Sacred Fragments:

Sacred Fragments Neil Gillman, 1990 The modern Jew living in a world of shattered beliefs and competing ideologies is often confronted with questions of faith *Sacred Fragments* is for those who still care enough to continue the struggle In forthright nontechnical language the author addresses the most difficult theological questions of our time and shows that there are still viable Jewish answers for even the greatest skeptics *Respectful Atheism* Thomas B. Sheridan, 2021-03-23 This is a study of God as a concept not from the perspective of any religious tradition but rather as belief in an all powerful all knowing and loving supernatural entity as has prevailed through the ages The book reviews arguments throughout history for and against the idea of such a God One unique perspective is to ask what can be modeled about God in denotative language of rationality much as modeling in science medicine and economics in contrast to connotative language e g myth metaphor art and music Since the early Greeks there have been skeptics concerning God with progressively more questioning since the Enlightenment Today s new atheists are seen as being even more assertive and as having little respect for religious and philosophical traditions and the natural longing for some kind of supreme being However as demographic trends continue to diminish the influence of the church there is opportunity for atheism to gain respect by respecting the beliefs of others The book ends with some considerations of what it means to respect others beliefs and cultural traditions without abandoning a sincere disbelief in a supernatural being **Approaching the World's Religions, Volume 1** Robert Boyd, 2017-05-04 Philosophically Thinking about World Religions is different from other works in the discipline today It deviates from the typical approaches used for the study of world religions Its goal is to engage readers in thinking hard about world religions not about the data surrounding those traditions By focusing on philosophical questions each reader should be challenged to do their own investigations that may reveal the heart of these traditions Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions Pluralism which is the predominate assumption today ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory By taking an open inclusivist approach all religious traditions may engage at the table of dialogue The final essay is about justice and social affairs While that discussion is couched within the context of a particular tradition each religious tradition must have the discussion But it must be more than an intrareligious dialogue it must become an interreligious dialogue *Kitawa Literary Fragments* Giancarlo M. G. Scoditti, 2025-03-31 The Nowau oral texts collected in this volume were recorded by Scoditti during the several years of fieldwork on Kitawa Island Papua New Guinea devoted mainly to understanding the mental mechanisms followed by the image creators that are the makers of the kula ceremonial canoes the poets the magicians the female and male singers who perform a poetic text orally written by a poet to an oral score composed by a musician With these early works Scoditti identifies within Kitawa culture a clear distinction

between the author and the performer interpreter of a given oral text be it a verbal and a non verbal one a distinction that has called into question the hypothesis that in a culture that does not know or use any form of phonetic writing a text is composed at the time of its performance so that composition and performance would coincide A first result of his interpretation is Kitawa A linguistic and aesthetic analysis of visual art in Melanesia 1990 De Gruyter Mouton then by Kitawa oral poetry An example from Melanesia 1996 ANU Press Notes on the cognitive texture of an oral mind Kitawa a Melanesian culture 2012 Sean Kingston Publishing and now Kitawa Literary Fragments How Storytelling Shapes Spacetime in a Melanesian Matrilineal Culture

The Eclipse of Humanity Lawrence Perlman, 2016-01-29 It has been widely assumed that Heschel's writings are poetic inspirations devoid of philosophical analysis and unresponsive to the evil of the Holocaust Who Is Man 1965 contains a detailed phenomenological analysis of man and being which is directed at the main work of Martin Heidegger found primarily in Being and Time 1927 and Letter on Humanism 1946 When the analysis of Who Is Man is unpacked in the light of these associations it is clear that Heschel rejected poetry and metaphor as a means of theological elucidation that he offered a profound examination of the Holocaust and that the major thrust of his thinking eschews Heideggerian deconstruction and the postmodernism that ensued in its phenomenological wake Who Is Man contains direct and indirect criticisms of Heidegger's notions of Dasein thrownness facticity and submission to name a few essential Heideggerian concepts In using his ontological connective method in opposition to Heidegger's ontological difference Heschel makes the argument that the biblical notion of Adam as a being open to transcendence stands in opposition to the philosophical tradition from Parmenides to Heidegger and is the only basis for a redemptive view of humanity

