Russia Leaves the War George Frost Kennan,2023-01-24 Winner of the Pulitzer Prize the National Book Award the Bancroft Prize and the Parkman Prize From acclaimed diplomat and historian George Kennan a landmark history of the crucial months in 1917 1918 that forged the pattern of Soviet American relations When the Bolsheviks seized power in November 1917 American diplomats in St Petersburg and Moscow were thrown into a bewildering situation Should the new regime be recognized What was its true nature And was there any way to keep Russia fighting against Germany in the Great

War In vivid detail George Kennan s classic history tells the gripping story of the Americans furious and ultimately failed efforts to strike a deal to keep the Soviets in the war and how these events set the pattern of future relations between the two emerging superpowers In a new foreword Kennan biographer Frank Costigliola puts the book in the context of its Cold War publication and Kennan s life **The Czecho-Slovak Struggle for Independence, 1914-1920** Brent

Mueggenberg,2014-09-06 The calamity of World War I spawned dozens of liberation movements among ethnic and religious groups throughout the world None was more successful in realizing the goal of self determination than the Czechs and Slovaks From its humble beginning the Czecho Slovak liberation movement grew into an impressive struggle that was waged from the capitals of Western Europe to the frozen steppes of Siberia Its ranks included exiled propagandists war prisoners turned legionaries and conspirators inside Austria Hungary This book shows how these groups overcame their estrangements and coordinated their efforts to win independence for their homeland It also examines the consequences of the Czecho Slovaks achievements including their entanglement in the Russian Civil War and their impact on the postwar settlements that redrew the political boundaries of Central Europe *Foundations of Russian Military Flight, 1885-1925*

James K Libbey,2019-05-15 *Foundations of Russian Military Flight* focuses on the early use of balloons and aircraft by the Russian military The best early Russian aircraft included flying boats designed by Dimitrii Grigorovich and large reconnaissance bombers created by Igor Sikorsky As World War I began the Imperial Russian Navy made use of aircraft more quickly than the army Indeed the navy established a precursor to the aircraft carrier The Imperial Russian Army came to respect over time the work of aircraft that evolved from reconnaissance and bomber to fighter planes Over 250 army pilots during the war received awards of high distinction for their wartime flights After the 1917 revolution both the new Bolshevik government and the reactionary White forces created air arms to combat each other In the 1920s the Soviet Union and Germany negotiated agreements that allowed Germany to violate the Treaty of Versailles by building military aircraft and training German military pilots in the USSR This provided the Soviet Union access to the latest aviation technology and prevented them from falling too far behind the West in this crucial sphere Historical Dictionary of the Russian Revolution

Jonathan Davis,2020-05-15 *Historical Dictionary of the Russian Revolution* focuses on the leading individuals ideas political parties and main events that were central to the transformation of Russia during the revolution The time period runs from January 1917 through to the Treaty of Brest Litovsk that took Russia out of the First World War in March 1918 It covers the main events ideas people and parties and takes the story of the revolution from the eve of the overthrowing of Tsar Nicholas II through to the Bolshevik seizure of power the first six months of Leninist rule and the Treaty of Brest Litovsk that ended Russia s involvement in the First World War *Historical Dictionary of the Russian Revolution* contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on the revolutions the First World War political parties ideologies and individuals and the main events that defined the course of the Russian

Elleman,1997 Utilizes archival documents to argue against the perception that America turned its back on China during the Paris Peace Conference a belief that convinced many Chinese to turn to Soviet Russia instead The author contends that President Wilson did everything in his power to help China Chapters focus on topics such as the origins of the United Front Policy assertion of Soviet control over the Chinese Eastern Railway the restoration of Russian territorial concessions and Soviet Foreign policy and the Chinese Communist Party Annotation copyrighted by Book News Inc Portland OR

Diplomacy and Deception Bruce Elleman,2016-09-16 During the Soviet period the USSR conducted diplomatic relations with incumbent regimes while simultaneously cultivating and manipulating communist movements in those same countries The Chinese case offers a particularly interesting example of this dual policy for when the Chinese Communists came to power in 1949 their discovery of the nature of Moscow s imperial designs on Chinese territory sowed distrust between the two revolutionary powers and paved the way to the Sino Soviet split Drawing on newly available documents

from archives in China Taiwan Russia and Japan this study examines secret agreements signed by Moscow and the Peking government in 1924 and confirmed by a Soviet Japanese convention in 1925 These agreements essentially allowed the Bolsheviks to reclaim most of tsarist Russia s concessions and privileges in China including not only Imperial properties but also Outer Mongolia the Chinese Eastern Railway the Boxer Indemnity and the right of extraterritoriality Each of these topics is analyzed in this volume and translations of the secret protocols themselves are included in a documentary appendix Additional chapters discuss Sino Soviet diplomacy and the parallel history of Soviet relations with the Chinese Communist Party as well as the origins and purpose of the United Front policy

