*Foxhunting in Paradise* Michael Clayton, 2012-12-17 In *Foxhunting in Paradise* a major work of research and practical exploration in and around the hunting field Michael Clayton brings entirely up to date histories of the Quorn Belvoir Cottesmore and Fernie Hunts He describes the glamour the risks and the controversy surrounding hunting in the paradise of Leicestershire's ridge and furrow grasslands divided by fly fences and dotted with fox coverts Royalty captains of industry young bloods from the services and not a few fortune hunters and courtesans have been among those gracing the houses and hunting fields of Leicestershire Yet the sport depends ultimately on the continued goodwill of the vast majority of Leicestershire's farmers and landowners a prize which has always been retained Clayton does not shrink from the essential conservation issues which he believes justify hunting and he deals with the most recent accusations against the sport's conduct in Leicestershire *Foxhunting in Paradise* throws new light on a peculiarly British phenomenon in an area of understated beauty in the heart of England described by the great hunting correspondent Nimrod thus In the absence of all perfection it is as a hunting country as nearly approaching to it as nature and art can make it and its fame may be said to have reached the remotest corners of the civilised world Death Be Not Proud C F Dunn, 2013-04-19
