**Literary Scholarship in Late Imperial Russia** Andy Byford, 2007 The turn of the 20th century was a decisive moment in the institutionalization of Russia's literary scholarship This is the first book in the English language to provide an indepth analysis of the emergence of Russia's literary academia in the pre Revolutionary era In particular Byford examines the rhetoric of self representation of major academic establishments devoted to literary study the canonization of exemplary literary historians and philologists and attempts by Russian literary academics of this era to define their work as a distinct form of scholarship

**The Origins of Russian Literary Theory** Jessica Merrill, 2022-07-15 Russian Formalism is widely considered the foundation of modern literary theory This book reevaluates the movement in light of the current commitment to rethink the concept of literary form in cultural historical terms Jessica Merrill provides a novel reconstruction of the intellectual historical context that enabled the emergence of Formalism in the 1910s Formalists adopted a mode of thought Merrill calls the philological paradigm a framework for thinking about language literature and folklore that lumped them together as verbal tradition For those who thought in these terms verbal tradition was understood to be inseparable from cultural history Merrill situates early literary theories within this paradigm to reveal abandoned paths in the history of the discipline ideas that were discounted by the structuralist and post structuralist accounts that would emerge after World War II *The Origins of Russian Literary Theory* reconstructs lost Formalist theories of authorship of the psychology of narrative structure and of the social spread of poetic innovations According to these theories literary form is always a product of human psychology and cultural history By

recontextualizing Russian Formalism within this philological paradigm the book highlights the aspects of Formalism's legacy that speak to the priorities of twenty first century literary studies      *A History of Russian Literary Theory and Criticism* Evgeny Dobrenko, Galin Tihanov, 2011-11-27 This edited volume assembles the work of leading international scholars in a comprehensive history of Russian literary theory and criticism from 1917 to the post Soviet age By examining the dynamics of literary criticism and theory in three arenas political intellectual and institutional the authors capture the progression and structure of Russian literary criticism and its changing function and discourse The chapters follow early movements such as formalism the Bakhtin Circle Proletkult futurism the fellow travelers and the Russian Association of Proletarian Writers By the cultural revolution of 1928 literary criticism became a mechanism of Soviet policies synchronous with official ideology The chapters follow theory and criticism into the 1930s with examinations of the Union of Soviet Writers semantic paleontology and socialist realism under Stalin A more humanized literary criticism appeared during the ravaging years of World War II only to be supplanted by a return to the party line Soviet heroism and anti-Semitism in the late Stalinist period During Khrushchev's Thaw there was a remarkable rise in liberal literature and criticism that was later refuted in the nationalist movement of the long 1970s The same decade saw on the other hand the rise to prominence of semiotics and structuralism Postmodernism and a strong revival of academic literary studies have shared the stage since the start of the post Soviet era For the first time anywhere this collection analyzes all of the important theorists and major critical movements during a tumultuous ideological period in Russian history including developments in emigre literary theory and criticism      Literary Theory: The Basics Hans Bertens, 2017-07-14 This third edition of Hans Bertens bestselling book is an essential guide to the often confusing and complicated world of literary theory Exploring a broad range of topics from Marxist and feminist criticism to postmodernism and new historicism *Literary Theory The Basics* covers contemporary topics including reception theory and reader response theory the new criticism of postmodernism the after theory debate post humanism biopolitics and animal studies aesthetics *Literary Theory The Basics* helps readers to approach the many theories and debates in this field with confidence Now with updated case studies and further reading this is an essential purchase for anyone who strives to understand literary theory today      **Literary Theory** Johannes Willem Bertens, 2001 This accessible guide provides the ideal first step in understanding literary theory      **Modern Genre Theory** David Duff, 2014-09-11 Since Aristotle genre has been one of the fundamental concepts of literary theory and much of the world's literature and criticism has been shaped by ideas about the nature function and value of literary genres Modern developments in critical theory however prompted in part by the iconoclastic practices of modern writers and the emergence of new media such as film and television have put in question traditional categories and challenged the assumptions on which earlier genre theory was based This has led not just to a reinterpretation of individual genres and the development of new classifications but also to a radically new understanding of such key topics as the mixing and evolution of genres generic hierarchies and genre systems

the politics and sociology of genres and the relations between genre and gender This anthology the first of its kind in English charts these fascinating developments Through judicious selections from major twentieth century genre theorists including Yury Tynyanov Vladimir Propp Mikhail Bakhtin Hans Robert Jauss Rosalie Colie Fredric Jameson Tzvetan Todorov Gérard Genette and Jacques Derrida it demonstrates the central role that notions of genre have played in Russian Formalism structuralism and post structuralism reception theory and various modes of historical criticism Each essay is accompanied by a detailed headnote and the volume opens with a lucid introduction emphasising the international and interdisciplinary character of modern debates about genre Also included are an annotated bibliography and a glossary of key terms making this an indispensable resource for students and anyone interested in genre studies or literary theory      **Narrative**

Examining Bakhtin's relationship to Russian Formalism and Soviet Marxism Pechey focuses on two major interests the influence of Eastern Orthodox Christianity upon his thinking and Bakhtin's use of literary criticism and hermeneutics as ways of doing philosophy by other means      **Assembling Alternatives** Romana Huk, 2003-04-29 First anthology to examine the national borders of postmodern poetry      The Institutions of Russian Modernism Jonathan Stone, 2017-10-15 The

*Institutions of Russian Modernism* illuminates the key role of Symbolism as the earliest form of modernism in Russia emerging seemingly ex nihilo at the end of the nineteenth century Combining book history periodical studies and reception theory Jonathan Stone examines the poetry and theory of Russian Symbolism within the framework of the institutions that organized published and disseminated the works to Russian readers Surveying a wealth of examples of books journals and almanacs Stone traces how publishers of Symbolist works marketed the movement and fashioned a Symbolist reader His persuasive argument that after its eclipse Symbolism's legacy remained embedded in the heart of Russian modernism will be

Ken Hirschkop, 1999-12-09 This book makes a radical break with earlier interpretations of Bakhtin s work Using recent Russian scholarship Ken Hirschkop explodes many of the myths which have surrounded Bakhtin and his work and lays the ground for a new more historically acute sense of his achievement Through a comprehensive reading of Bakhtin s work Hirschkop demonstrates that his discussion of the philosophy of language literary history popular/festive culture and the phenomenology of everyday life revolved around a lifelong search for a new kind of modern ethical culture A detailed examination of the major works reveals the careful interweaving of philosophical and historical argument which makes Bakhtin at once so compelling and so frustrating a writer Hirschkop treats Bakhtin not as a metaphysician or a philosopher for the ages but as a writer inevitably drawn into the historical conflicts produced by a modernizing and democratizing Europe As a consequence Bakhtin becomes a more sober but also more original writer with a striking contribution to make to
