*"The Justice Stone"; Or The Last Sacrifice* Christopher Murray Dawson, 1899      *The Indian Chief as Tragic Hero* Gordon M. Sayre, 2006-05-18 The leaders of anticolonial wars of resistance Metacom Pontiac Tecumseh and Cuauhtemoc spread fear across the frontiers of North America Yet once defeated these men became iconic martyrs for postcolonial national identity in Canada the United States and Mexico By the early 1800s a craze arose for Indian tragedy on the U S stage such as John Augustus Stone's *Metamora* and for Indian biographies as national historiography such as the writings of Benjamin Drake Francis Parkman and William Apess With chapters on seven major resistance struggles including the Pueblo Revolt of 1680 and the Natchez Massacre of 1729 *The Indian Chief as Tragic Hero* offers an analysis of not only the tragedies and epics written about these leaders but also their own speeches and strategies as recorded in archival sources and narratives by adversaries including Hernan Cortes Antoine Simon Le Page du Pratz Joseph Doddridge Robert Rogers and William Henry Harrison Sayre concludes that these tragedies and epics about Native resistance laid the foundation for revolutionary culture and historiography in the three modern nations of North America and that at odds with the trope of the complaisant vanishing Indian these leaders presented colonizers with a cathartic reproof of past injustices      **The Stones of Fire and Water** V.M. PsiChosis Timothy Roesch,2003-05-06 Sixteen years ago a war that humans had been slowly losing for more than two thousand years ended in a place called Iowa The victors unknowingly overcame seemingly insurmountable odds at the last possible moments and the losers in this titanic battle fled into the unassailable shadows from whence they had come hiding behind mathematical equations so complex even they were unable to solve all of them Sixteen years later humans struggle to rebuild from the ashes plucking discovery upon discovery from the rubble waiting fearfully in the darkness of space for the return of that which had almost consumed them utterly One day sixteen years later a confluence of events brings humanity both to the brink of a destiny they were completely unaware of being possible and to annihilation One day a term almost without meaning to the seemingly vanquished enemy fate would rise out of the blackness of space out of a dimension where fate was as predictable as a linear equation into another where almost nothing could be reliably predicted even with the most fastidious attention to mathematical detail One day can be as short as a heartbeat or last forever      The Kill Artist Daniel

Folk Gothic Dawn Keetley, 2024-02-01 Folk Gothic begins with the assertion that a significant part of what has been categorised as folk horror is more accurately and usefully labelled as Folk Gothic Through the modifier folk Folk Gothic obviously shares with folk horror its deployment and frequent fabrication of diegetic folklore Folk Gothic does not share however folk horror s incarnate monsters its forward impetus across spatial and ontological boundaries and the shock and repulsion elicited through its bodily violence The author argues that the Folk Gothic as a literary televisual and cinematic formation is defined by particular temporal and spatial structures that serve to forge distinctly nonhuman stories In emphasising these temporal and spatial structures not literal folk and monsters the Folk Gothic tells stories that foreground land and things consequently loosening the grip of anthropocentrism

,1900 An architectural monthly      **Games and Sports** Alois Kayser,2005      The Process of Wellbeing Iza  
Kavedžija,2021-12-16 The Process of Wellbeing develops an anthropological perspective on wellbeing as an intersubjective  
process that can be approached through the prism of three complementary conceptual framings conviviality care and  
creativity Drawing on ethnographic discussions of these themes in a range of cultural contexts around the world it shows  
how anthropological research can help to enlarge and refine understandings of wellbeing through dialogue with different  
perspectives and understandings of what it means to live well with others and the skills required to do so Rather than a state  
or achievement wellbeing comes into view here as an ongoing process that involves human and nonhuman others It does not  
pertain to the individual alone but plays out within the relations of care that constitute people moving and thriving in  
circulation through affective environments      *The Holy Sacrifice of the Mass* Nikolaus Gehr,1908