The War of 1898, and U.S. Interventions, 1898-1934 Benjamin R. Beede, 1994 A fascinating encyclopedic survey of the Spanish Cuban American War the Philippine War and the small wars between 1899 and the end of the occupation of Haiti in 1934 The name changes themselves are instructive The usage of Spanish American War ignores the fact that the war in Cuba had been largely won by the Cuban revolutionaries before US intervention hence the new title Spanish Cuban American War The use of Philippine Insurrection is replaced by Philippine War since the Philippine forces had taken much of the islands from Spain before US ground forces arrived And guerillas or revolutionaries have replaced bandits the term used by the US to discredit oppositional forces Annotation copyright by Book News Inc Portland OR

Dreams of a Great Small Nation Kevin J McNamara, 2016-03-29 The pages of history recall scarcely any parallel episode at once so romantic in character and so extensive in scale Winston S Churchill In 1917 two empires that had dominated much of Europe and Asia teetered on the edge of the abyss exhausted by the ruinous cost in blood and treasure of the First World War As Imperial Russia and Habsburg ruled Austria Hungary began to succumb a small group of Czech and Slovak combat veterans stranded in Siberia saw an opportunity to realize their long held dream of independence While their plan was audacious and complex and involved moving their 50 000 strong army by land and sea across three quarters of the earth s expanse their commitment to fight for the Allies on the Western Front riveted the attention of Allied London Paris and Washington On their journey across Siberia a brawl erupted at a remote Trans Siberian rail station that sparked a wholesale rebellion The marauding Czecho Slovak Legion seized control of the Trans Siberian Railroad and with it Siberia In the end this small band of POWs and deserters whose strength was seen by Leon Trotsky as the chief threat to Soviet rule helped destroy the Austro Hungarian Empire and found Czecho Slovakia British prime minister David Lloyd George called their adventure one of the greatest epics of history and former US president Teddy Roosevelt declared that their accomplishments were unparalleled so far as I know in ancient or modern warfare

Alexander Gumberg and Soviet-American Relations James K. Libbey, 2014-07-15 Born in Russia in 1887 Alexander Gumberg immigrated to the United States in 1903 He returned to Russia in 1917 as an American businessman sympathetic to the progress of Russia s Revolution After the Bolshevik seizure of power on November 7 Gumberg became a secretary translator and adviser to the American Red Cross Commission and the Committee on Public Information Through him a Soviet American dialogue

formed despite the lack of official relations Gumberg advised congressmen who hoped to establish diplomatic ties between the two countries He helped American publicists publications and institutions which sought to present a favorable or at least balanced picture of Soviet Russia Gumberg did not seek to start a revolution to change the world or to alter the morality of man He did contribute quietly to a better understanding between the future superpowers when their normal ties had been broken

The Deluge Adam Tooze, 2014-05-29 WINNER OF THE LOS ANGELES TIMES PRIZE FOR HISTORY FINANCIAL TIMES AND NEW STATESMAN BOOKS OF THE YEAR 2014 On the centenary of the outbreak of the First World War Deluge is a powerful explanation of why the war's legacy continues to shape our world from Adam Tooze the Wolfson Prize winning author of The Wages of Destruction In the depths of the Great War with millions of dead and no imaginable end to the conflict societies around the world began to buckle As the cataclysmic battles continued a new global order was being born Adam Tooze's panoramic new book tells a radical new story of the struggle for global mastery from the battles of the Western Front in 1916 to the Great Depression of the 1930s The war shook the foundations of political and economic order across Eurasia Empires that had lasted since the Middle Ages collapsed into ruins New nations sprang up Strikes street fighting and revolution convulsed much of the world And beneath the surface turmoil the war set in motion a deeper and more lasting shift a transformation that continues to shape the present day 1916 was the year when world affairs began to revolve around the United States America was both a uniquely powerful global force a force that was forward looking the focus of hope money and ideas and at the same time elusive unpredictable and in fundamental respects unwilling to confront these unwished for responsibilities Tooze shows how the fate of effectively the whole of civilization the British Empire the future of peace in Europe the survival of the Weimar Republic both the Russian and Chinese revolutions and stability in the Pacific now came to revolve around this new power's fraught relationship with a shockingly changed world The Deluge is both a brilliantly illuminating exploration of the past and an essential history for the present
