Carolina Avila, 1997 Guide to Central American foods and related recipes **At Home in Costa Rica** Martin P. Rice, 2004-09-20 In October 2000 the author and his wife moved from California to Costa Rica to begin a new life in a new country Martin had a theory that retiring to a foreign country would present so many challenges as to make it impossible to fall into a rut to become bored and eventually depressed as happens to so many retirees It appears as though his theory was a correct one **At Home in Costa Rica** An Adventure in Living the Good Life is the story of how Martin and Robin gradually adapted to their new country and tells a fascinating tale of the trials and tribulations of learning a new way of life and a new language of making unusual friends of building homes of rehabilitating animals of surviving the machinations of alien institutions bureaucracies of adjusting their first world pace and needs to those of an emerging country and much more Told in an anecdotal style based on letters they've been sending home for three and a half years **At Home in Costa Rica** is filled with funny and touching stories about re learning how to live in one of the most beautiful peaceful and stable Democracies in the world The book is ideal for anyone who has either gone through this wonderful and at times trying process for anyone who is contemplating living the expatriate's life or for anyone who enjoys reading about life in other countries **Costa Rica's Caribbean Coast** Bruce Conord, June Conord, 2009 Peppered throughout the text are quotes from literature music and popular sayings from everyone from Gilbert and Sullivan to Martin Luther King and The Beach Boys All fit the text and you'll be excused from breaking away from the travel information and thumbing through to see who the Conords will quote next The book recommends locking your passport in your hotel safe and when you go out carrying a photocopy that you've made before you leave home That advice generates much debate in travel circles a question of balancing authorities insistence on seeing the original document with the risk of losing it In any case a copy made before departure without that all important entry stamp into the country would never suffice But these matters are small and forgivable in a guide packed with such solid information
