L. Ahern, 1886 *Far Eastern Economic Review*, 2001 *The Fat Tail* Ian Bremmer, Preston Keat, 2010-05-13 As Ian Bremmer and Preston Keat reveal in this innovative book volatile political events such as the 2008 Georgia Russia confrontation and their catastrophic effects on business happen much more frequently than investors imagine On the curve that charts both the frequency of these events and the power of their impact the tail of extreme political instability is not reassuringly thin but dangerously fat Featuring a new Foreword that accounts for the cataclysmic effects of the 2008 financial crisis *The Fat Tail* is the first book to both identify the wide range of political risks that global firms face and show investors how to effectively manage them Written by two of the world's leading figures in political risk management it reveals that while the world

remains exceedingly risky for businesses it is by no means incomprehensible Political risk is unpredictable but it is easier to analyze and manage than most people think Applying the lessons of world history Bremmer and Keat survey a vast range of contemporary risky situations from stable markets like the United States or Japan where politically driven regulation can still dramatically effect business to more precarious places like Iran China Russia Turkey Mexico and Nigeria where private property is less secure and energy politics sparks constant volatility The book sheds light on a wide array of political risks risks that stem from great power rivalries terrorist groups government takeover of private property weak leaders and internal strife and even the black swans that defy prediction But more importantly the authors provide a wealth of unique methods tools and concepts to help corporations money managers and policy makers understand political risk showing when and how political risk analysis works and when it does not The Fat Tail delivers practical wisdom on the impact of political risk on firms of every description and valuable advice on how to use it Ian Bremmer and Preston Keat offer innovative thinking and useful insight that will help business decision makers find fresh answers to questions they may not yet know they have Fareed Zakaria best selling author of The Post American World Political risk has become increasingly complex and The Fat Tail provides a truly new way to quantitatively assess it in established and emerging markets It is essential reading for any CEO with multinational interests Randall Stephenson Chairman CEO and President AT T Inc Should be essential reading for anyone involved in international business even perhaps especially in places that seem politically stable Bill Emmott former editor in chief of The Economist

volume is an essential resource for scholars and practitioners alike **East Before South: Travelogue**04 K.K. Pierscieniak,2013-12-13 East Before South is the tale of a very long trip that began innocently enough with a fabulous party in Rio de Janeiro The journey will take you on a ride in rattletrap buses dugout canoes camel trucks army convoys sea ferries and clapped out trains It will take you through places not on any map With hundreds of sometimes irreverent travel anecdotes of the kind you just won't find in any other travel book it's the unvarnished truth It will show you the world the way it really is From Rio the road took me across the heartland of Brazil to Belem at the mouth of the mighty Amazon and upriver into the heart of the jungle Then down the coast for the Carnaval and further down still hugging the beaches toward Argentina and Buenos Aires Tango To the very tip of the continent wind blasted Patagonia Up again a yoyo trip north to Salta and through the unofficial border to Bolivia's wild west Then a transcontinental flight to Europe family and friends in Poland then Quickly across the Baltic Republics to the Russian border where I was arrested and deported before I could properly enter the country Two days later back again toward Moscow again and farther east still always east on the Trans Siberian Express bound for Ulan Bator A weeklong journey across the wasteland of Siberia to Mongolia there are roads there yes like there are tracks on Mars The Mongolians have a saying Two Chinese are worth one Korean Two Koreans are worth one Japanese Two Japanese are worth one Mongolian But that of course is a lie South then toward Beijing and then more south to Shanghai and more south still to Hong Kong stopping in places for reasons that are never specifically clear the road taking me ever farther from the beginning Hot air balloon over Guilin Then Bangkok in a blur after a day of intensive culinary tuition I can now burn Thai food with as much efficiency as I burn everything else Then an island where I've been before Ko Samui which is no longer the same Back to Bangkok To Borneo Back to Bangkok To Manila Then Alaska Then half neglected half lost the ancient city of Leh prophetic words on the roof of the world their truth distilled to its crudest essence Then finally South Korea The Soul of Asia as proclaim the tourist slogan slapped across the fleet of taxis that cruise the wide boulevards of Seoul From Korea from Japan around the Ring of Fire Taipei albeit ever so quickly touch and go really KL for a massage Singapore for the Singapore Sling Then from the coffee plantations and volcanoes of Java to the primary rainforests and spiritual smorgasbord of Sulawesi and Bali surfers paradise Indonesia encompasses over 13 000 islands with 336 ethnic groups and a borderless rainbow babel of different languages cultures and traditions In addition to coffee colored Hindus Christians and Buddhists this is the home of more Muslims than all the Middle East Linking the islands is the lingua franca of Bahasa and an underlying songline of history animist religions are uniting threads that cross oceans adding layers of meaning to the word multicultural Here some Muslims drink beer and arak in addition to java some worship Buddha Vishnu Krishna and Jesus in addition to Allah while others leave offerings to good and evil pagan spirits tourists included In fact clutched in the talons of the mythical Garuda the national airline and state crest is the motto Unity in Diversity I muse about that in an undertaker's shop where he sells coffins and Coca Cola side by side and at the same time it seems There was much

more I hitched rides on logging trucks and dugout canoes traveling often alone crisscrossing language zones and time zones transfixed by an idea of the world a way around it The fourth book of the Travelogues East Before South is a story of that trip

**Retrospective** June Yap, Developed as an exploratory study of artworks by artists of Singapore and Malaysia Retrospective attempts to account for contemporary artworks that engage with history These are artworks that reference past events or narratives of the nation and its art Through the examination of a selection of artworks produced between 1990 and 2012 Retrospective is both an attribution and an analysis of a historiographical aesthetic within contemporary art practice It considers that by their method and in their assembly these artworks perform more than a representation of a historical past Instead they confront history and its production laying bare the nature and designs of the historical project via their aesthetic project Positing an interdisciplinary approach as necessary for understanding the historiographical as aesthetic Retrospective considers not only historical and aesthetic perspectives but also the philosophical by way of ontology in order to broaden its exposition beyond the convention of historical and contextual interpretation of art Yet in associating these artworks with a historiographical aesthetic this exposition may be regarded as a historiographical exercise in itself affirming the significance of these artworks for the history of Singapore and Malaysia In short which history rarely is Retrospective is about the art of historicisation and the historicisation of art *The Cumulative Book Index* ,1913
