## Rethinking Women:

**Rethinking Women's and Gender Studies** Catherine M. Orr, Ann Braithwaite, 2012-03-22 *Rethinking Women's and Gender Studies* re-examines the field's foundational assumptions by identifying and critically analyzing eighteen of its key terms. Each essay investigates a single term (e.g., feminism, interdisciplinarity, intersectionality) by asking how it has come to be understood and mobilized in *Women's and Gender Studies* and then explicates the roles it plays in both producing and shutting down possible versions of the field. The goal of the book is to trace and expose critical paradoxes, ironies, and contradictions embedded in the language of *Women's and Gender Studies* from its high theory to its casual conversations that relies on these key terms. *Rethinking Women's and Gender Studies* offers a fresh approach to structuring Feminist Theory Senior Capstone and introductory graduate level courses in *Women's and Gender Studies*.

**Rethinking Women's and Gender Studies Volume 2** Catherine M. Orr, Ann Braithwaite, 2023-11-23 The second volume of *Rethinking Women's and Gender Studies* addresses the complexities and inherent paradoxes within the expansive knowledge project known as *Women's and Gender Studies* for audiences both inside and adjacent to the field. Each of the volume's chapters identifies and critically examines a key term that circulates in this field, exploring how the term has come to be understood and mobilized within its everyday narratives and practices. In constructing provocative genealogies for their terms, authors explicate the roles that this language and the narratives attached to it play in producing and limiting possible versions of the field. The ongoing aim of *Rethinking Women's and Gender Studies* both in the original volume and this entirely new extension is to trace and expose important paradoxes, ironies, and contradictions embedded in the field from its high theory to its casual conversations that rely on these terms. Forging collective conversation and intellectual community from its thoughtful and critical lines of inquiry, the second volume of *Rethinking Women's and Gender Studies* remains bracingly original and full of fresh insight. It provides a perfect complement for Feminist Theory Senior Capstone and introductory graduate level courses offered in *Women's and Gender Studies* and related fields.

**Rethinking Women's Roles** Denise O'Brien, Sharon W. Tiffany, 1984-01-01 *Rethinking Women's Roles* Denise O'Brien, Sharon W. Tiffany, 2021-01-08 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1984.

**The Politics of Women's Biology** Ruth Hubbard, 1990 In this work, the author explores the social and political assumptions of biology and genetics in particular. She examines the ways biologists use scientific language, use genetics, and apply it to human situations, especially to women's situations.

**Rethinking Women in Development** Joan Akinyi Othieno, 2002

**Mothers of Invention** So Mayer, Corinn Columpar, 2022-04-05 This collection belongs on the bookshelves of students and scholars of cinema and media studies, feminist and queer media studies, labor studies, filmmaking, and

production and cultural studies      *Situating the Feminist Gaze and Spectatorship in Postwar Cinema* Marcelline Block, Angela Laflen, 2009-01-14 Marcelline Block's *Situating the Feminist Gaze and Spectatorship in Postwar Cinema* breaks new ground in exploring feminist film theory. It is a wide-ranging collection re-visiting important theoretical questions as well as offering close analyses of films produced in the United States, France, England, Belgium, and Russia. This anthology investigates exciting areas of research for critical inquiry into film and gender studies as well as feminist, queer, and postfeminist theories and treats film texts from Marguerite Duras to 21st-century horror films from Agnès Varda's 2007 installation at the Pantheon to the post-Soviet Russian filmmakers Aleksei Balabanov and Valerii Todorovskii from Quentin Tarantino's *Death Proof* to Sofia Coppola's postfeminist trilogy from Chantal Akerman's transhistorical transgressive and transgendered gaze to the quantum gaze in Steven Spielberg's *Jurassic Park* from Hitchcock's *Good Looking Blondes* to the career woman in peril thriller among others. According to the semiotician Marshall Blonsky of the New School University in New York, given the breadth of the editor's choices, this volume makes a splendid contribution to feminist and cinematic fields as well as cultural and media studies, postmodernism, and postfeminism. It lends readers new eyes to view canonical and other film texts. David Sterritt, chairman of the National Society of Film Critics, states that this anthology should be required reading for students and scholars among other readers interested in the interaction of cinema with contemporary culture. *Situating the Feminist Gaze and Spectatorship* is prefaced by Jean Michel Rabat's brilliant essay *Mulvey was the First: Women, Science, and Technology*. Mary Wyer, Mary Barbercheck, Donna Cookmeyer, Hatice Ozturk, Marta Wayne, 2013-09-11 *Women, Science, and Technology* is an ideal reader for courses in feminist science studies. This third edition fully updates its predecessor with a new introduction and twenty-eight new readings that explore social constructions mediated by technologies, expand the scope of feminist technoscience studies, and move beyond the nature/culture paradigm.

