Tagore's six month stay in the USA in 1912-1913 Tagore hoped that through these essays western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of today Tagore used some of the translations done by Satish Chandra Ray and Ajit Kumar Chakravarti of passages from his discourses in Bengali given to the students of Santiniketan The Sixth lecture The Realization of Action is translated by Surendranath Tagore from Karmayog **SADHANA RABINDRANATH. Sadhana Rabindranath Tagore,2020-11-20 We have seen that it was the aspiration of ancient India to live and move and have its joy in Brahma the all conscious and all pervading Spirit by extending its field of consciousness over all the world But that it may be urged is an impossible task for man to achieve If this extension of consciousness be an outward process then it is endless it is like attempting to cross the ocean after ladling out its water By beginning to try to realise all one has to end by realising nothing But in reality it is not so absurd as it sounds Man has every day to solve this problem of enlarging his region and adjusting his burdens His burdens are many too numerous for him to carry but he knows that by adopting a system he can lighten the weight of his load Whenever they feel too complicated and unwieldy he knows it is because he has not been able to hit upon the system which would have set everything in place and distributed the weight evenly This search for

system is really a search for unity for synthesis it is our attempt to harmonise the heterogeneous complexity of outward materials by an inner adjustment In the search we gradually become aware that to find out the One is to possess the All that there indeed is our last and highest privilege It is based on the law of that unity which is if we only know it our abiding strength Its living principle is the power that is in truth the truth of that unity which comprehends multiplicity Facts are many but the truth is one The animal intelligence knows facts the human mind has power to apprehend truth The apple falls from the tree the rain descends upon the earth you can go on burdening your memory with such facts and never come to an end But once you get hold of the law of gravitation you can dispense with the necessity of collecting facts ad infinitum You have got at one truth which governs numberless facts This discovery of truth is pure joy to man it is a liberation of his mind For a mere fact is like a blind lane it leads only to itself it has no beyond But a truth opens up a whole horizon it leads us to the infinite That is the reason why when a man like Darwin discovers some simple general truth about Biology it does not stop there but like a lamp shedding its light far beyond the object for which it was lighted it illumines the whole region of human life and thought transcending its original purpose Thus we find that truth while investing all facts is not a mere aggregate of facts it surpasses them on all sides and points to the infinite reality The Sadhana Rabindranath Tagore, 2017-08-21

Rabindranath Tagore was a Bengali poet philosopher visual artist playwright composer and novelist whose work reshaped Bengali literature and music in the late 19th and early 20th centuries He became Asia's first Nobel laureate when he won the 1913 Nobel Prize in Literature Sadhana is a collection of essays most of which he gave before the Harvard University describing Indian beliefs philosophy and culture from different viewpoints often making comparison with Western thought and culture *Sādhana; the realisation of life, by Rabindranath Tagore* Rabindranath Tagore, 1916 The Realisation of Life Sadhana Rabindranath Tagore, 2012-08-09 The Recognition Of Shakuntala Or Poetry And The Drama Translations Of Shakuntala Other Works TRANSLATION BY Arthur KALIDASA ZHINGOORA BOOKS **Sādhana** Rabindranath Tagore, 1926

Sadhana. The Realisation of Life. Nuova Ediz. Rabindranath Tagore, 2023 *Sadhana* Rabindranath Tagore, 2023-06-11 Embark on a spiritual journey with Rabindranath Tagore's Sadhana a collection of profound essays that delve into the understanding of self realization inner growth and spiritual enlightenment As a seminal work by the Nobel laureate Sadhana draws from Tagore's profound understanding of the Vedantic and Upanishadic teachings to offer insights into the essence of human existence Sadhana which translates to spiritual practice encapsulates Tagore's exploration of the journey of spiritual awakening and the individual's relationship with the universe The book intricately weaves themes of love humanity and unity with the cosmos advocating a sense of interconnectedness and oneness that transcends religious boundaries With its thought provoking discussions on concepts like the manifestation of the divine in everyday life and the infinite within the finite Sadhana invites readers to introspect to explore their inner selves and to aspire towards a higher state of consciousness It proposes that true enlightenment and fulfillment come not from material possessions but from

understanding and embracing the infinite expanse of the cosmos within one's own soul Sadhana is more than just a book it is a spiritual guide for those seeking to understand the profound depths of their existence and their purpose in the universe It invites the reader to look beyond the constraints of their physical existence and embark on a path of spiritual enlightenment Perhaps it is well for me to explain that the subject matter of the papers published in this book has not been philosophically treated nor has it been approached from the scholar's point of view The writer has been brought up in a family where texts of the Upanishads are used in daily worship and he has had before him the example of his father who lived his long life in the closest communion with God while not neglecting his duties to the world or allowing his keen interest in all human affairs to suffer any abatement So in these papers it may be hoped western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of today
