religious thought and practice in the United States The history of religion in America is more than the story of institutions and famous people This anthology presents a more nuanced story composed of the everyday actions and thoughts of lay men and women Shakespeare's Curse Bjoern Quiring,2020-11-25 Conceptualizing the curse as the representation of a foundational mythical violence that is embedded within juridical discourse Shakespeare s Curse pursues a reading of Richard III King John and King Lear in order to analyse the persistence of imprecations in the discourses of modernity Shakespeare wrote during a period that was transformative in the development of juridical thinking However taking up the relationship between theatre theology and law Bjoern Quiring argues that the curse was not eliminated from legal discourses during this modernization of jurisprudence rather it persisted and to this day continues to haunt numerous speech acts Drawing on the work of Derrida Lacan Walter Benjamin and Giorgio Agamben among others Quiring analyses the performativity of the curse and tracks its power through the juristic themes that are pursued within Shakespeare s plays such as sovereignty legitimacy succession obligation exception and natural law Thus this book provides an original and important insight into early modern legal developments as well as a fresh perspective on some of Shakespeare s best known works A fascinating interdisciplinary study this book will interest students and scholars of Law Literature and History *The Living Church* ,1998 *Jesus and the Temple* Simon J. Joseph,2016-01-08 Most Jesus specialists agree that the Temple incident led directly to Jesus arrest but the precise relationship between Jesus and the Temple s administration remains unclear Jesus and the Temple examines this relationship exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple s sacrificial system Simon J Joseph addresses the ambiguous inconsistent and contradictory views on sacrifice and the Temple in the New Testament This volume fills a significant gap in the literature on sacrifice in Jewish Christianity It introduces a new hypothesis positing Jesus enactment of a program of radically nonviolent eschatological restoration an orientation that produced Jesus conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death **Worship with Teenagers** Eric L. Mathis,2022-02-15 This book addresses the vital role of public Christian worship in adolescent spiritual formation and shows how important youth ministry and worship ministry are to each other Despite numerous research projects books articles and resources that have been published about teenagers and about worship in recent years the relationship between the two has been addressed only peripherally if not altogether overlooked Drawing on his extensive experience in worship ministry and youth ministry Eric Mathis offers insights into the worship practices of teenagers corrects common misperceptions about worship and critically examines four prominent worship models in current practice Mathis invites youth pastors worship leaders ministerial students and congregations to elevate the voices of young people in the worshiping community and enhance worship for all ages The book includes a foreword by Kenda Creasy Dean *Soundings in the Religion of Jesus*

Bruce Chilton, Anthony Le Donne, 2012 *Jesus was a Jew and not a Christian* That affirmation may seem obvious but here an international cast of Jewish and Christian scholars spell out its weighty and often complex consequences for contemporary Jewish Christian dialogue *Soundings in the Religion of Jesus* contextualizes Jesus and the writings about him that set the stage for Jewish Christian relations for the next two thousand years Of equal importance this book considers the reception celebration and too often the neglect of Jesus Jewishness in modern contexts and the impact such responses have had for Jewish Christian relations Topics explored include the ethics of scriptural translation the ideological motives of Nazi theologians and other quests for the Historical Jesus and the ways in which New Testament portraits of Jesus both help and hurt authentic Jewish Christian dialogue

[Essays on the Real Church](#) Dirk J. Smit, 2024-08-15 The spirit of the Reformation is often expressed in the well known slogan that Reformed churches are always being reformed according to God's Word *ecclesia reformata semper reformanda secundum verbum Dei* Over the last century the spirit of this slogan motivated someone like Dietrich Bonhoeffer to argue that the visible form and life of the church should reflect the truth and message of the church Already in his doctoral dissertation called *Sanctorum Communio* the communion of the saints the young Bonhoeffer combined theological claims and traditions with social theory and analysis in this spirit in an innovative way to study the nature and integrity and witness of the church At the time this was a radical claim with major consequences and challenges for Protestant churches Their life which meant their order structure actions statements convictions public presence and role was to be measured by their gospel which meant their message proclamation convictions claims They could no longer proclaim one truth yet live a different life It was this spirit which led to the well known Theological Declaration of Barmen in 1934 and to the formation of the Confessing Church in Nazi Germany Many called this a moment of truth a status confessionis It was this same spirit which later inspired the struggle in South Africa for the integrity and faithfulness of the church and for the credibility of its message proclamation and witness The contributions in this volume 52 papers essays sermons studies were all produced in this spirit Most of them have not been published before They were all occasional pieces written over several decades in different contexts and for different purposes and audiences yet they all breathe this self critical spirit of the Reformation considering whether the real church the concrete every day actual living church that people know and experience and perhaps belong to truly strives to embody the gospel itself the message which it claims and proclaims They all inquire under different circumstances and in diverse ways about different social forms of the real church from worship to congregation from denomination to ecumenical church from individual believers to movements and organisations whether and how they embody the truth of the church or not Together these contributions tell a story the story of this spirit in South African circles over several decades but also in the ecumenical church in our globalizing world They offer one small glimpse into different concrete moments in the story of this spirit in the life of this tradition and community of faith Hopefully some of these accounts may resonate with others who also shared the same spirit and still

