Russia The Soviet Union A Modern Histo:

Russia and the Soviet Union Warren Bartlett Walsh,1956 **Russia and the Soviet Union** Warren Bartlett Walsh,Allan Nevins,Howard M. Ehrmann,2012-06 *Russia and the Soviet Union* Bartlett Warren Walsh,1958 A Modern History of Russian Childhood Elizabeth White,2020-02-20 A Modern History of Russian Childhood examines the changes and continuities in ideas about Russian childhood from the 18th to the 21st century It looks at how children were thought about and treated in Russian and Soviet culture as well as how the radical social political and economic changes across the period affected children It explains how and why childhood became a key concept both in Late Imperial Russia and in the Soviet Union and looks at similarities and differences to models of childhood elsewhere Focusing mainly on children in families telling us much about Russian and Soviet family life in the process Elizabeth White combines theoretical ideas about childhood with examples of real lived experiences of children to provide a comprehensive overview of the subject The book also offers a comprehensive synthesis of a wide range of secondary sources in English and Russian whilst utilizing various textual primary sources as part of the discussion This book is key reading for anyone wanting to understand the social and cultural history of Russia as well as the history of childhood in the modern world **The Making of Modern Russia** Lionel Kochan,Richard Abraham,1983-03-31 A straightforward account of a complicated story a valuable introduction to the general reader The Sunday Times Russia and Eastern Europe, 1789-1985 Raymond Pearson,1989 **Russia and the Soviet Union** Walsh,1958 **A History of the Soviet Union from the Beginning to the End** Peter Kenez,2006-05-01 An examination of political social and cultural developments in the Soviet Union The book identifies the social tensions and political inconsistencies that spurred radical change in the government of Russia from the turn of the century to the revolution of 1917 Kenez envisions that revolution as a crisis of authority that posed the question Who shall govern Russia This question was resolved with the creation of the Soviet Union Kenez traces the development of the Soviet Union from the Revolution through the 1920s the years of the New Economic Policies and into the Stalinist order He shows how post Stalin Soviet leaders struggled to find ways to rule the country without using Stalin s methods but also without openly repudiating the past and to negotiate a peaceful but antipathetic coexistence with the capitalist West In this second edition he also examines the post Soviet period tracing Russia s development up to the time of publication A Modern History of Russian Childhood Elizabeth White,2020-02-20 A Modern History of Russian Childhood examines the changes and continuities in ideas about Russian childhood from the 18th to the 21st century It looks at how children were thought about and treated in Russian and Soviet culture as well as how the radical social political and economic changes across the period affected children It explains how and why childhood became a key concept both in Late Imperial Russia and in the Soviet Union and looks at similarities and differences to models of childhood elsewhere Focusing mainly on children in families telling us much about Russian and Soviet family life in the process Elizabeth White combines theoretical ideas about childhood with examples

of real lived experiences of children to provide a comprehensive overview of the subject The book also offers a comprehensive synthesis of a wide range of secondary sources in English and Russian whilst utilizing various textual primary sources as part of the discussion This book is key reading for anyone wanting to understand the social and cultural history of Russia as well as the history of childhood in the modern world *the new cambridge modern history. volume xii* ,

Writing History in the Soviet Union Arup Banerji, 2017-08-18 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed Writing History in the Soviet Union Making the Past Work is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka **A History of Russia, Central Asia and Mongolia, Volume II** David Christian, 2018-01-08 Provides an all encompassing look at the history of Russia Central Asia and Mongolia Beginning with the breakup of the Mongol Empire in the mid thirteenth century Volume II of this comprehensive work covers the remarkable history of Inner Eurasia from 1260 up to modern times completing the story begun in Volume I Volume II describes how agriculture spread through Inner Eurasia providing the foundations for new agricultural states including the Russian Empire It focuses on the idea of mobilization the distinctive ways in which elite groups mobilized resources from their populations and how those methods were shaped by the region s distinctive ecology which differed greatly from that of Outer Eurasia the southern half of Eurasia and the part of Eurasia most studied by historians This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century Filled with figures maps and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region A History of Russia Central Asia and

Mongolia Volume II Inner Eurasia from the Mongol Empire to Today 1260 2000 is a magisterial but accessible account of this area's past that will offer readers new insights into the history of an often misunderstood part of the world. It situates the histories of Russia, Central Asia, and Mongolia within the larger narrative of world history. Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone. Focuses on the powerful ways in which the region's geography shaped its history. Places great emphasis on how mobilization played a major part in the development of the regions. Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels. Offers new ways of understanding the Soviet era. A History of Russia, Central Asia, and Mongolia Volume II is an ideal book for general audiences and for use in undergraduate and graduate courses in world history. The Blackwell History of the World Series. The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world. It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change. Each provides a systematic account of a very large subject but they are also both imaginative and interpretative. The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production. *A Modern History of Forgotten Genocides and Mass Atrocities* Jeffrey S.

