*A History of Russian Philosophy 1830-1930* G. M. Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy's main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions transcending easy classification as religious or secular The debate still resonates strongly today

relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas  
Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled  
documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30  
000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations  
Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections  
and anthologies The entries are cross referenced and each volume includes indexes      **A World Bibliography of  
Geographical Bibliographies** Takashi Okuno,1993      *A History of Russian Literary Theory and Criticism* Evgeny  
Dobrenko,Galin Tihanov,2011-11-27 This edited volume assembles the work of leading international scholars in a  
comprehensive history of Russian literary theory and criticism from 1917 to the post Soviet age By examining the dynamics  
of literary criticism and theory in three arenas political intellectual and institutional the authors capture the progression and  
structure of Russian literary criticism and its changing function and discourse The chapters follow early movements such as  
formalism the Bakhtin Circle Proletklut futurism the fellow travelers and the Russian Association of Proletarian Writers By  
the cultural revolution of 1928 literary criticism became a mechanism of Soviet policies synchronous with official ideology  
The chapters follow theory and criticism into the 1930s with examinations of the Union of Soviet Writers semantic  
paleontology and socialist realism under Stalin A more humanized literary criticism appeared during the ravaging years of  
World War II only to be supplanted by a return to the party line Soviet heroism and anti Semitism in the late Stalinist period  
During Khrushchev s Thaw there was a remarkable rise in liberal literature and criticism that was later refuted in the  
nationalist movement of the long 1970s The same decade saw on the other hand the rise to prominence of semiotics and  
structuralism Postmodernism and a strong revival of academic literary studies have shared the stage since the start of the  
post Soviet era For the first time anywhere this collection analyzes all of the important theorists and major critical  
movements during a tumultuous ideological period in Russian history including developments in emigre literary theory and  
criticism      **The Ravine of Memory** Shay A. Pilnik,2025-03-15 The Nazis and their collaborators buried over 100 000  
victims at Babyn Yar a ravine in modern day Ukraine Most of the individuals were Jewish making this area one of the most  
infamous mass murder sites in history The Ravine of Memory starts when the travesty ends telling the story of the ravine s  
memory and forgetting in Soviet literature and culture in Russian as well as in Yiddish This book challenges the prevailing

binary conceptions of Babyn Yar as exclusively a Holocaust or a Great Patriotic War story It is neither the exclusive product of Soviet censorship nor individual dissidents Babyn Yar is more than a physical space where untold horrors took place Symbolically it is the ultimate meeting point of so many disparate threads of Soviet culture the state and the artist the Jew and the non Jew and the Holocaust and the Great Patriotic War Ultimately it is a place that reveals the frailty and courage of those who bear witness to atrocity      **Записки Русской академической группы в С. Ш. А** ,1986      *The Russian Orthodox Church* ,1989 The survey focuses on the Orthodox Church in Russia and the Soviet Union concentrating on materials in the Main Library at Berkeley adjacent collections in The Bancroft and Law Libraries as well as the library at the Graduate Theological Union
