Rwanda Work Of God Work Of Evil:

Working with Words Stanley Hauerwas, 2011-02-16 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life's complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary This new collection of essays lectures and sermons by Stanley Hauerwas is focused on the central challenge risk and difficulty of this necessity working with words about God The task of theology is to help us do things with words God is not a word peculiar to theology but if God is a word to be properly used by Christians the word must be disciplined by Christian practice It should therefore not be surprising that like any word we must learn how to say God

Rwanda Means the Universe Louise Mushikiwabo, Jack Kramer, 2007-04-01 Mushikiwabo is a Rwandan working as a translator in Washington when she learns that most of her family back home has been killed in a conspiracy meticulously planned by the state First comes shock then aftershock three months of it during which her worst fears are confirmed The same state apparatus has duped millions of Rwandans into butchering nearly a million of their neighbors Years earlier her brother Lando wrote her a letter she never got until now Urged on by it she rummages into their farm childhood and into family corners alternately dark loving and humorous She searches for stray mementos of the lost then for their roots What she finds is that and more hints roots of the 1994 crime that killed her family Her narrative takes the reader on a journey from the days the world and Rwanda discovered each other back to colonial period when pseudoscientific ideas about race put the nation on a highway bound for the 1994 genocide Seven years of full time collaboration by two writers and the faith of family and friends went into this emotionally charged work Rwanda Means the Universe is at once a celebration of the lives of the lost and homage to their past but it is no comfortable tribute It is an expression of dogged hope in the face of modern evil

The Global Impact of Religious Violence Andre Gagne, Spyridon Loumakis, Calogero A. Miceli, 2016-10-25 Acts of terror are everywhere Not one day goes by without hearing about the latest suicide bomb in Baghdad knife stabbing in Germany or shooting spree in France or in the United States A Christian extremist preacher claims that homosexuals deserve to die because he considers their lifestyle to be sinful groups like ISIS perpetrate genocide against religious minorities and call for global jihad against infidels Buddhist monks in Myanmar persecute the Rohingya for fear that the Muslim minority destroy their country and religion All these actions seem to be somehow religiously motivated where the actors claim to act in accordance with their beliefs In the midst of this spiral of violence seen across traditions and geographical locations there is a pressing need to understand why people act as such in the name of their faith The Global Impact of Religious Violence examines why individuals and groups sometimes commit irremediable

atrocities and offers some solutions on how to counter religiously inspired violence *Sharing the Pain of the Bitter Hearts* Simone Lindorfer,2007 This book reflects the fruitful dialogue between two regional contexts including the encounter of different methodologies namely the context of Latin American liberation psychology as inspired by liberation theology and specifically developed in El Salvador by the Jesuit Ignacio Martin Baro and the context of Eastern African women The book evaluates in four case studies the contribution of liberation psychology in overcoming various forms of gender related violence in Eastern Africa where the author has worked since 1998 as consultant in trauma work The book encourages the critical reflection of current trauma psychology as well as the conceptualisation of a globally oriented practical theology
