

Russian Orthodoxy Religion And Society After Communism

Robert A. Saunders

Russian Orthodoxy Religion And Society After Communism:

Russian Society and the Orthodox Church Zoe Knox, 2004-06-02 Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post Communist Russia. It shows how Orthodox prelates, clergy and laity have shaped Russians' attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy. It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society. Russian Society and the Orthodox Church Zoe Katrina Knox, 2004 Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post Communist Russia. It shows how Orthodox prelates, clergy and laity have shaped Russians' attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy. It shows how the official church including the Moscow Patriarchate has impeded the developm

Believing in Russia Geraldine Fagan, 2013 As unease mounts over Russia's direction under Presidents Putin and Medvedev how free are her faith communities? Drawing upon hundreds of interviews with religious and state representatives across Russia this book explores religious policy as both a gauge of Kremlin commitment to democratic values and a reflection of national identity. *Religion, Morality, and Community in Post-Soviet Societies* Mark D. Steinberg, Catherine Wanner, 2008-11-13 This collection reveals the presence and power of religious belief and practice in public life after the demise of Soviet socialism. Based on recent research and interdisciplinary methodologies *Religion, Morality and Community in Post Soviet Societies* examines how religious organizations and individuals engage the changing and troubled environment in which they live which presents expanded civil freedom but much everyday uncertainty, unhappiness, injustice and suffering. Page 4 of cover **Russian Orthodoxy, Nationalism and the Soviet State during the Gorbachev Years, 1985-1991**

Sophie Kotzer, 2020-01-22 This book examines how the Russian Orthodox Church developed during the period of Gorbachev's rule in the Soviet Union, a period characterised by perestroika reform and glasnost openness. It charts how official Soviet policy towards religion in general and the Russian Orthodox Church changed with the Church enjoying significantly improved status. It also discusses however how the improved relations between the Moscow Patriarchate and the state and the Patriarchate's support for Soviet foreign policy goals, its close alignment with Russian nationalism and its role as a guardian of the Soviet Union's borders were not seen in a positive light by dissidents and by many ordinary believers who were disappointed by the church's failure in respect of its social mission including education and charitable activities. **Russian Orthodoxy and Secularism** Kristina Stoeckl, 2020-07-20 Russian Orthodoxy and Secularism surveys the ways in which the

Russian Orthodox Church has negotiated its relationship with the secular state with other religions and with Western modernity from its beginnings until the present. It applies multiple theoretical perspectives and draws on different disciplinary approaches to explain the varied and at times contradictory facets of Russian Orthodoxy as a state church or as a critic of the state as a lived religion or as a civil religion controlled by the state as a source of dissidence during Communism or as a reservoir of anti-Western anti-modernist ideas that celebrate the uniqueness and superiority of the Russian nation. Kristina Stoeckl argues that three decades after the fall of Communism the period of post-Soviet transition is over for Russian Orthodoxy and that the Moscow Patriarchate has settled on its role as national church and provider of a new civil religion of traditional values. Religion and Secular Modernity in Russian Christianity, Judaism, and Atheism Ana Siljak, 2024-11-15

Religion and Secular Modernity in Russian Christianity, Judaism and Atheism is a multifaceted account of the engagement between religion and the secular in Russia's Christian, Jewish and atheist traditions. Ana Siljak brings together an interdisciplinary group of leading scholars to present unique perspectives on the secularization dynamic in Russia and the Soviet Union, telling stories about theologians, sects, churches, poets and artists. From the Jewish Christian priest Alexander Men to the cross-dressing poet Zinaida Gippius to the Soviet promoter of Yiddish theater Solomon Mikhoels, Religion and Secular Modernity in Russian Christianity, Judaism and Atheism gives a voice to a variety of actors who have grappled with the possibilities of faith and unbelief in an industrialized modern and seemingly secular world. Now more than ever, as one narrative of Russia's religious history dominates official Russian accounts, alternative perspectives of the relationship between Russian religion and secularism should be highlighted and emphasized. Historical Dictionary of the Russian Federation Robert A. Saunders, 2019-09-20

Straddling Europe and Asia, the Russian Federation is the largest country in the world and home to a panoply of religious and ethnic groups, from the Muslim Tatars to the Buddhist Buryats. Over the past 40 years, Russia has experienced the most dramatic transformation of any modern state. The second edition of Historical Dictionary of the Russian Federation provides insight into this rapidly developing country. This volume includes coverage of pivotal movements, events and persons in the late Soviet Union (1985-1991) and contemporary Russia (1991-present). This second edition of Historical Dictionary of the Russian Federation contains a chronology, an introduction and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion and culture. This book is an excellent resource for students, researchers and anyone wanting to know more about Russia.

