographic in the Global South and Africa more specifically their faith formation must shape them to engage public life so as to enhance human flourishing While much of the literature on youth and theology is Western in orientation this book makes use of scholarly sources in African and Global Christianity so as to shape youth work in the Global South It shows that young people can help guide the African church to fulfill both the Great Commission and the Great Commandment and so achieve its spiritual and prophetic mandate It engages with youth culture emerging non religious identities digital church or ecclesiology ecotheology and climate change and economic justice **Interreligious Encounter on Cura Animarum** Ulrike Elsdörfer, 2013 Ulrike Elsdörfer has collected texts from the most diverse traditions that discuss relationships between psychology psychotherapy and religion's

**Prophecy and Politics in South African Pentecostalism** Mookgo Solomon Kgatle,2023-12-28 This book is an interdisciplinary study of the relationship between prophecy and politics in South African Pentecostalism The role and the power of prophecy in enhancing the presence of politicians in the church square are unpacked through historical examples as well as case studies of contemporary prophets Solomon Kgatle argues that the influence of prophecy in politics has the potential to weaken the prophetic voice of the church in general and the Pentecostal movement in particular He proposes a Pentecostal political theology of prophecy This theology is developed by taking into cognizance the theoretical and theological frameworks of prophetic imagination and pneumatological imagination In addition this theology seeks a balance between prophecy and power and prophecy and sovereignty

Social inequality and interreligious learning Alexander Unser ,2019 Interreligious learning is viewed as a key educational task today Increasing religious plurality in our societies and associated risks of societal tensions and conflicts necessitate that students deal at school with other religions their belief systems and the social reality of those who believe in them Although several international studies have shown that some categories of students are at risk to be disadvantaged at school because of social inequality this problem is currently not considered in theories of interreligious learning Therefore the present study investigates whether or not categories of students are disadvantaged in interreligious learning In addition to theological and pedagogical insights about the problem of social inequality this book presents an empirically validated action theoretical model which helps to understand why some students have better or worse opportunities in interreligious learning The action theoretical model further proposes strategies to address unequal learning conditions in interreligious learning
