Contemplating Country Garry Worete Deverell, 2023-10-05 *Contemplating Country* picks up where Gondwana Theology 2018 left off It extends and deepens the ways in which Aboriginal spirituality and Christian theology may talk to each other Employing the image of conversation around a campfire *Contemplating Country* invites the reader to consider the ways in which Christian theology community and practice may be transformed through a deep and profound encounter with Aboriginal ways of seeing knowing and doing Such transformation is necessary according to this author if Christianity is ever to leave behind its Eurocentric habits and truly arrive in the sovereign and unceded country of Aboriginal and Torres Strait Islander nations

The Historians' History of the World Vol.1 (of 25)
(Illustrations) Henry Smith Williams, A complete world history should properly speaking begin with the creation of the world as man s habitat and should trace every step of human progress from the time when man first appeared on the globe Unfortunately the knowledge of to day does not permit us to follow this theoretical obligation We now know that the gaps in the history of human evolution as accessible to us to day vastly exceed the recorded chapters that in short the period with which history proper has at present to content itself is a mere moment in comparison with the vast reaches of time which in recognition of our ignorance we term prehistoric But this recognition of limitations of our knowledge is a quite recent growth no older indeed than a half century Prior to 1859 the people of Christendom rested secure in the supposition that the chronology of man s history was fully known from the very year of his creation One has but to turn to the first chapter of Genesis to find in the margin the date 4004 B C recorded with all confidence as the year of man s first appearance on the globe One finds there too a brief but comprehensive account of the manner of his appearance as well as of the creation of the earth itself his abiding place Until about half a century ago as has just been said the peoples of our portion of the globe rested secure in the supposition that this record and this date were a part of our definite knowledge of man s history

Therefore one finds the writers of general histories of the earlier days of the nineteenth century beginning their accounts with the creation of man B C 4004 and coming on down to date with a full and seemingly secure chronology Our knowledge of the world and of man s history has come on by leaps and bounds since then with the curious result that to day no one thinks of making any reference to the exact date of the beginnings of human history unless indeed it be to remark that it probably reaches back some hundreds of thousands of years The historian can speak of dates anterior to 4004 B C to be sure The Egyptologist is disposed to date the building of the Pyramids a full thousand years earlier than that And the Assyriologist is learning to speak of the state of civilisation in Chaldea some 6000 or 7000 years B C with a certain measure of confidence But he no longer thinks of these dates as standing anywhere near the beginning of history He knows that man in that age in the centres of progress had attained a high stage of civilisation and he feels sure that there were some thousands of centuries of earlier time during which man was slowly climbing through savagery and barbarism of which we have only the most fragmentary record He does not pretend to know anything except by inference of the dawns of civilisation Whichever way he turns in the centres of progress such as China Egypt Chaldea India he finds the earliest accessible records covering at best a period of only eight or ten thousand years giving evidence of a civilisation already far advanced Of the exact origin of any one of the civilisations with which he deals he knows absolutely nothing The Creation of Man with its fixed chronology is a chapter that has vanished from our modern histories To be continue in this ebook **Handbook of Georgian Literature**

Literature ,2025-10-09 This Handbook of Georgian Literature is a philological study carried out by contemporary Georgian literary critics This book traces the pivotal stages in the development of Georgian literature showcasing not only its unique trajectory but also its deep connections to global literary currents This study delves into the rich history of Georgian writing tracing its evolution from the early Middle Ages to contemporary literary movements Rejecting outdated Soviet methodologies that long skewed the perception of Georgian literature the book reaffirms the deep rooted connection between Georgian and European literary traditions Alongside a sweeping overview it offers detailed analyses of key periods authors and texts shedding new light on the intellectual heritage of Georgian literature While many women writers and poets played a significant role in shaping Georgian literature their work has long been underappreciated in historical narratives This book corrects that omission giving these voices the recognition and space they deserve *Comanche Dawn* Mike Blakely,1999-05-15 In *Comanche Dawn* Mike Blakely does for the Comanche nation what Ruth Bebe Hills did for the Sioux in *Hanta Yo* This landmark novel is the first time the story has been told from the point of view of the Comanches themselves We witness the rise of one of the most powerful mounted nations in history through the eyes of a young warrior named Horseback Born on the very day that the first horse comes to his people Horseback matures into a leader of unquestionable courage and vision He assumes powerful medicine granted to him by spirits encountered on a grueling vision quest and he takes Teal the most beautiful young woman of his tribe as his wife and lifelong love Guided by forces more powerful and

dangerous then even he can control or explain Horseback will face death time and time again with only his medicine and Teal to stand beside him Failure will mean destruction not only for himself but for his people Success will mean unimaginable wealth for his new nation Ancient enemies will seek to destroy him Strange newcomers with pale skin and treacherous ways will attempt to enslave him Even his own inner spirit powers threaten always to consume him should he fail to respect them Only the bravest of True Humans dare to follow Horseback on his great adventure down a trail that can lead only to glory or annihilation At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