Religions of the World J. Gordon Melton, Martin Baumann, 2010-09-21

This masterful six-volume encyclopedia provides comprehensive global coverage of religion, emphasizing larger religious communities without neglecting the world's smaller religious outposts. Religions of the World, Second Edition: A Comprehensive Encyclopedia of Beliefs and Practices is an extraordinary work bringing together the scholarship of some 225 experts from around the globe. The encyclopedia's six volumes offer entries on every country of the world, with particular emphasis on the larger nations, as

well as Indonesia and the Latin American countries that are traditionally given little attention in English language reference works Entries include profiles on religion in the world s smallest countries the Vatican and San Marino profiles on religion in recently established or disputed countries Kosovo and Nagorno Karabakh as well as profiles on religion in some of the world s most remote places Antarctica and Easter Island Religions of the World is unique in that it is based in religion on the ground tracing the development of each of the 16 major world religious traditions through its institutional expressions in the modern world its major geographical sites and its major celebrations Unlike other works the encyclopedia also covers the world of religious unbelief as expressed in atheism humanism and other traditions Minority Religions and Religious

Tolerance Zoe Knox, Emily B. Baran, 2025-09-04 This book is founded on a simple premise that Jehovah s Witnesses are a crucial litmus test for tolerance When Witnesses do not enjoy basic freedoms to practice their faith scholars should consider what their treatment reveals about the broader state of tolerance and respect for religious pluralism and religious minority groups They should also examine how the Witnesses struggle for acceptance has shaped religious freedom and the protections enshrined in law in many modern states in the twenty first century This is what the authors call the Jehovah s Witness test The contributors have run the JW test across a range of countries from Egypt and Mexico to Russia and South Korea addressing religious political and medical opposition and their outcomes for modern states and societies They bring to their conclusions a wealth of perspectives among them are medical experts sociologists political scientists historians anthropologists and representatives of the Witness community Taken together this volume is a call for scholars to look to the treatment of Jehovah s Witnesses as a barometer for the overall health of religious tolerance and basic civil liberties in our contemporary world **The World's Religions** Peter B. Clarke, Peter Beyer, 2009-05-07 This comprehensive volume focuses

on the world s religions and the changes they have undergone as they become more global and diverse in form It explores the religions of the world not only in the regions with which they have been historically associated but also looks at the new cultural and religious contexts in which they are developing It considers the role of migration in the spread of religions by examining the issues raised for modern societies by the increasing interaction of different religions The volume also addresses such central questions as the dynamics of religious innovation which is evidenced in the rise and impact of new religious and new spirituality movements in every continent

The Post-Soviet Russian Orthodox Church Katja Richters, 2012-08-21 In recent years the Russian Orthodox Church has become a more prominent part of post Soviet Russia A number of assumptions exist regarding the Church s relationship with the Russian state that the Church has always been dominated by Russia s secular elites that the clerics have not sufficiently fought this domination and occasionally failed to act in the Church s best interest and that the Church was turned into a Soviet institution during the twentieth century This book challenges these assumptions It demonstrates that church state relations in post communist Russia can be seen in a much more differentiated way and that the church is not subservient very much having its own agenda Yet at the same time it is

sharing the state's and Russian society's nationalist vision. The book analyses the Russian Orthodox Church's political culture focusing on the Putin and Medvedev eras from 2000. It examines the upper echelons of the Moscow Patriarchate in relation to the governing elite and to Russian public opinion, explores the role of the church in the formation of state religious policy and the church's role within the Russian military. It discusses how the Moscow Patriarchate is asserting itself in former Soviet republics outside Russia, especially in Estonia, Ukraine and Belarus. It concludes by re-emphasising that although the church often mirrors the Kremlin's political preferences, it most definitely acts independently.

Political Symbols in Russian History Lee Trepanier, 2010-01-01. Political Symbols in Russian History is one of the few works that presents an analytical and comprehensive account of Russian history and politics between the years of 988 to 2005. From Kievan Rus to Putin's Russia, this book traces the development, evolution and impact that political symbols have had on Russian society. By using Eric Vogelin's new science of politics as the human search for order and justice, Dr Lee Trepanier provides a fresh and unique approach to the studies of political culture and civil society. For those interested in Russian politics and intellectual history, Political Symbols offers the most up-to-date scholarship on such political symbols and social institutions like the Russian Orthodox Church and State. This book presents an innovative approach to understanding symbols in the search for order and justice in Russian history.

Orthodox Revivalism in Russia Milena Benovska, 2020-10-12. Orthodoxy has achieved a large-scale revival in Russia following the collapse of Communism. However, paradoxically, although there is a high level of identification with Orthodoxy, there is in fact a low level of church attendance. This book, based on in-depth ethnographic fieldwork, explores the social background and moral attitudes of the little flock of believers who actively participate in religious life. It reveals that the complex moral beliefs of the faithful have a disproportionately high impact on Russian society overall, that among the faithful there is a strong emphasis on striving for personal perfection, but that also there are strong collective ideas concerning religious nationalism and the synergy between the secular and the religious.