Bachman, Esther Brito Ruiz, 2024-11-01 This is the first textbook of its kind to amass cases of genocide and other mass atrocities across the nineteenth, twentieth, and twenty-first centuries that have largely been pushed to the periphery of Genocide Studies or forgotten altogether. Divided into four thematic sections: Genocide and Imperialism, War and Genocide, State Repression, Military Dictatorships, and Genocide and Human-Caused Famine, Attrition, and Genocide. *A Modern History of Forgotten Genocides and Mass Atrocities* covers five continents including case studies from Biafra, Yemen, Argentina, Russia, China, and Bengal. They range from the French conquest of Algeria in the mid-nineteenth century to the Yazidi genocide perpetrated by the Islamic State in Iraq and Syria between 2014 and 2017 and show that at times of rising authoritarianism, military conquest, and weaponization of hunger lines between what is war and what is genocide are increasingly blurred. By including genocides and mass atrocities that are often overlooked, this volume is crucial to the ongoing debates about whether this atrocity or that one amounts to genocide. By including key points, events, terms, and critical questions throughout, this is the ideal textbook for undergraduate students who study genocide, mass atrocities, and human rights across the globe. *A New Modern History of East Asia* Eckhardt Fuchs, Tokushi Kasahara, Sven

Saaler, 2017-12-04 For decades, historians and societal forces have campaigned for rapprochement, reconciliation, and dialogue between East Asian nations. This book is a result of these efforts. Debates regarding the interpretation of the modern history of East Asia continue to affect bilateral relations between the states of the region. History education has become a

particularly controversial issue in this context This book's main message is that a common understanding regarding the history of East Asia is possible even though some differences remain It is not only a major contribution to reconciliation in the region but as the first textbook on the history of East Asia written collaboratively by scholars from three East Asian countries it is also highly recommended for use in an anglophone teaching environment The authors are a group of historians teachers and concerned citizens from China Japan and South Korea *Myths of Modern History* Jacques R.

Pauwels, 2022-05-13 Revisionist historian Jacques R Pauwels challenges readers to reconsider what they know about some key events in the last 250 years of world history At a time when it's all too easy to see history in black and white terms historian Jacques R Pauwels urges readers to let go of conventional history textbooks and re-examine historical events outside the bounds of conventional ideologies and agendas Pauwels uses twelve key events from the French Revolution onwards to debunk well-known accepted historical narratives in the western canon He challenges readers to rethink their views by compiling the recent work of specialized scholars whose research demonstrates that the facts contradict the myths that have been offered to explain these events Beginning with a reconsideration of the impacts of the French Revolution Pauwels finishes by dismantling the American narrative surrounding the use of nuclear weapons in the Second World War and the real rationale for the Cold War and the U S's postwar global democracy project *Stalin* Kevin

McDermott, 2006-01-23 Stalin's massive impact on Soviet history is often explained in terms of his inherent evil personality defects and power lust While not rejecting these notions Kevin McDermott argues that Stalin's thoughts and actions are best contextualised in the inter-relationship between war and revolution in the first half of the twentieth century The author presents the case for taking the Soviet dictator seriously as a Marxist revolutionary whose fundamental beliefs and modus operandi were forged in the cauldron of civil and international wars ideologically driven class wars and revolutionary upheavals associated with the age of catastrophe 1914-45 Only by so doing can the complex motivations for such cataclysmic events as the Great Terror be adequately addressed Incorporating recently declassified materials from the former Soviet Party archives this new appraisal of Stalin also provides a critical review of the latest western and Russian historiography It is essential reading for anyone studying the debates on one of the leading figures of Soviet history **Orthodox Russia:**

Belief and Practice Under the Tsars, 1993 Patt Leonard, Rebecca Routh, 1996 Journal articles books book chapters book reviews dissertations and selected government publications on East Central Europe and the former Soviet Union published in the United States and Canada **Nelson Modern History** Ken Webb, 2015-09-10 [Bibliography of European Economic and Social History](#) Derek Howard Aldcroft, Richard Rodger, 1993 This bibliographical guide contains 10 000 references to the economic and social history of 30 European countries during the period 1700-1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and

organizations Full publication details are included so that references may be located easily

This is likewise one of the factors by obtaining the soft documents of this **Russia The Soviet Union A Modern Histo** by online. You might not require more epoch to spend to go to the book opening as competently as search for them. In some cases, you likewise pull off not discover the publication Russia The Soviet Union A Modern Histo that you are looking for. It will completely squander the time.

However below, taking into account you visit this web page, it will be correspondingly unquestionably easy to acquire as competently as download guide Russia The Soviet Union A Modern Histo

It will not believe many time as we notify before. You can accomplish it even though perform something else at home and even in your workplace. fittingly easy! So, are you question? Just exercise just what we offer under as well as review **Russia The Soviet Union A Modern Histo** what you in the manner of to read!