Morals and Money What the World's Religions Tell Us about Ethics in the Marketplace *Cultures of the Fragment* Heather Bamford, 2018-06-26 The majority of medieval and sixteenth century Iberian manuscripts whether in Latin Hebrew Arabic Spanish or Aljamiado Spanish written in Arabic script contain fragments or are fragments The term fragment is used to describe not only isolated bits of manuscript material with a damaged appearance but also any piece of a larger text that was intended to be a fragment Investigating the vital role these fragments played in medieval and early modern Iberian manuscript culture Heather Bamford's *Cultures of the Fragment* is focused on fragments from five major Iberian literary traditions including Hispano Arabic and Hispano Hebrew poetry Latin and Castilian epics chivalric romances and the literature of early modern crypto Muslims The author argues that while some manuscript fragments came about by accident many were actually created on purpose and used in a number of ways from binding materials to anthology excerpts and some fragments were even incorporated into sacred objects as messages of good luck Examining four main motifs of fragmentation including intention physical appearance metonymy and performance this work reveals the centrality of the fragment to manuscript studies highlighting the significance of the fragment to Iberia's multicultural and multilingual manuscript culture

The Certainty of Uncertainty Mark Schaefer, 2018-08-23 The world is full of people who are very certain in politics in religion in all manner of things In addition political religious and social organizations are marketing certainty as a cure all to all life's problems But is such certainty possible Or even good *The Certainty of Uncertainty* explores the question of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need The book takes an in depth view of religion language our senses our science and our world to explore the inescapable uncertainties they reveal We find that the certainty we crave does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it's beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In *The Certainty of Uncertainty* we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world **Pondering the**

Imponderable Martin Sicker, 2010-03-25 *Pondering the Imponderable* explores the philosophical and theological problems of God and their implications from a Judaic perspective including the attempts at knowing the unknowable and naming the unnamable that have been articulated over the course of some two millennia as well as how the chasm between man and God is bridged through revelation and the implications of these ideas for the ultimate question of what takes place after death resurrection immortality of the soul or transmigration or reincarnation In discussing these issues the non specialized reader will be introduced to the vast corpus of rabbinic literature written over a period of some two millennia to the present day and to many works that have never been translated into English *Believing and Its Tensions* Rabbi Neil Gillman, PhD, 2013-07-13 An intimate and candid examination of the changing nature of belief and where it can lead us from the life

experience of one of Judaism's leading thinkers For over five decades Rabbi Neil Gillman has helped people think through the most challenging questions at the heart of being a believing religious person In this intimate rethinking of his own theological journey he explores the changing nature of belief and the complexities of reconciling the intellectual emotional and moral questions of his own searching mind and soul If what we have in recognizing speaking of and experiencing God is a wide ranging treasury of humanly crafted metaphors what then is the ultimate reality the ultimate nature of God What lies beyond the metaphors If humanity was an active partner in revelation if the human community participated in what was revealed and gave it meaning what then should be the authority of Jewish law How do we cope intellectually emotionally and morally with suffering the greatest challenge to our faith commitment relationship with God and sense of a fundamentally ordered world Death is inevitable but why is it built in as part of the total life experience John Ruskin, the Pre-Raphaelites, and Religious Imagination Sheona Beaumont, Madeleine Emerald Thiele, 2023-06-26 This volume presents a collection of essays by leading experts which examine nineteenth century ideas about Christian theology art architecture restoration and curatorial practice The volume unveils the importance of John Ruskin's writing for today's audience and allies it with the dynamism of the Pre Raphaelite religious imagination Ruskin's drawings and daguerreotypes as well as Pre Raphaelite paintings stained glass and engravings are shown to be alive with visual theology artists such as Dante Gabriel Rossetti John Everett Millais Edward Burne Jones and Evelyn de Morgan illuminate aspects of faith and aesthetics The interdisciplinary nature of this volume encourages reflection upon praise truth and beauty The aesthetic conversations between Ruskin and the Pre Raphaelites themselves become a form of *sacra conversazione* *Within the Four Seas--* Ulrich Libbrecht, 2007 Our world has evolved in such a way that we can no longer reduce it to just a market it has also become an agora where philosophers exchange world views in order to understand one another Europe has lost its position at the centre of the world and should stop pretending it holds the one true religion philosophy economy and science Instead we should turn our attention to fulfilling the dream of Erasmus reflected in his statement I wish to be a citizen of the world First and foremost we should learn to play fair when comparing different cultures and not rely on exclusively western criteria This book explains how a comparative model based on the paradigm free axes of energy and information accommodates the current world views of Taoism Buddhism and Rationalism representing Chinese Indian and Western heritages respectively and shows how science and religion interrelate within such a global framework **American Jewish Year Book 2018** Arnold Dashefsky, Ira M. Sheskin, 2019-03-14 The American Jewish Year Book now in its 118th year is the annual record of the North American Jewish communities and provides insight into their major trends The first two chapters of Part I include a special forum on Contemporary American Jewry Grounds for Optimism or Pessimism with assessments from more than 20 experts in the field The third chapter examines antisemitism in Contemporary America Chapters on The Domestic Arena and The International Arena analyze the year's events as they affect American Jewish communal and political affairs Three chapters analyze the demography and