Eastern Christianity and the Cold War, 1945-91, 2011. **In the Name of the Nation** M. Laruelle, 2009-10-26. This book deconstructs the equation of nationalism with the extreme right in Russia. Nationalism now extends throughout all of the country and can not be seen as a phenomenon confined to the margins of society. This study rejects the interpretation that understands Kremlin-backed patriotism as simply part of a fascist trend in Russia and as a rapprochement between the political authorities and the extreme right. A simplistic analysis of such a paradoxical phenomenon addresses neither the basic issue of social consensus nor that of the inherent relationship between national identity and citizenship.

Between Heaven and Russia Sarah Riccardi-Swartz, 2022-04-05. How is religious conversion transforming American democracy? In one corner of Appalachia, a group of American citizens has embraced the Russian Orthodox Church and through it, Putin's New Russia. Historically a minority immigrant faith in the United States, Russian Orthodoxy is attracting Americans who look to Russian religion and politics for answers to Western secularism and the loss of traditional family values in the face of

accelerating progressivism This ethnography highlights an intentional community of converts who are exemplary of much broader networks of Russian Orthodox converts in the United States These converts sought and found a conservatism more authentic than Christian American Republicanism and a nationalism unburdened by the broken promises of American exceptionalism Ultimately both converts and the Church that welcomes them deploy the subversive act of adopting the ideals and faith of a foreign power for larger transnational political ends Offering insights into this rarely considered religious world including its far right political roots that nourish the embrace of Putin's Russia this ethnography shows how religious conversion is tied to larger issues of social politics allegiance anti democracy and citizenship These conversions offer us a window onto both global politics and foreign affairs while also allowing us to see how particular U S communities are grappling with social transformations in the twenty first century With broad implications for our understanding of both conservative Christianity and right wing politics as well as contemporary Russian American relations this book provides insight in the growing constellations of far right conservatism While Russian Orthodox converts are more likely to form the moral minority rather than the moral majority they are an important gauge for understanding the powerful philosophical shifts occurring in the current political climate in the United States and what they might mean for the future of American values ideals and democracy

Russian Church in the Digital Era Hanna Stähle, 2021-08-23 The Russian Orthodox Church the largest and most powerful religious institution in Russia has become one of the central pillars of Vladimir Putin's authoritarianism While church attendance remains low the religiously inspired rhetoric of traditionalism has come to dominate the mainstream political and media discourse Has Russia abandoned its atheist past and embraced Orthodox Christianity as its new moral guide The reality is more complex and contradictory Digital sources provide evidence of rising domestic criticism of the Russian Orthodox Church and its leadership This book offers a nuanced understanding of contemporary Russian Orthodoxy and its changing role in the digital era Topics covered within this book include Mediatization theory Church reforms under Patriarch Kirill Church state relations since 2009 The Russian Orthodox Church's media policy Anticlericalism vs Church criticism and Religious secular and atheist critiques of the Church in digital media Using contemporary case studies such as Pussy Riot's Punk Prayer this book is a gripping read for those with an interest in media studies digital criticism of religion religion in the media the role of religion in society and the Russian Orthodox Church

Christianity After Communism Niels C., Jr. Nielsen, 2018-03-08 Specialists from Europe and the US investigate the current and changing role of religion in post communist Russia Drawing upon Eastern Orthodox Protestant and Roman Catholic points of view they examine the Russian religious attitudes activities and institutions and explore the ways in which religion will significantly impact emerging social and political questions there The volume should be of use to scholars of Russian politics society and religion and for anyone interested in the emerging culture of the former Soviet Union and Eastern Europe

"HIV is God's Blessing" Jarrett Zigon, 2011 Zigon's ethnography provides a fascinating window onto

the concrete processes through which people undergoing rehabilitation for drug addiction are remade as moral persons This book adeptly combines ethnographically based descriptions with forays into theology and Soviet history to deliver a compelling account of self transformation in a contemporary Russian Orthodox milieu Eugene Raikhel University of Chicago Over the last decade anthropologists have increasingly come to study the role of morality in shaping the course of social life Within anthropological debates around morality Zigon has been developing one of the most creative and challenging positions In this book he pushes his project to a whole new level working it out carefully through an important ethnographic case Those interested in morality in any field will want to read this striking exemplification of the way an anthropology of morality can help us think about social life in new ways Joel Robbins University of California San Diego

Russian Orthodoxy Religion And Society After Communism Introduction

In today's digital age, the availability of Russian Orthodoxy Religion And Society After Communism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russian Orthodoxy Religion And Society After Communism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russian Orthodoxy Religion And Society After Communism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russian Orthodoxy Religion And Society After Communism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russian Orthodoxy Religion And Society After Communism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russian Orthodoxy Religion And Society After Communism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russian Orthodoxy Religion And Society After Communism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russian Orthodoxy Religion And Society After Communism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russian Orthodoxy Religion And Society After Communism books and manuals for download and embark on your journey of knowledge?

FAQs About Russian Orthodoxy Religion And Society After Communism Books

1. Where can I buy Russian Orthodoxy Religion And Society After Communism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
