Russian Marxists The Origins Of Bolshe

Albert A Gayle

Russian Marxists The Origins Of Bolshe:

Russia's Revolutionary Experience, 1905-1917 Leopold H. Haimson, 2005 The eminent historian Leopold Haimson examines the nature of political power in Russia during the years leading to the Bolshevik revolution The book explores the issue of power as it was reflected in struggles of Russian workers to control their own lives and in the outlooks and strategies of leading political figures on the objectives of the revolution and the ways to achieve them **Russia Under the Last Tsar** Theofanis G. Stavrou, 1969 The reign of Russia's last tsar Nicholas II from 1894 to 1917 constitutes a period of continuing controversy among historians Interesting in its own right it is also a time of great importance to an understanding of the cataclysmic events which follow **The Red Years** Albert S. Lindemann, 2023-11-10 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974 The Twilight of Imperial Russia Richard Charques, 1974-10-03 Recounts the personalities events and movements which dominated the reign of Nicholas II in a penetrating and provocative analysis of the forces which led to the collapse of Russian tsarism A History of Russian Thought from the Enlightenment to Marxism Andrzej Walicki, 1979 This book covers virtually all the significant Russian thinkers from the age of Catherine the Great Down to the eve of the 1905 Revolution Revolutionary Monsters Donald T. Critchlow, 2021-10-05 Lenin Mao Castro Mugabe Khomeini All sparked movements in the name of liberating their people from their oppressors capitalists foreign imperialists or dictators in their own country These revolutionaries rallied the masses in the name of freedom only to become more tyrannical than those they replaced Much has been written about the anatomy of revolution from Edmund Burke to Crane Brinton Crane Franz Fanon and contemporary theorists of revolution found in the modern academy Yet what is missing is a dissection of the revolutionary minds that destroyed the old for the creation of a more harmful new Revolutionary Monsters presents a collective biography of five modern day revolutionaries who came into power calling for the liberation of the people only to end up killing millions of people in the name of revolution Lenin Russia Mao China Castro Cuba Mugabe Zimbabwe and Khomeini Iran Revolutionary Monsters explores basic questions about the revolutionary personality and examines how these revolutionaries came to envision themselves as prophets of a new age *The Russia Anxiety* Mark B. Smith, 2019-09-03 A history of Russophobia and its living legacy in world affairs With proof of election meddling and the relationship between Donald Trump and Vladimir Putin an ongoing conundrum little wonder many Americans are experiencing what historian Mark B Smith calls the Russia Anxiety This is no new phenomenon Time and time again the West has judged Russia on assumptions of its inherent cunning malevolence and brutality Yet for much of its history Russia functioned no differently or at least no more dysfunctionally than other absolutist war mongering European states So what is it about this country that so often provokes such excessive

responses And why is this so dangerous Russian history can indeed be viewed as a catalog of brutal violence in which a rotation of secret police from Ivan the Terrible's Oprichina to Andropov's KGB and Putin's FSB hold absolute sway However as Smith shows there are nevertheless deeper political and cultural factors that could lead to democratic outcomes Violence is not an innate element of Russian culture and Russia is not unknowable From foreign interference and cyber attacks to mega corruption and nuclear weapons Smith uses Russia's sprawling history to throw light on contemporary concerns Smith reveals how the past has created today's Russia and how this past offers hints about its future place in the world one that reaches beyond crisis and confrontation

A Coat of Many Colors Gregory Freidin, 1987 Freidin writes just the kind of criticism Mandelstam wrote and which he would have loved grounded in careful reading but never timid quirky but never merely eccentric the product of a mind and sensibility keenly alive to the times both historical and critical Nothing I have read on Mandelstam has so provoked my own thinking as has Freidin's work It is stimulating in every sense of the word and will move the study of Mandelstam off the point at which it has been stuck for far too long John E Malmstad Harvard University Combining as it does sensitive close readings of the Mandelstam texts with an uncommonly wide range of literary and sociocultural reference *A Coat of Many Colors* is a welcome and significant addition to the body of scholarship bearing on one of our century's finest poets Victor Erlich Yale University

Berdyaev's Philosophy of Hope a Contribution to Marxist-Christian Dialogue, **A History of Socialism and Communism in Modern Times** Warren Lerner, 1993 The Bolshevik Tradition Robert Hatch McNeal, 1975

The Origin of Russian Communism Николай Бердяев, 1960 An analysis of the political social cultural and religious trends in recent Russian history which influenced soviet ideology *the significance of eschatology in the thoughts of nicolas berdyaev* Carnegie Samuel Calian, 1965 There is no question that Nicolas Berdyaev has distinguished himself in this twentieth century as the Christian philosopher and prophet of freedom and creativity par excellence The purpose of this present study is to bring attention to an untreated aspect of Berdyaev's Weltanschauung which underlies the whole of his thinking This untreated aspect is the eschatological emphasis found in the writings of Nicolas Berdyaev This study will lead to the conclusion that Berdyaev was not only the philosopher of creativity and freedom par excellence but he was also an eschatological philosopher of equal excellence Introduction

Russia, the Roots of Confrontation Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma It springs from the thesis that Russia's national character and its international relations can be understood only in light of the traumas and triumphs privation and privileges that the country weathered under the tsars and the Soviets

Voices of Revolution, 1917 Mark D. Steinberg, 2001-01-01 With precision and sensitivity the human story of what the Russian revolution meant to ordinary people is told through the experiences thoughts and feelings of the people as expressed in their own words

Encyclopedia of the Age of Imperialism, 1800-1914 Carl C. Hodge, 2007-11-30 In 1800 Europeans governed about one third of the world's land surface by the start of World War I in 1914 Europeans had

imposed some form of political or economic ascendancy on over 80 percent of the globe The basic structure of global and European politics in the twentieth century was fashioned in the previous century out of the clash of competing imperial interests and the effects both beneficial and harmful of the imperial powers on the societies they dominated This encyclopedia offers current detailed information on the major world powers and their global empires as well as on the people events ideas and movements both European and non European that shaped the Age of Imperialism *Marxism and History* Stephen Henry Rigby,1987 Marx s theory of history is often regarded as the most enduring and fruitful aspect of his intellectual legacy His historical materialism has been the inspiration for some of the best historical writing in the works of scholars such as Eric Hobsbawm E P Thompson Rodney Hilton and Robert Brenner S H Rigby establishes Marx s claims about social structure and historical change discusses their use in his own and his followers writings and assesses the validity of his theories He argues that Marx s social theories were profoundly contradictory and that Marxism has proved most useful when it is seen as a source of questions concepts and hypotheses rather than as a philosophy of historical development Reform in Russia and the U. S. S. R. Robert O. Crummey,1990-10 An interdisciplinary study by political scientists and historians in which are examined a number of periods of reform or attempted reform from the reign of Ivan IV to the present Annotation copyrighted by Book News Inc Portland OR **Cases Decided in the United States Court of Claims** United States. Court of Claims,1969 **The Oxford Handbook of the History of International Law** Bardo Fassbender,Anne Peters,Simone Peter,Daniel Högger,2012-11 This handbook provides an authoritative and original overview of the origins of public international law It analyses the modern history of international law from a global perspective and examines the lives of those who were most responsible for shaping it

This Enthralling World of E-book Books: A Detailed Guide Revealing the Advantages of E-book Books: A World of Convenience and Versatility E-book books, with their inherent mobility and ease of availability, have liberated readers from the limitations of physical books.