geography of the US Canada and world Jewish populations Part II provides lists of Jewish institutions including federations community centers social service agencies national organizations synagogues Hillels day schools camps museums and Israeli consulates The final chapters present national and local Jewish periodicals and broadcast media academic resources including Jewish Studies programs books journals articles websites and research libraries and lists of major events in the past year Jewish honorees and obituaries Today as it has for over a century the American Jewish Year Book remains the single most useful source of information and analysis on Jewish demography social and political trends culture and religion For anyone interested in Jewish life it is simply indispensable David Harris CEO American Jewish Committee AJC Edward and Sandra Meyer Office of the CEO The American Jewish Year Book stands as an unparalleled resource for scholars policy makers Jewish community professionals and thought leaders This authoritative and comprehensive compendium of facts and figures trends and key issues observations and essays is the essential guide to contemporary American Jewish life in all its dynamic multi dimensionality Christine Hayes President Association for Jewish Studies AJS and Robert F and Patricia R Weis Professor of Religious Studies in Classical Judaica at Yale University [A History of German Jewish Bible Translation](#) Abigail Gillman, 2018-04-27 Between 1780 and 1937 Jews in Germany produced numerous new translations of the Hebrew Bible into German Intended for Jews who were trilingual reading Yiddish Hebrew and German they were meant less for religious use than to promote educational and cultural goals Not only did translations give Jews vernacular access to their scripture without Christian intervention but they also helped showcase the Hebrew Bible as a work of literature and the foundational text of modern Jewish identity This book is the first in English to offer a close analysis of German Jewish translations as part of a larger cultural project Looking at four distinct waves of translations Abigail Gillman juxtaposes translations within each that sought to achieve similar goals through differing means As she details the history of successive translations we gain new insight into the opportunities and problems the Bible posed for different generations and gain a new perspective on modern German Jewish history *Do We Still Need Inspiration?* Matthieu Richelle, Camilla Recalcati, Martijn Beukenhorst, 2023-11-20 The concept of inspiration is part and parcel of the theological tradition in several religious confessions but it has largely receded to the background if not vanished altogether in the discussions of biblical scholars The question Do we still need inspiration might well reflect the perplexity of many exegetes today Systematic theologians for their part often further their own reflections on the subject independently of developments in the field of exegesis with the risk of remaining purely theoretical Biblical research in the last decades has been marked by new insights about the nature of the biblical texts stemming from the study of their inner plurality insofar as they combine and sometimes intertwine conflicting theologies of their textual fluidity and of their reception Can these new insights be integrated into a theological reflection on the notion of inspiration These questions are often explicitly raised about the Jewish and Christian Scriptures but they also prove increasingly relevant for Qur'anic studies This volume addresses them through contributions from

exegetes of the Bible and of the Qur'an and systematic theologians Doing Jewish Theology Rabbi Neil Gillman, PhD, 2011-02-07 An Intellectually Rich and Challenging Exploration of Modern Jewish Theology How we deal with revelation determines how we handle the issue of authority in belief and practice How we understand authority determines how we deal with the claims of the tradition on us how we deal with those claims determines how we shape our own Judaism That conclusion opens the gate to a reconsideration of all of Judaism's theology in particular how we understand God for God is at the heart of Torah from the Introduction With clarity and passion award winning teacher author and theologian Neil Gillman captures the power of Jewish theological claims and reveals extraordinary insights into Jewish identity the purpose of religion and our relationship with God Drawing from Judaism's sacred texts as well as great thinkers such as Mordecai Kaplan Abraham Joshua Heschel and Paul Tillich Gillman traces his theological journey over four decades of study beginning with his own understanding of revelation He explores the role of symbol and myth in our understanding of the nature of God and covenant He examines the importance of community in both determining authority and sanctifying sacred space By charting the development of his own personal theology Gillman explores the evolution of Jewish thought and its implications for modern Jewish religious identity today and in the future **Jewish Perspectives on Theology and the Human**
