Smelser, 2009-03-05 This bold and innovative book traces the phenomenon of the odyssey experience as it shapes informs and defines our lives Drawing on an astonishing range of examples Neil J Smelser focuses on how such experiences enhance our lives and provide us with meaning and dignity The odyssey experience as Smelser advances it is generic widespread and recurring It is a finite period of disengagement from the routines of life and immersion into a simpler transitory often collective usually intense period of involvement that culminates in some kind of regeneration By examining a variety of topics as part of a larger overarching phenomenon

Smelser transforms their study from the particular to the comparative The Odyssey Experience thus reaches beyond a simple description of where and how transformations occur in daily life to offer a profound explanation for why they are there