Discourse and Ideology in Medieval Japanese Buddhism Richard K. Payne,Taigen Dan Leighton,2006-04-18 The medieval period of Japanese religious history is commonly known as one in which there was a radical transformation of the religious culture This book suggests an alternate approach to understanding the dynamics of that transformation One main topic of analysis focuses on what Buddhism its practices and doctrines its traditions and institutions meant for medieval Japanese peoples themselves This is achieved by using the notions of discourse and ideology and juxtaposing various topics on shared linguistic practices and discursive worlds of medieval Japanese Buddhism Collating contributions from outstanding scholars in the field of Buddhist Studies the editors have created an important work that builds on preliminary work on rethinking the importance and meaning of Kamakura Buddhism published recently in English and adds greatly to the debate

Summer Showers In Brindavan 1972 to 2002 Sri Sathya Sai Media Centre, 2022-11-19 Message from Bhagawan Sri Sathya Sai Baba Philosophy is the butter churned out of knowledge But since human aspirations and ideals which change from place to place and time to time decide which aspects of knowledge are included in the churning process it is often incomplete or inadequate or contradictory Generally speaking religious beliefs and practices folkways customs and traditions educational methods art forms etc help the formulation of the underlying philosophy Believing that the world as cognised during the waking state is real and that the highest goal is the attainment of happiness in that world man accumulates the instruments and symbols of that happiness he fashions after his own taste and inclination according to the dictates of his own reason the laws ideals institutions and principles that would bolster that happiness This attempt leads to a philosophy which can be named Western But can the goal of Life be just this to struggle amidst the waves of joy and grief that rise and fall in this visible objective world to be carried along the current of desire gathering food shelter comfort and pleasure and finally to flounder into the jaws of death Consider what is happening now in the name of progress art is degraded into immoral and sensuous entertainment educational advance results not in advance of humility and reverence but in rampant indiscipline arrogance and irreverence The emphasis long placed on the development of character and the promotion of virtue through education has now been dropped In their place are enthroned as ideals worldly success self aggrandisement and high living Laws rules and regulations are multiplying fast but there is no sign of unrighteousness and injustice being diminished Greed is growing beyond control the advance of science is marked not by a proportionate advance in peace and happiness but by a phenomenal increase in terror unrest and anxiety With his thousand faced curiosity man is analysing and utilising the outer world but the inner world which is basic is ignored and forgotten Human life is a composite of the secular and the spiritual

But now the flesh is coddled while the spirit is consigned into oblivion As a result neither the individual nor society nor the nation can hope to have peace and security The framework of Creation is an amalgam of right and wrong joy and grief cold and warmth so it is against Nature to expect only right or only joy only wrong or only grief It is not possible to uproot right wholly from the world nor is it possible to uproot wrong wholly free from grief in any form The burden of wrong and the agony of grief can be reduced however in proportion to the loyalty that man offers to sublime ideals and his efforts to put them into practice So long as man lives on the level of the beasts concentrating all his talents on the task of securing food shelter and other physical and material needs the unrest now rooted in his heart cannot be got rid of Therefore the path of Dharma or Righteousness which ensures inner purification and harmony should not be given up What is Dharma It is the way of higher life directed by the ideals one holds dear by the level of attainment one has reached by the status of the individual in society and the individual's own awareness of himself and his status Mere awareness of I am a human being will not guide him into the path of Dharma those who are aware only of this will be guided only into the path of feeding sleeping and the avoidance of fear from danger Awareness of I am a human being is only half the truth I am not a beast is the other half Always remind yourself of what you are as well as what you are not when this is done when activities are in accordance with that awareness man will be manifesting the full significance of the name he is known by When man has resolved to understand his reality by the method of enquiry he must avoid the error of condemning the points of view held dear by others It is not right to deny their validity He has to give value to all aspects consider all views for there is no clear cut distinction between mine and thine this and that other Truth is Knowledge Knowledge is Limitless Truth has to be discovered by analysing the complex mass of facts and things Indian Culture is the product of the experience of generations in the field of this Truth of Knowledge that is limitless that is seen through the vision of the Wise When students have the chance once to look upon this Culture to contact its living embodiments and expressions and to hold converse with its manifold manifestations all doubts regarding it will vanish from their minds It is a fact that persons who are too lazy to learn who have not grasped the validity of Vedanta or the relative reality of the world feel that Indian culture is at best a ruse to while away one's time We are not concerned with such persons They have such ideas because they do not know that Vedanta is their own history Animals are not conscious that they are alive they live without being aware of life If man too leads life in this manner verily he is no better than a mere animal Your forefathers were being fed from infancy on breast milk reinforced by the mixture of sublime ideals and principles of righteousness As a result they stuck to the path of righteousness steadily in a commendable form They strove to help each other cooperated in all efforts to promote the welfare of others and sympathised when others suffered or incurred loss or injury They did not allow feelings of hatred revenge or violence to tarnish their minds They recognised that their chief duty was to devote themselves to activities conducive to the general good Today those who pride themselves on the enormous advance achieved by man and prance about prattling the stories of their paltry

