Miracle In Ethiopia:

The Miracle Child Elizabeth Laird, Aregawi Wolde Gabriel, 1985 Retells the life of a thirteenth century Ethiopian who performed many miracles for his people such as feeding the hungry during a famine and raising the dead to life Illustrated with paintings from an eighteenth century illuminated manuscript

The Miracle Child Elizabeth Laird, 2000 Your Pathway to Miracles Marilyn Hickey, 2011-09-06 Step into amazing adventures of the miraculous with renowned speaker and Bible teacher Marilyn Hickey Your Pathway to Miracles takes you from Marilyn's early experiences of discovering true faith in God to a life of supernatural protection and provision For more than forty years and in 120 countries Marilyn has traced a pathway to miracles that others can follow to experience God's supernatural intervention in their own lives As Marilyn shares miracles that she has personally experienced and witnessed as well as biblical accounts of miracles your own faith will increase and you will Identify keys to receiving miracles Remove mountains that block your miracles See the impossible become possible Experience supernatural breakthroughs Turn problems into miraculous opportunities God desires to work supernatural miracles in and through you See miracles happen in your life

Paying Attention to Foreign Affairs Thomas Knecht, 2015-09-10 Do American presidents consider public opinion when making foreign policy decisions In a democracy it is generally assumed that citizen preferences inform public policy For a variety of reasons however foreign policy has always posed a difficult challenge for democratic governance In Paying Attention to Foreign Affairs Thomas Knecht offers new insights into the relationship between public opinion and U S foreign policy He does so by shifting our focus away from the opinions that Americans hold and toward the issues that grab the public's attention Policy making under the glare of public scrutiny differs from policy making when no one is looking As public interest in foreign policy increases the political stakes also rise A highly attentive public can then force presidents to choose foreign policies that are less politically risky but usually less effective By tracking the ebb and flow of public attention to foreign policy this book offers a method of predicting when presidents are likely to lead follow or simply ignore the American public

Humanitarianism in the Modern World Norbert Götz, Georgina Brewis, Steffen Werther, 2020-07-23 This is an innovative new history of famine relief and humanitarianism The authors apply a moral economy approach to shed new light on the forces and ideas that motivated and shaped humanitarian aid during the Great Irish Famine the famine of 1921-1922 in Soviet Russia and the Ukraine and the 1980s Ethiopian famine They place these episodes within a distinctive periodisation of humanitarianism which emphasises the correlations with politico-economic regimes the time of elitist laissez-faire liberalism in the nineteenth century as one of ad hoc humanitarianism that of Taylorism and mass society from c 1900-1970 as one of organised humanitarianism and the blend of individualised post-material lifestyles and neoliberal public management since 1970 as one of expressive humanitarianism The book as a whole shifts the focus of the history of humanitarianism from the imperatives of crisis management to the pragmatic mechanisms of fundraising relief efforts on the ground and finance This book is also

Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship's 2012 Award of Excellence 2011 Book of the Year Christianbook.com's Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports *A Doctor's Journey* Mary Lake Polan, 2025-07-30 Dr Mary Lake Polan takes us on a compelling journey into Eritrea where she started a surgical clinic to offer life changing care to African women She and her team repair fistulas a condition that results from traumatic births and leads many African women to lives of stigma and shame Dr Polan describes how she and her surgical team offered the care and compassion that forever changed the lives of their African patients in a story that will inspire readers to believe that they too can make a difference New Testament Miracle Stories in Ghanaian

Mother-Tongues Abraham Boateng, 2024-08-06 This book examines the translations of selected miracle stories from the Hebrew Bible Septuagint LXX and the Greek New Testament into selected Ghanaian mother tongues considering possible shifts of meaning that occur in translating 1 Kings 18 25 38 Mark 9 14 29 and Luke 7 11 17 are used as case studies The author draws out semiotic hermeneutical nuances of these texts as they are understood in the Ghanaian context and addresses questions in the field of Biblical studies concerning the relevance of intercultural hermeneutics for current trends in Ghanaian Christianity Particularly important is the high premium placed on miracles in present day Ghanaian spirituality

making a careful analysis of these stories particularly relevant for the Ghanaian audience The study also explores several factors that influence the translation process and have a bearing on the reception and use of the text It follows the growing calls for a shift in African Biblical hermeneutics from the theological heritage of Europe and America to the emerging theological trajectories of Africa This post colonial shift re examines the translated text moving from what the text might have meant to what the text might mean in Africa

