Author's Note From a very early age I've felt like the world was spinning too fast I was always playing catchup and going against my inner natural pace Yoga for me became a way to connect with my intuitive rhythm It has taught me again and again about what it means to simply be with myself and with the world around me After a while I started wondering if I could stay as present in everyday challenges and happenings as I was when I was moving and breathing in my asana practice I'd started on a yoga mat but my practice never felt quite powerful enough to infiltrate all areas of my life Why was it so difficult to say no to things I didn't want to do when I'd been learning about that in my physical practice Why would I not let myself flow in my creative projects as much as my breath during meditation This book is part of my journey of discovering how yoga can truly be a practice of every day every hour every minute It is a collection of my attempts at putting together building blocks of awareness so I always find pockets of connection whether I'm sitting on a loud train cooking a meal or deep into my email inbox I hope you find comfort and ways to cultivate confidence through these pages May the reflections and practice build the freedom and intuition you need to let the wonderful practice of yoga take the shape it needs to serve you and your communities With love and curiosity Ely
