text providing an up to date account of leading theories of development The book includes a discussion of classical accounts of development particularly that of Marx but also considers current debates on the issue Theories of imperialism neo imperialism dependency world systems theory and other conceptions are all given full and balanced consideration A feature of the work is the connections drawn between theoretical interpretation and empirical application in this respect the author concentrates particularly upon drawing materials from the Latin American experiences Readable accurate and incisive the book also provides an original standpoint upon problems of development It will be of interest to students and professionals in sociology political sciences and anthropology

The Political Economy of the Brazilian State, 1889-1930 Steven Topik, 1987-07-01 In this first overview of the Brazilian republican state based on extensive primary source material Steven Topik demonstrates that well before the disruption of the export economy in 1929 the Brazilian state was one of the most interventionist in Latin America This study counters the previous general belief that before 1930 Brazil was dominated by an export oligarchy comprised of European and North American capitalists and that only later did the state become prominent in the country's economic development Topik examines the state's performance during the First Republic 1889-1930 in four sectors finance the coffee trade railroads and industry By looking at the controversies in these areas he explains how domestic interclass and international struggles shaped policy and notes the degree to which the state acted relatively independently of civil society Topik's primary concern is the actions of state officials and whether their decisions reflected the demands of the ruling class He shows that conflicting interests of fractions of the ruling class and foreign investors gradually led to far greater state participation than any of the participants originally desired and that the structure of the economy and of society not the intentions of the actors best explains the state's economic presence

Rethinking Development Peter Preston, 2012-07-26 First published in 1987 this volume stresses the importance of development studies for sociology as P W Preston argues that this field of study is emerging from the technical social scientific ghetto back into the mainstream of the classical tradition of social theorizing represented by Marx Weber and Durkheim Preston discusses the position of development studies in relation to the wider group of the social sciences in general and to sociology in particular Using examples mainly from the study of Southeast Asia he looks at the diversity of available modes of social theoretic engagement and considers the work of the colonial administrator scholar the humanist academic scholar and the scholar who theorises on behalf of the planners discusses the mode of political writing and Marxian analyses of development and considers the particular problems surrounding the elites of post colonial nation states
