

A hand is shown reaching out from the left side of the frame, touching a chain-link fence. The hand is wearing a light-colored, ribbed sweater. The background is a blurred view of a body of water and a distant shoreline. A white, torn-edge paper graphic is overlaid on the right side of the image, containing the text.

Existential Psychotherapy and the Interpretation of Dreams Clark E. Moustakas, 1996-03-01

Existential Psychotherapy and the Interpretation of Dreams by Clark Moustakas presents a fresh model for the effective integration of dreamwork in humanistically oriented psychotherapy. The existential phenomenological emphasis opens channels of conscious awareness that enable people in therapy and in everyday living to awaken to their own visions, hopes, and dreams. The internal shadows and fires of individual consciousness come to light in therapy and in dreams and invite self-resources and self-directions for change in self-growth and in significant relationships. An Existential Model is presented in detail as a guide to effective psychotherapy. With slight modification the Model is also applicable to an understanding and interpretation of one's own dreams as well as the dreams of people who are in therapy. Through existential awareness and reflective thinking the reader is encouraged to discover constructive challenges and paradoxes that connect dreams with waking life and lead to the discovery of creative possibilities for work and living. The existential approach to psychotherapy and dream interpretation is explicated through examples of phenomenological interviewing, use of description in lifting out horizons and core meanings, and analysis of core themes that intimately embrace the self. Existential philosophy recognizes mystery, encompasses the unknown and unpredictable, and asserts that regardless of past suffering and impoverishment the potentials for health and well-being are within reach. The Existential Model offers a practical methodology and a set of guides for achieving these goals and finding a future that moves beyond the restraints and rejections that have resulted from choosing the wrong path for identity expression and selfhood. The person is the central catalyst for decision and action and retains control over her or his own destiny.

I Want a Love I Can Feel Dr. Joyce Crider-Anderson, 2021-01-13. I Want a Love I Can Feel By Dr. Joyce Crider Anderson. A self-improvement book mixed with spirituality explains true love. What is love? What does love look like? What does love feel like? How do I know if I love someone? How do I know if someone loves me? All of these questions are answered by delivering a different approach to looking at how to love God, love yourself, and love others. This book examines the physical and chemical interactions that take place in the body when associated with love.

Butterfly Tears and Dandelions Colleen Fountain Skinner, 2020-05-14. When I lost my four-year-old granddaughter due to a car accident, my world came to a complete stop. My friends gave me books on grief, but nothing I read helped me, so I decided to write this book. It is raw and tells everything I went through with no filter. I wanted to bring the process of grieving out into the open and not dance around topics that others don't want to discuss, such as anger, severe depression, and thoughts of suicide. Grieving is a series of missteps, misinterpretations, and good intentions gone awry. This book is about not only grieving but also healing, which is sometimes just as difficult. Letting go of guilt and other burdens we sometimes carry can be daunting, but if we try really hard, we can find our way through to the light at the end of the tunnel.