A Post State-Centric Analysis of China-Africa Relations Edson Ziso, 2017-11-03. This book offers a new alternative to understanding the relationship between China and Africa. Here the author not only explores the changing nature of Ethiopia's internal politics as a result of Chinese investment and commercial links but also compellingly questions the existing state-centric macro or strategic investigation of China-Africa relations. By thoroughly reviewing and deploying the second image-reversed approach and the relational concept of state power analytical approaches, Ziso challenges the Western-centric Weberian conceptualization of state. This volume presents an eclectic approach to interpret the state transformation in Ethiopia in light of Chinese capital, arguing for a state-in-society framework which does not treat the state as a unitary black box. This analysis challenges the conventional binary staple which is often framed on whether China is the new imperialist power plundering Africa's resources or is Africa's historically all-weather friend. This volume offers an original contribution to knowledge on China's relations with Ethiopia in particular and with Africa in general.

Shared Prosperity in a Fractured World Dani Rodrik, 2025-11-04. New practical approaches to confronting today's most daunting global issues. Fighting climate change, saving democracy, and eradicating poverty are urgent global challenges, yet the world's leaders continue to pursue outdated policies that focus on one while worsening the tradeoffs between each of them. *Shared Prosperity in a Fractured World* shows how the nations of the world can achieve all three objectives. Dani Rodrik provides a bold new vision of globalization, one in which we accelerate the green transition to achieve a sustainable planet, shore up the middle class to restore democracy's foundations, and hasten economic revitalization in the developing world to put an end to poverty. The rising tide of authoritarianism has demonstrated our inability to alleviate economic anxieties. Economic nationalism has raised the specter of increased protectionism and deteriorating prospects for economic growth. And automation and other new technologies have undercut the advantages of low-cost unskilled labor in manufacturing and export-oriented industrialization. Rodrik reveals how we can restore prosperity through new forms of collaborative public-private action to promote renewables and green industries, middle-class jobs, and enhanced productivity in labor-absorbing services even in the absence of global cooperation. He explains why this new kind of globalization must also recognize the legitimate desire of governments to pursue their economic, social, and security interests autonomously. Turning conventional economic wisdom on its head, *Shared Prosperity in a Fractured World* builds on practices that work while radically transforming those that don't, presenting a grounded, clear-eyed approach to tackling the problems that affect us all at home and around the world.

Contemporary Africa Matthew Graham, 2018-10-12. This textbook offers a

counterweight to Western interest across Africa the BRICS are increasingly being viewed as another example of foreign interference and exploitation BRICS and Resistance in Africa explores the varied forms of African resistance being developed in response to the growing influence of the BRICS Its case studies cover such instances as the opposition to China s One Belt One Road initiative in East Africa resistance to the BRICS oil activities in the Niger Delta and the role of the BRICS in Zimbabwe s political transition The contributors expose the contradictions between the group s rhetoric and its real impact as well as the complicity of local elites in serving as proxies for the BRICS nations By challenging and expanding the debates surrounding BRICS involvement in Africa this collection offers new insight into resistance to globalization in the global South

Ethiopia's 'Developmental State' Tom Lavers, 2023-10-05 Ethiopia stands out as a leading example of state led development in Africa Tom Lavers offers in this book a comprehensive multi sector analysis of Ethiopia s development project examining how regimes maintain power during the extended periods required to bring about economic transformation Specifically Lavers explores how the Ethiopian Peoples Revolutionary Democratic Front EPRDF 1991 2019 sought to maintain political order through economic transformation and why the party collapsed leading to the outbreak of civil war in 2020 The book argues that the EPRDF sought to secure mass acquiescence through distribution of land and employment However rapid population growth and the limits of industrial policy in the contemporary global economy led to a distributive crisis that was a central factor in the regime s collapse This Ethiopian experience raises important questions about the prospects for economic transformation elsewhere on the continent This title is also available as Open Access on Cambridge Core at doi.org/9781009428316