victories are only demonstrating by their behaviour that they are totally ignorant of the high principles followed in life by their forefathers What is the reason for the disappearance from the present generation of the sublime virtues of those days of sympathy and mutual aid of the peace and happiness that prevailed then No enquiry is probing into this problem Can a King declaring himself the master of a state fulfil all the wishes of his subjects Why he finds himself incompetent to fulfil even all his own wishes If he decides to pursue his fancies on the plea that he is the lord and master his subjects draw him down from the throne How does this happen However high a person's authority he has to bow his head to some laws and limits that are laid down to ensure proper exercise of that power They might have been laid down by the king himself but once accepted and announced he is bound to them as strongly as any one else If he acts in contravention of the covenant the subjects too would break away from the laws and limits that regulate their activities and behaviours and anarchy would result For the saying goes As the ruler so the ruled Therefore the law maker should obey the law he who lays down the limit should himself respect it This is the precious lesson the shining lamp of wisdom that the Ramayana is holding forth for the benefit of man This is the excellence of the culture and history of India Students have to be instructed on these monuments of Indian Culture and informed of the ideals which they embody Their intellects thus charged and cleansed have to be offered to the nations of the world as ideals to be emulated They themselves will be saved thereby they will serve as guides and leaders to others Intending to place before them the Truth to remove from their minds the ruinous beliefs that have sprouted there as a result of the craze for novelty in recent times and to uproot the specious arguments and fantastic doubts that are clinging to their reasoning faculty and resolving to imprint on the pure steadfast and conceit less hearts of the young the peace and joy that their forefathers were able to live in we have arranged to invite elders of invaluable experience in these fields and instruct youth on moral ethical spiritual physical and secular truths When such a sacred Yajna is held every year present day youth can easily understand and appreciate not only the Culture of India but also the Wisdom garnered by people of other lands Thus they will be rid of all feelings of separation and difference they will be equipped and made ready to demonstrate in their lives the Truth that has been revealed to them This Summer Course on Indian Culture and Spirituality has been planned and arranged with this belief and in this faith May this attempt achieve Victory May all beings derive therefrom Peace Happiness Prosperity and Security Baba This Volume is compiled and offered at Bhagawan Sri Sathya Sai Baba's Lotus Feet on His 97th Birthday as a reminder to all Spiritual Aspirants of Baba's Love Message Sai Ram Director Sri Sathya Sai Media Centre Prasanthi Nilayam 515 134 Puttaparthi Sri Sathya Sai District Andhra Pradesh India www.sssmediacentre.org

Environmental Justice as Decolonization Julia Miller Cantzler, 2020-09-17 This book corrects the tendency in scholarly work to leave Indigenous peoples on the margins of discussions of environmental inequality by situating them as central activists in struggles to achieve environmental justice Drawing from archival and interview data it examines and compares the historical and contemporary processes through which Indigenous fishing rights have been negotiated in the

United States Australia and New Zealand where three unique patterns have emerged and persist It thus reveals the agential dynamics and the structural constraints that have resulted in varying degrees of success for Indigenous communities who are struggling to define the terms of their rights to access traditionally harvested fisheries while also gaining economic stability through commercial fishing enterprises Presenting rich narratives of conquest and resistance domination and resilience and marginalization and revitalization the author uncovers the fundamentally cultural political and ecological dynamics of colonization and explores the key mechanisms through which Indigenous assertions of rights to natural resources can systematically transform enduring political and cultural vestiges of colonization A study of environmental justice as a fundamental ingredient in broader processes of decolonization Environmental Justice as Decolonization will appeal to scholars of sociology anthropology environmental studies law and Indigenous studies I Say Unto You - Vol. II

Osho,2022-06-22 What if Jesus were not a supernatural being conceived by a virgin but a real human being who had experienced the awakening of consciousness known as enlightenment in the East This extraordinary line by line commentary on some of the best known Gospels from the New Testament tests the hypothesis that Jesus was a mystic not a miracle worker And convincingly makes the case that the stories of his life were never meant to be a factual record of history but rather are teaching parables designed to provide ongoing spiritual guidance for generations to come I will speak on Christ but not on Christianity Christianity has nothing to do with Christ In fact Christianity is anti Christ just as Buddhism is anti Buddha and Jainism anti Mahavir Christ has something in him which cannot be organized The very nature of it is rebellion and a rebellion cannot be organized The moment you organize it you kill it Then the dead corpse remains You can worship it but you cannot be transformed by it You can carry the load for centuries and centuries but it will only burden you it will not liberate you That s why from the beginning let it be absolutely clear I am all for Christ but not even a small part of me is for Christianity If you want Christ you have to go beyond Christianity If you cling too much to Christianity you will not be able to understand Christ Christ is beyond all churches