share it today in new and ongoing ways **Bridging the Gap** Gerald A. Klingbeil, 2007 This volume is intended to introduce university and seminary students and scholars to the neglected field of ritual studies particularly within the larger context of biblical and theological studies At the same time the author hopes to further the discussion by interacting with numerous scholars in the field providing an extensive bibliography of relevant works Klingbeil defines the basic terms used in ritual studies and explains the concepts involved in interpreting biblical ritual He offers a broad history of the study of biblical ritual beginning with the critiques of ritual found in the Old Testament prophetic books and surveying attitudes toward ritual down to modern times Drawing on the fields of anthropology and sociology as well as his decade of work in the field Klingbeil presents a comprehensive reading strategy for biblical ritual texts In addition he explores connections between ritual studies and theological research This ground breaking study promises to generate discussion about biblical ritual and provides an excellent introduction to this growing field of study for students and scholars *Pedro Calderón de la Barca and the World Theatre in Early Modern Europe* Rasmus Vangshardt, 2023-11-20 Rasmus Vangshardt offers an original interpretation of one of the most famous images of literary history the theatrum mundi By applying methods of comparative literature hispanic studies and theology he reconsiders the world theatre's historical peak in early modern Europe in general and the Spanish Golden Age in particular The author presents a new close reading of Pedro Calderón's *El gran teatro del mundo* c 1633-36 and outlines the historical and systematic framework for a theatrum mundi of celebration This concept entails using art to justify human existence in the face of changing conceptions of the cosmos an early modern aesthetic theodicy and a justification of the world in that liminal space between drama and ritual By discussing historiographical theories of early modern Europe especially those of Hans Blumenberg and Bruno Latour and through conversations with Shakespearean drama and Spanish Golden Age classics Vangshardt also argues that the theatrum mundi of celebration questions traditional assumptions of great divides between the Middle Ages and Early Modernity and challenges theories of a European wide early modern sense of crisis **International Review of Biblical Studies** BRILL ACADEMIC PUB, Bernhard Lang, 2007 Formerly known by its subtitle *Internationale Zeitschriftenschau für Bibelwissenschaft und Grenzgebiete* the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered **Playful Religion** A. F. Droogers, 2006 Playful Religion explores the concept of play

as it appears within the rituals and practices of various religions from around the world such as Latin American Pentecostalism and the African religion of Candomblé. Despite the seriousness of the issues religion generally deals with this book demonstrates that the idea of play is an essential part of religious life across cultures and throughout history. Making use of case studies that focus on contemporary religious choices, religious syncretism, and the fate of religion in Western Europe, *Playful Religion* is an in-depth look at the changing and highly imaginative face of global religion. — *A Very Anglican Monk* David Fuller, 2014-05-05 Anglican Benedictine monk Dom Gregory Dix (1901–52) was at the heart of studies of liturgy and worship in the Church of England. He was a prolific author whose magnum opus *The Shape of the Liturgy* (1945) has remained on the publishers' shelves to this day. *A Very Anglican Monk* studies many aspects of Dix's life and works. — **Text, Context and Performance** James A. Kapaló, 2011-09-23 This ethnographic study of Gagauz religion offers an original perspective on folk religion as discourse and object of study. It is also the first monograph published in a Western language on this little-known European people's history and culture. — **The Many Presences of Christ** Timothy Fitzgerald, David A.
