Larry Rogers,2024-01-11 This is my first book in the Secret series The Secret of Success is the proposition that real peace and happiness result when the whole person has physical social financial and spiritual success You develop all those qualities to achieve real success Your whole life is full of mental peace and happiness when your whole person becomes greater than the sum of its parts Real success is not an accomplishment in just one area but proficiency in all four Our education system provides instruction for the whole curriculum of life If you are good at math but cannot speak with proper grammar your success will be soiled An entertainer like Elvis Presley may sell two hundred million records and have two hundred million friends but be broke and alone with a drug and spending addiction The ordinary person focuses on the parts of life they are trying to receive while the successful person focuses on the whole life they are trying to accomplish The second book in the series is *The Secret of Money Beating Inflation in the 21st Century* It would be a nice complement to this one *Secret Doors* Iris Reed,2021-03-25 Secret Doors is a love story about a young devoted black couple Ron and Sylvia Spencer who becomes very rich by utilizing the stock market Unfortunately their path crosses with that of a wealthy deceptive high society couple Andrew and Diana Zwinski The Zwinskis believe that they have found an opportunity to use the Spencers as a front to hide their illegal activities from the law The story pivots around a tremendous amount of wealth paranormal encounters missing friends racism and so much more Find out if the Spencers stumble upon the inheritance left behind inside of this third generation family mansion that they now own or will they become the victims of another s greed Retreat to a quiet room kick your feet up pour yourself a

**Memories of a Secret Agent** Paul Kramer,2006-12-11 It is essential for the reader to remember that this is a memoir in other words a record of events based on the authors experiences and feelings Because of the secrecy restrictions at the time these events occurred and in some cases for many years thereafter the author kept no diary notes or record and wrote no letters describing his work Furthermore almost without exception all the people with whom and for whom he worked are now dead Consequently in writing this book the author has been entirely dependent on his memory At the age of ninety one this memory may have at times been defective or twisted However there can be no doubt the story is true Careful research of the archives of the Office of the Coordinator of Inter American Affairs the U S Navy and the CIA should substantiate this But even here there will be difficulties due to secrecy and the deindexing of the FBI's Latin American files by its then director rather than turn them over to the hated CIA Moreover the authors foolish refusal to accede to the request of his commanding officer to write the history of the naval operation Roads End immediately after its conclusion and for which he had received a commendation has erased forever the details of that historic event Finally the tragic suicide of the CIA's director of operations subsequent to the Kim Philby espionage scandal diminished the possibility of a proper analysis of events surrounding it in Washington      *Securities and Exchange Commission Litigation Complaint: August 10, 2006* ,      **SEC**