Resources in Education, 2000      *Class* John Scott, 1996 Class and status are both foundational themes in the study of sociology. John Scott brings together the central theoretical contributions to the debate on class and status as aspects of stratification. Using a selection of seminal pieces and commentaries on the classics, it raises central issues, for example, the distinction between class and status, which are then examined by leading authorities.      The Women of NOW Katherine Turk, 2023-08-15 A clear blueprint for change. A must-read. Clara Bingham, *The Guardian*. The history of NOW, its organization, trials, and revolutionary mission, told through the work of three members. In the summer of 1966, crammed into a D.C. hotel suite, twenty-eight women devised a revolutionary plan. Betty Friedan, the well-known author of *The Feminine Mystique*, and Pauli Murray, a lawyer at the front lines of the civil rights movement, had called this renegade meeting. From attendees at the annual conference of state women's commissions, fed up with waiting for government action and trying to work with a broken system, they laid out a vision for an organization to unite all women and fight for their rights. Alternately skeptical and energized, they debated the idea late into the night. In less than twenty-four hours, the National Organization for Women was

born In The Women of NOW the historian Katherine Turk chronicles the growth and enduring influence of this foundational group through three lesser known members who became leaders Aileen Hernandez a federal official of Jamaican American heritage Mary Jean Collins a working class union organizer and Chicago Catholic and Patricia Hill Burnett a Michigan Republican artist and former beauty queen From its bold inception through the tumultuous training ground of the 1970s NOW s feminism flooded the nation permanently shifted American culture and politics and clashed with conservative forces presaging our fractured national landscape These women built an organization that was radical in its time but flexible and expansive enough to become a mainstream fixture This is the story of how they built it and built it to last Includes 16 pages of black and white images

**A World Full of Women** Martha C. Ward, Monica D. **Neoliberalism and its Impact on the Women's Movement in Aotearoa/New Zealand** Julia Schuster, 2022-02-28 This book investigates how neoliberalism shaped the women s movement in Aotearoa New Zealand from the mid 1980s to late 2010s and looks at the future of the movement Based on an empirical study that encompasses the three levels of the movement individualised feminism the work of women s organisations and state feminism it explores how neoliberal rationality promoted by governments over three decades has impacted feminist identification and activism as well as political opportunities for organisations and institutions working within the movement Exploring the diversity of feminist voices the author analyses intersectional post colonial and intergenerational debates within the movement in the context of neoliberalism s influence on feminist values and strategies and examines whether neoliberal rationality succeeded in depoliticising individualising and fragmenting the movement The book comes to the conclusion that despite some severe drawbacks internal conflicts and changes of strategies the women s movement in Aotearoa New Zealand has survived the impact of neoliberalism This book will be of interest to scholars of Gender Studies Sociology Political Science and Women s History as well as feminist activists

**A Comparative Perspective of Women's Economic Empowerment** Meltem Yenilmez, Onur Celik, 2019-05-29 The need for the creation of an enabling political legal and economic environment for women within Turkey is rising A growing concern is shown at the ethnic divisions and local discrimination against women which have spilled over into the labor market This book lends a supporting voice to the economic and social empowerment of women globally focusing on the real causes and the unpredictable nature of the ongoing conflicts surrounding the issue The authors bring to the forefront problems of development within various regions and the implementation of projects which address the state of women inequality and risks that are inimical to their participation in the economy Emphasis is laid on

why women should be permitted access to the many opportunities in information technology and exchange partnership growth and networking in this digital era The oppressive policies of Turkey are scrutinized to unravel the dangers they pose to the corporate existence of women in the modern world Furthermore this book centers on the deliberation on regional politics and issues on gender and women s empowerment in modern Turkey whilst comparing with other countries The work sheds light on salient issues and possible remedies within target countries and the concerted efforts made to create a reliable structure to discuss gender conflicts Ample contributions from countries such as the US Germany Serbia South Africa and United Kingdom are pivotal to comparing and examining the main debates Addressing several global gender related examples as well as Turkey s national principles this book encourages full involvement of women and girls in deciding the fate of their country This book serves as the rallying point of an array of informative and mind expanding works of literature in regional studies gender studies migration economy and area studies in countries like Turkey USA Serbia UK and India Experts students and readers in the academic sphere may find this work educative and intellectually fulfilling Women and Employment in Public Policy Susan Milner, 2024-07-20 In the UK women s economic empowerment through employment is a success story of the last three decades And yet women are over represented in low paid insecure jobs are under represented in top jobs and earn less than men on average with a marked income gap over the lifecourse When Labour took office in 1997 a new wave of women MPs entered parliament in record numbers and women gained access to ministerial roles including a newly created minister for women However policy on women and employment remained an area of conflict New rights were secured particularly for mothers but when Labour left office a sizeable policy agenda remained unfinished Using documentary evidence and interviews from leading policy actors from the period Women and Employment in Public Policy takes as its starting point the Women and Work Commission which was convened in 2004 to examine causes of the gender pay gap The commission was unable to defuse conflicts over equal pay but it set out an agenda for change at the level of government private sector work organizations and public sector organizations Milner examines why the commission could not resolve key conflicts and why its broad based recommendations were only partially taken up She traces the subsequent development of policy observing well established preferences for light touch regulation which can raise awareness but leave entrenched practices unchallenged and weaken individual women s access to redress Detailed study of the working of the commission provides lessons on the policy process particularly for those seeking to influence policy It also shows that within the wider policy space opportunities for action to effect change are possible based on appeals to instrumental logic or political exchange but are constrained by party leadership Journal of Women's History Guide to Periodical Literature ,1992 Gayle V Fischer has produced a terrifically useful volume that no research library should be without The Journal of American History an indispensable resource to finding material on women s history throughout the world Journal of World History the work is recommended for its currency depth of coverage and scope Ethnic Forum As part of its mission to

They argued that gender differences must be accommodated and that equality could not always be achieved by applying an identical standard of treatment to men and women. The reform agenda they championed an end to unfair sex discrimination, just compensation for their waged labor, and the right to care for their families and communities. They launched a revolution in employment practices that carries on today. Unique in its range and perspective, this is the first book to link the continuous tradition of social feminism to the leadership of labor women within that movement.
