Jerry Moore is deft with words phrasing and building arguments shifting effortlessly between antiquity and today while keeping the themes of home and prehistory clear Alongside the rigorous archaeological and scientific research Moore's wit and personality shine throughout Wendy Ashmore coauthor of *Household and Community in the Mesoamerican Past* *The Beauty of the Lord* Jonathan King, 2018-05-30 Why is God's beauty often absent from our theology Rarely do theologians take up the theme of God's beauty even more rarely do they consider how God's beauty should shape the task of theology itself But the psalmist says that the heart of the believer's desire is to behold the beauty of the Lord In *The Beauty of the Lord* Jonathan King restores aesthetics as not merely a valid lens for theological reflection but an essential one Jesus our incarnate Redeemer displays the Triune God's beauty in his actions and person from creation to final consummation How can and should theology better reflect this unveiled beauty *The Beauty of the Lord* is a renewal of a truly aesthetic theology and a properly theological aesthetics **Founding Territorial Cults in Early Japan** G. Domenig, 2023-12-11 The first book that

deals with the territorial cults of early Japan by focusing on how such cults were founded in ownerless regions Numerous ancient Japanese myths and legends are discussed to show that the typical founding ritual was a two phase ritual that turned the territory into a horizontal microcosm complete with its own terrestrial heaven inhabited by local deities Reversing Mircea Eliade's popular thesis the author concludes that the concept of the human made horizontal microcosm is not a reflection but the source of the religious concept of the macrocosm with gods dwelling high up in the sky The open access publication of this book has been published with the support of the Swiss National Science Foundation **The Ancient Greek Hero in 24 Hours** Gregory Nagy, 2020-01-10 The ancient Greeks concept of the hero was very different from what we understand by the term today In 24 installments based on the Harvard course Nagy has taught and refined since the 1970s *The Ancient Greek Hero in 24 Hours* explores civilization's roots in Classical literature a lineage that continues to challenge and inspire us

existence of a church is a gift of God's presence and not the result of any particular actions taken by human beings. For that reason, church is primarily about being something rather than doing or achieving something. So the growth of the church is not reflected in ever-increasing numbers, dollars, and activities but rather in steadily growing conformity to the divine ideal. So in order to evaluate ecclesial growth, we will first have to ask what the church is supposed to be. One answer to that question is captured in the four marks of the church given in the creed: Oneness, Holiness, Catholicity, and Apostolicity. These four characteristics serve as a matrix or framework within which we can focus on the primary aspects of ecclesial being and help it grow and become what it was intended to be.
