The Sacred Books of Confucius, and Other Confucian Classics Confucius,1965 Inclusion or Exclusion in the Sacred Texts and Human Contexts Muhammad Shafiq,Thomas Donlin-Smith,2024-10-25 This work delves into the fundamental issue of Otherness from both sacred texts and communal experiences While the title adopts the dyad of inclusion or exclusion these analyses broadly reflect nuanced critical considerations Filled with profound psychological theological sociological anthropological and ethical dimensions experiencing the Other is richly expressed within religious traditions This book is a must for scholars interested in a multi disciplinary approach to inclusivity and religion The Sacred Books of China, The Texts of Confucianism ,1879 **Confucian Perfectionism** Joseph Chan,2013-12-22 Since the very beginning Confucianism has been troubled by a serious gap between its political ideals and the reality of societal circumstances Contemporary Confucians must develop a viable method of governance that can retain the spirit of the Confucian ideal while tackling problems arising from nonideal modern situations The best way to meet this challenge Joseph Chan argues is to adopt liberal democratic institutions that are shaped by the Confucian conception of the good rather than the liberal conception of the right Confucian Perfectionism examines and reconstructs both Confucian political thought and liberal democratic institutions blending them to form a new Confucian political philosophy Chan decouples liberal democratic institutions from their popular liberal philosophical foundations in fundamental moral rights such as popular sovereignty political equality and individual sovereignty Instead he grounds them on Confucian principles and redefines their roles and functions thus mixing Confucianism with liberal democratic institutions in a way that strengthens both Then he explores the implications of this new yet traditional political philosophy for fundamental issues in modern politics including authority democracy human rights civil liberties and social justice Confucian Perfectionism critically reconfigures the Confucian political philosophy of the classical period for the contemporary era The Sacred Books of China ,1899 Sacred Texts Interpreted Carl Olson,2017-10-05 Covering the major monotheistic religions Christianity Judaism and Islam as well as selected Eastern religions and Bah Zoroastrianism and Mormonism this cross cultural book offers excerpts of sacred texts and interprets passages to enable a deeper understanding of these religious writings Sacred Texts Interpreted Religious Documents Explained gives readers the opportunity to examine directly the primary sources of different religions and to better understand these texts through expert commentary on selected passages The interpretative material investigates the nature of sacred texts along with the relationship between sacred scripture and canon and it explains why these sacred texts have enduring significance and influence The author provides suggestions on how to read a sacred text before turning to the textual selections from 13 religious traditions arranged alphabetically beginning with the Bah religion and ending with Zoroastrianism Each chapter is devoted to the primary textual sources of a particular religious tradition and is prefaced by an introduction to the literature that places it within its historical and cultural heritage The emphasis for each religion is on

The Sacred Books of China, 1976 *Understanding the Unknown* Laura Thursby, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 The supernatural that which exists beyond the scope of science or the laws of nature has long captivated our attention The supernatural upsets our understandings of the rational and forces upon us a recognition that there exists something more something beyond the veil that we cannot quite grasp A critical reflection of this category raises some very serious questions for interdisciplinary research which are explored throughout this volume How do experiences of the supernatural function temporally and cross culturally How have ideas about the supernatural influenced well known historical figures How has the supernatural been used in fiction as a literary or narrative device What happens to the supernatural in the supposedly rational and disenchanted modern experience How does it shape the beliefs and practices of actual people And why is it important to devote energy to its study if it remains a category forever beyond our realm of comprehension
