What is Shi'i Islam? Mohammad Ali Amir-Moezzi,Christian Jambet,2018-05-08 For the public at large Shi ism often implies a host of confused representations suggesting more often than not obscurantism intolerance political violence and other ignominies running hot or cold in response to world events In fact for many people Shi ism stands for radical Islam or worse Islamic terrorism In some respects nothing is more familiar than Shi ism and yet nothing is more misunderstood For

some twenty years the media have increased their coverage of the phenomenon Never or only rarely do they formulate the question we ask here what is Shi ism What is this belief that inspires millions of people dispersed throughout the world This book provides a broad based introduction to Shi i Islam It examines what the Shi i believe how they see themselves and how they view the world It includes a thorough examination of doctrine philosophy the Shi i approach to the Qur an and the historical evolution of Shi ism as a branch of Islam Too often and too quickly the conclusion is drawn that Shi ism is a marginal heretical sect fundamentally alien to the deeper truth of the great religion of Islam thrust by historical accident onto the political stage Shi ism either speaks the truth of Islam meaning that it is a truth of terror or it is entirely foreign to Islam and therefore merits outright rejection as Islamic fundamentalists and some individuals repeatedly claim This book intends to explain why such common misunderstandings of Shi ism have taken root Written in an accessible format and providing a thorough overview of Shi ism this book will be an essential text for students and scholars of Islamic Studies or Iranian Studies
